Dear Mr. King:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Free Press, all submitted in proof of beneficial use under your Permit No. 18498.

Before final action is taken in the matter the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18498.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 11, 1948, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Nampa, Idaho before Elmer F. Schindels, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Dear Mr. King:

We acknowledge receipt of notice of proof of beneficial use under Permit No. 18498 to be made before Elmer F. Schindele on August 11, 1948.

As this did not reach us until August 13, we assume that you mean September 11 which will allow time for the four weeks publication.

The notice has been corrected accordingly and copy sent to the Idaho Free Press with instructions to publish it once a week for four consecutive weeks prior to September 11 and to send you the affidavit of publication together with statement of costs.

About ten days prior to that date we shall send Mr. Schindele the necessary forms of deposition consisting of one for yourself and one for each of two witnesses so that he may have them in ample time for the proof.

At the time set you should appear before the Notary Public together with two disinterested witnesses who are familiar with the terms of your permit and the work done thereunder for the purpose of executing the depositions.

Dear Mr. King

Your letter dated August 1 reached us yesterday containing duplicate notice of proof of beneficial use under your Permit No. 18498.

However the notice is incomplete in that it does not name the Notary Public before whom you wish to make this proof nor the time and place for making same.

The proof may be made at any time convenient to you on or before September 1 and may be made at any place you designate that would be convenient for yourself and the two witnesses required to make the statutory proof.

Date of receipt at Office of Department of Reclamation _____

APPROVAL OF COMMISSIONER OF RECLAMATION.

I, _____, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. _____. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Commissioner of Reclamation.

Effective April 10, 1911

Department of Reclamation

REGULATIONS AS TO AMENDED APPLICATION AND PERMIT.

Section 3255 of the Revised Codes, provides for the amendment of a permit as to lands upon which the water is to be used. The permit holder, to avail himself of the provisions of this section, should fill out and file with the Commissioner of Reclamation the application blank found upon the reverse side of the sheet. If there is not sufficient room in such blank for the legal description of the amended list of lands, this may be submitted as an exhibit, proper reference thereto being made in the application.

Before amended permit will be granted applicant must file with the application two maps, showing the following details:

- (a) Name of applicant.
- (b) Section, town and range numbers, where public survey has been made.
- (c) Source or sources of supply.
- (d) Point or points of diversion.
- (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the lands to be irrigated.
- (f) Lands to be irrigated to be shown by cross-hatching, outlining, or coloring.

If original permit called for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by engineer in charge of survey, in the following form:

I hereby certify that this map was prepared from an actual survey made by me.....

Dear Mr. King:

We are returning herewith your Proof of Completion of Works in connection with Permit No. 18498 for correction of land description of place of use.

The land description as given in your Application for Permit for place of use was given by you as the NE $\frac{1}{4}$, Section 18, Township 3 North, Range 1 West. Your Proof of Completion of Works gives the place of use as the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ and Lot 1 of Section 18, Township 3 North, Range 1 West.

According to this description, the number of acres irrigated would be approximately 80 acres instead of 146 acres as stated.

In case there is a change in the land description covering place of use, we are enclosing a blank form Application for Amendment to land list which is our regular form for changing the list of land to be irrigated under the terms of the permit.

The Department's statutory fee is \$5.00 for the filing of this proof and upon receipt of same, a Certificate of Completion of Works will be issued you upon the approval of your Completion of Works Proof.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. George King
Post Office 970
Hampe, Idaho
Dear Sir:—

Boise, Idaho,

Under the terms of your permit No. ~~18498~~ you are required to complete your diversion works on or before Sept. 1, 1942. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

E. V. BERG

Dear Sirs:

Your application to appropriate 2 second feet of water from a subterranean source--namely, an artesian well, is herewith being returned for additional information. Kindly answer paragraph 7, 8 & 11.

In all probability your kinds of works will consist of either a pump and ditch or pump and pipe line. Under paragraph 11 fill in whatever information is necessary, i.e., if you have a pipe line, give its diameter. If your conduit will be a ditch, give its dimensions, but in either case, give the length.
