LEGAL NOTICE

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 12th day of June, 1937, at Boise, County of Ada, State of Idaho, before Charles W. Mack, Notary Public, proof will be submitted of the application to beneficial use of 25 cubic feet per second of the waters of Grimes Creek in accordance with the terms and conditions of Permit No. 18285 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are E. T. Fisher and A. F. Baumhoff, Centerville, Idaho.

The use to which said water has been applied is mining and milling purposes.

The amount applied to beneficial use is 25 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) on the following patented placer claims: Pearly Knob; Silver Key; Junction; Golden Gate; Big Ben; and Bedrock Flume all of Survey No. 1295; Asteroid of Survey No. 1292 and Grouse and Oriole of Survey No. 1334.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Fisher and Baumhoff Canal.

The right to take water from such works is based upon Permit No. 18285.

The source of supply from which such water is diverted is Grimes Creek.

The date of priority which said user is prepared to establish is April 4, 1936.

R. W. FARIS,
Commissioner of Reclamation.
—Adv. M.O.M.17—1105.

LEGAL NOTICES

NOTICE FOR PUBLICATION

Notice is hereby given that at 11:00 A. M., on the 12th day of December, 1936, at Boise, County of Ada, State of Idaho, before Charles W. Mack, Notary Public, proof will be submitted of the completion of works for the diversion of 25 cubic feet per second of the waters of Grimes Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is E. T. Fisher and A. F. Baumhoff.

2. The postoffice address of such person or principal place of business of such corporation is Centerville, County of Boise, State of Idaho.

3. The number of such Permit is 18285, and the date set for the completion of such work is December 12, 1936.

4. Said water is to be used for mining and milling purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 25 cubic feet per second.

6. The amount of lands for which said water is available is—acres, particularly described as follows: No irrigation.

R. W. FARIS,
Commissioner of Reclamation.

State of Idaho
License and Certificate of Water Right

Water License No. 18285

Amount 25 second feet

Water District No.

Priority April 4, 1936

THIS IS TO CERTIFY that E. T. FISHER AND A. F. BAUMHOFF
of Centerville, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated April 4, 1936; that Permit No. 18235
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
25 second feet, was issued thereunder on February 9, 1939, showing that said works
were completed on the 12th day of December, 1936; and that on the 12th
day of June, 1937,

E. T. FISHER AND A. F. BAUMHOFF

of Centerville, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of Grimes
Creek, a tributary of Moore's Creek, for the purpose of Mining and milling,
under Use Permit No. 18285 of the Commissioner of Reclamation

and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3918, on the 9th day of February, 1939;

The right hereby confirmed dates from April 4, 1936;

The Point of Diversion is located
in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 29, Tp. 7 N., R. 5 E., B. M. Boise County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 25
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
Upon the following patented mining claims: The Pearly Knob, the Silver Key, the Junction, the Golden Gate, the Big Ben, and Red Rock Flume placers, all of Survey No. 1295; The Asteroid placer, Survey No. 1292; and the Grouse and Oriole placers, both of Survey No. 1334.					

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

63-2517

Application No. 25523
Permit No. 18285
District No.

1. Name of Applicant: E. T. FISHER and A. F. BAUMHOFF

Postoffice address: Centerville County: Boise State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: 25 cubic feet per second.

3. Source of water supply: Grimes Creek which is a tributary of Moore's Creek

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B. M., and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$

of Section 29 , T. 7 N., R. 5 E. , B. M., County of Boise

5. Water is to be used for: Mining and milling purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: See Remark No. 1 feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: None H. P., under feet head.

(c) Water is to be returned to Grimes Creek at a point of use feet

distant from the corner of Section , T. , R. , B. M., in the

of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 50,000

8. Kind of works: Floating dredge

9. Height of dam None feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width None feet; height feet.

11. Ditch: Width at bottom natural channel feet; width at water line feet; depth of water

feet; dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is 6 months years.

13. The time required for the complete application of the water to the proposed use is 6 months additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? None If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

E. T. FISHER and A. F. BAUMHOFF

Applicant.

By Gordon C. Smith

Agent.

Date of first receipt at Department of Reclamation: 11:00 A. M., April 4, 1936

Returned to applicant for correction: May 3, 1936

Corrected application received: June 3, 1936

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 18285
Recorded in Book 66 Page 18285 Approved June 12, 1936

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before August 11, 1936 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before September 12, 1936

The whole of said work to be completed on or before December 12, 1936

Beneficial use of water appropriated in accordance herewith, to be made on or before June 12, 1937

Witness my hand this 12th day of June, 1936

R. W. FARIS

Commissioner of Reclamation.

Remarks:

			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	
			Remarks: No. 1 Point of Use Mining operations of the applicants consist of the operation of a floating dredge which digs its own pond, pumps the water from this pond to wash the auriferous gravel dug by the dredge. The actual point of diversion from the natural channel is therefore a place at which the dredge is operating and the water is returned to the channel at that same point. The water will be left in the natural channel and returned to a new natural channel formed by the stream through the tailings left by the dredge. This operation covers not only the natural channel of the stream but the creek bottom within the limits of the patented mining claims shown on the map submitted with this application. It is the intention of the applicants to use this water for this purpose in mining the ground shown within the boundaries of the patented claims outlined on the map, to-wit: The Pearly Knob, the Silver Key, the Junction, the Golden Gate, the Big Ben and Bed Rock Flume placers, all of Survey No. 1295; the Asteroid placer, Survey No. 1292; and the Grouse and Oriole placers, both of Survey No. 1334. NOTE: The diversion of this water was completed prior to the date of this application and this water has been put to beneficial use since July, 1935. Permit No. 18285 Certificate of Completion of Works TO ALL WHOM IT MAY CONCERN: This is to certify that E. T. FISHER AND A. F. BAUMHOFF, of Centerville, County of Boise, and Idaho, the holders of Permit No. 18285, issued upon Application No. 25523, bearing date of priority of April 4, 1934, for the diversion of 26 second feet of the waters of Grimes Creek, a tributary of Moore's Creek, County of Boise, State of Idaho, for Mining and milling purposes, have fully complied with the provisions of the laws of the State of Idaho relating to the diversion of water for mining purposes, and that said works are adequate for the diversion of 26 second feet of the waters of Grimes Creek; that the point of diversion is located in the NE 1/4 NE 1/4 of Section 29, Township 7 North, Range 5 East, B.M., County of Boise. Witness my hand this 9th day of February, A. D. 1939 JAMES SPOFFORD Commissioner of Reclamation Proof of Completion of Works made December 12, 1936 Certificate issued February 9, 1939 LICENSE ISSUED FOR 25 SEC. FT. p. 3918

Re: Permit No. 18285
E. T. Fisher and
A. F. Baumhoff

Mr. Gordon C. Smith,
Idaho Building,
Boise, Idaho.

Dear Mr. Smith:-

We enclose herein Certificate of Completion of Works, and also License and Certificate of Water Right, issued under the above numbered permit, confirming the right of E. T. Fisher and A. F. Baumhoff to use 25 second feet of the waters of Grimes Creek, a tributary of Moore's Creek, with a date of priority of April 4, 1936, for Mining and milling purposes.

The Department's Receipts Nos. 16860 and 16861 for the fees paid in connection with these proofs are also enclosed.

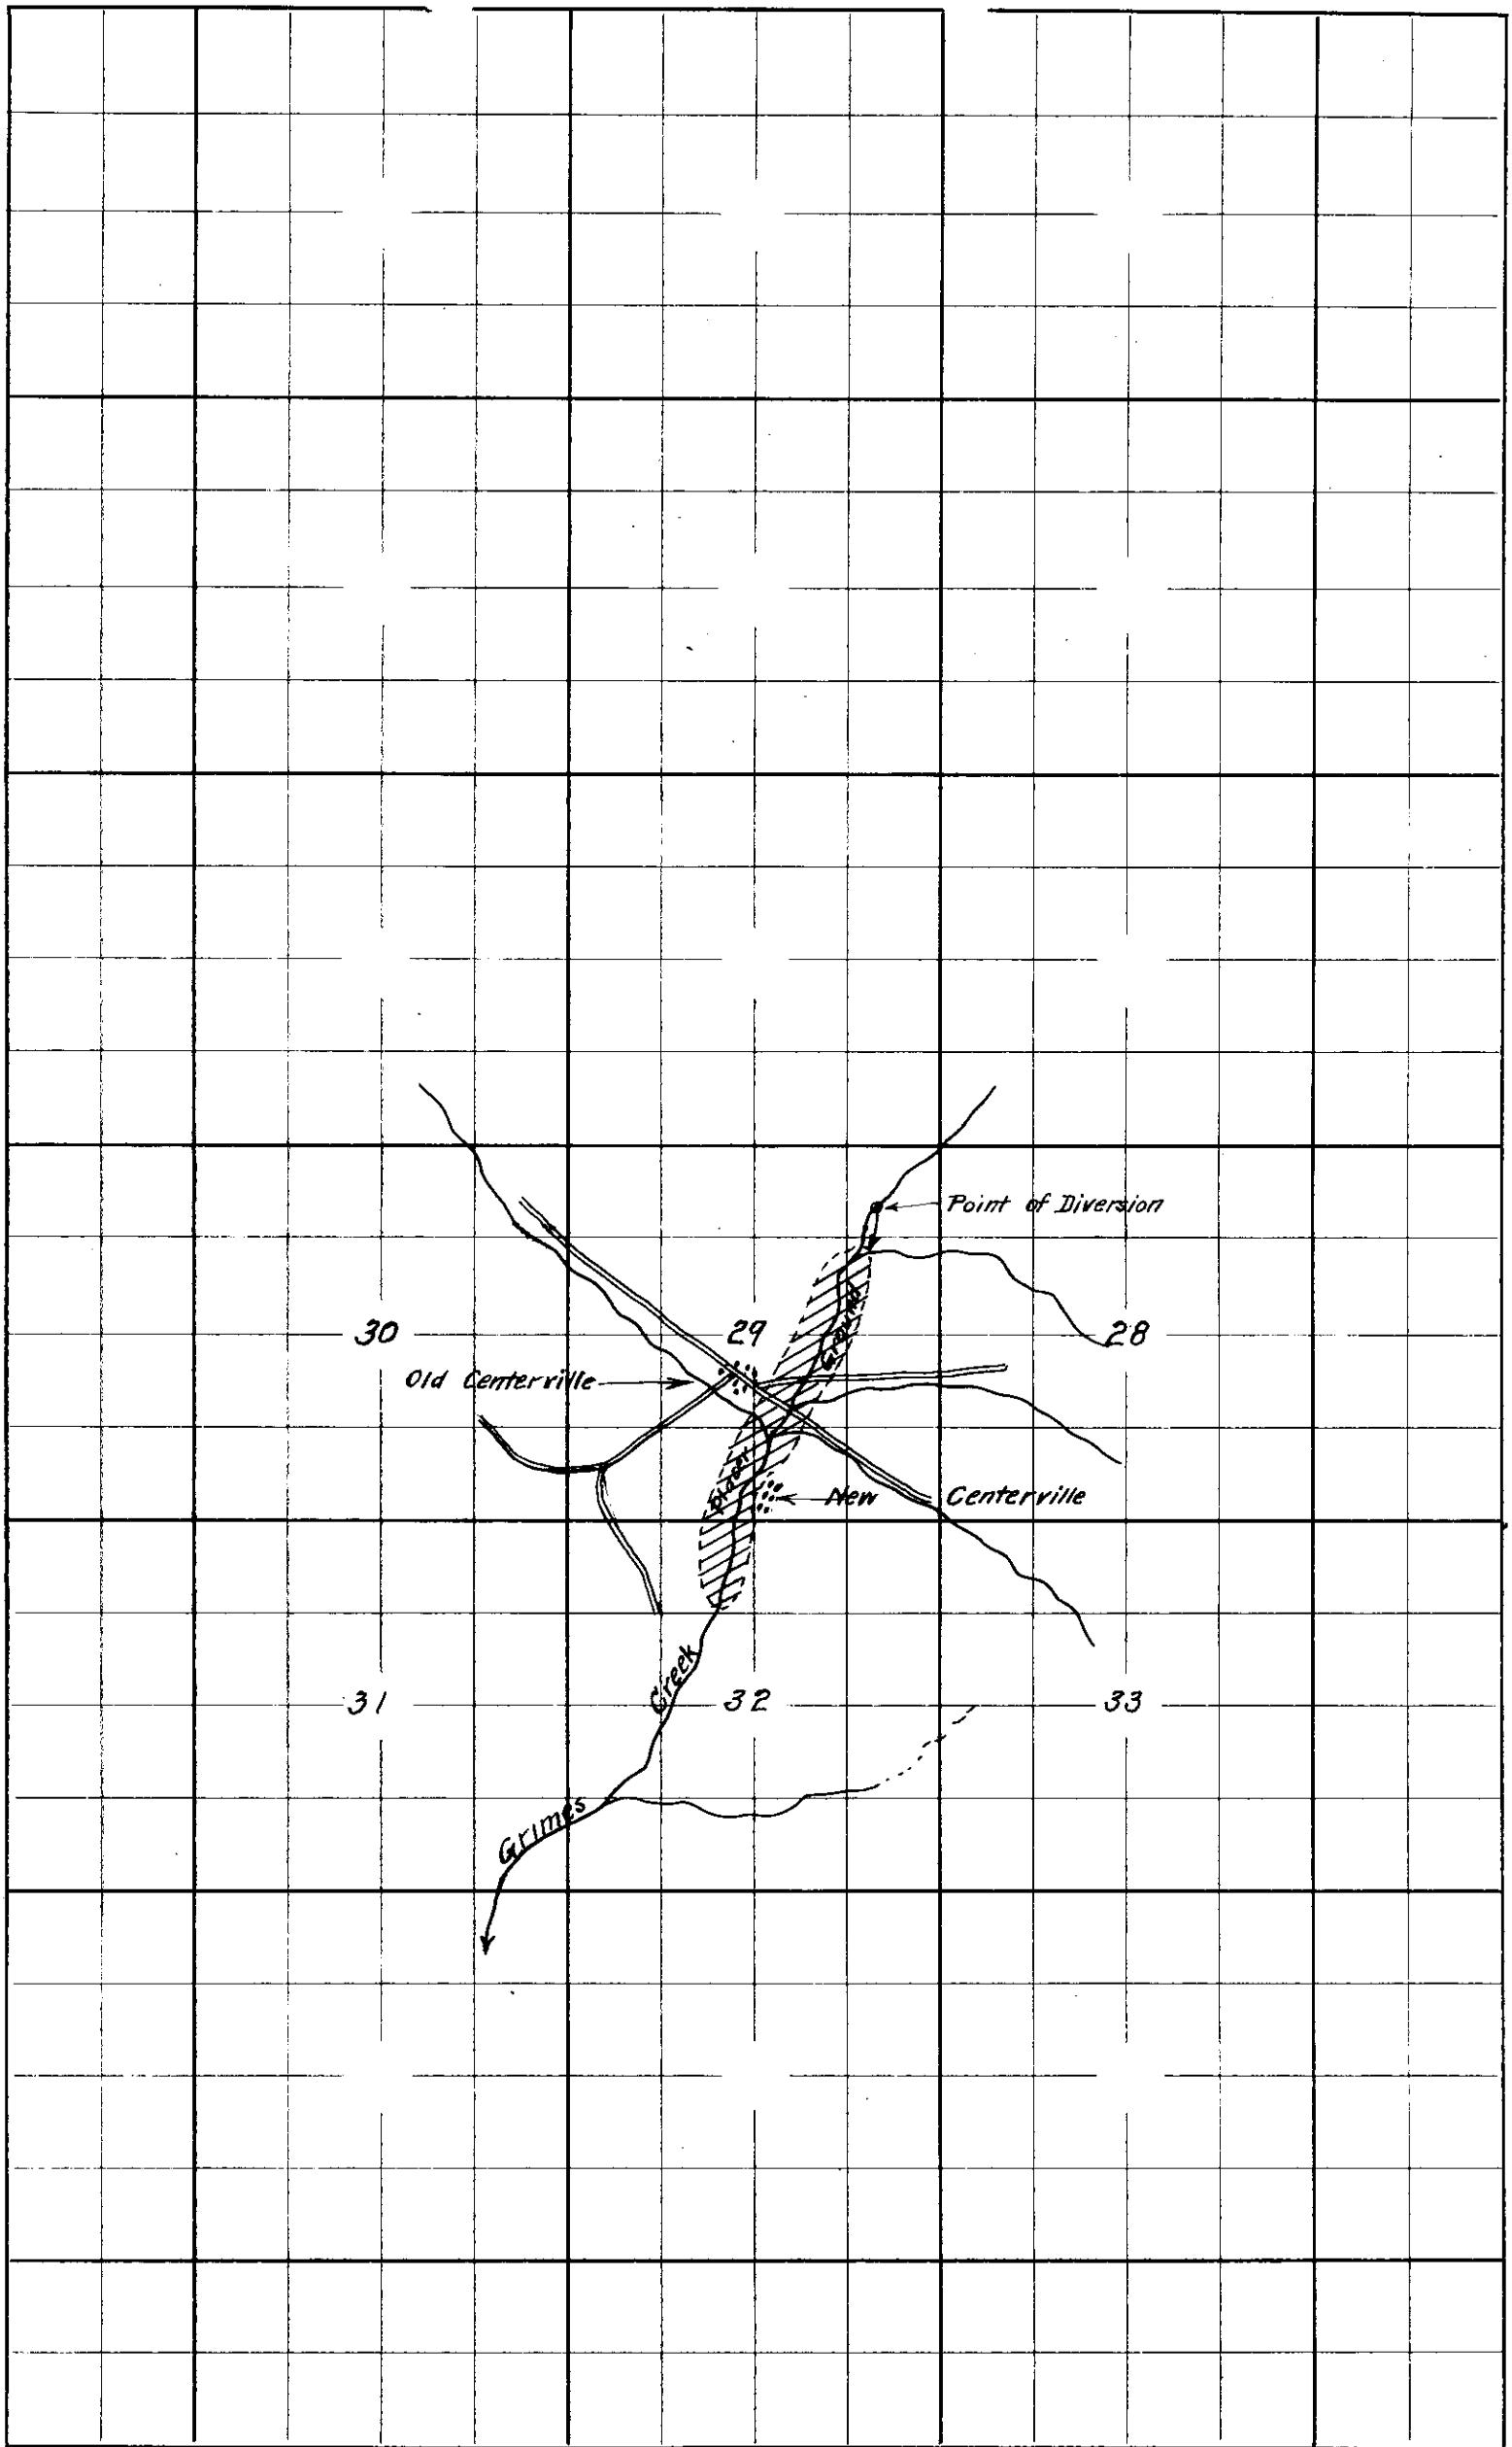

Very truly yours,

JAMES SPOFFORD

Re: Permit No. 18285
E. T. Fisher and A. F. Baumhoff

Mr. Gordon Smith,
Idaho Building,
Boise, Idaho.

Dear Mr. Smith:-

A short time ago we received the reports of our field engineer on proof of beneficial use and completion of works on the above number d permit.

Our engineer found that the works would be capable of conducting to the place of use 25 cubic feet per second of water from Grimes Creek.

Therefore, upon receipt of the fee of \$5.00 for proof of beneficial use, and the fee of \$7.50 for proof of completion of works, a certificate of completion of works and license will be issued.

Please contact the proper parties and have them send the fees at their earliest convenience.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation
By
Chief Clerk

Re: Permit 18285.

FISHER & BAUERHOFF
Placer Miners
Centerville, Idaho

Dear Sirs:

This will acknowledge receipt of the deposition of the holder and the depositions of two witnesses, both in connection with beneficial use proof under the above permit. Will you please have the newspaper furnish this department an affidavit of publication of the notice in connection with this proof.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office you will be further notified as to fees due before the issuance of your license.

Very truly yours,

Deputy Commissioner of Reclamation

PERMIT NO. 18285

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. T. Fisher, A. F. Baumhoff Centerville, Idaho
Placer Miners; Centerville, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 18285, April 4, 1936, date of priority April 4, 1936

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. (See Back of Permit) over

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. The works of diversion consist of the pond excavated by dredge which the stream enters ahead of the dredge and this water must at all times be sufficient to maintain a pond suitable for floating the dredge and sufficient to wash the auriferous gravel upon the dredge and the amount of water that has been used for this purpose is 25 cubic feet per second. There is no ditch proper used in this operation.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used entirely in mining operation of the applicants and the actual point of diversion and use, is within the limit of the following patented placer claims: Pearly Knob, Silver Key, Junction, Golden Gate, Big Ben and Red Rock Flume placers all of Survey No 1295; Asteroid Placer, survey 1292 and the Grouse and Oriole placers, both of survey 1334.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. No power generated

18285

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 25 second feet is the minimum amount for economical operation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Identical

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was first diverted for this use in July 1935 and has been continuously used and put to beneficial use since that time excepting only, periods of extreme cold weather

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. waters other than those specified in Permits 18284 and 18285 are not used in this operation

E.T. Fisher and A.F. Baumhoff

Authorized Agent

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada State of Idaho, on this 12th day of June, A. D. 1937.

My commission expires 7/15/39

(CHAS. W. MACK)

Notary Public, Ada County, Idaho
My Commission Expires July 15, 1939

Note: Q. No. 4.

A. Grimes Creek, the point of diversion is as follows: "Mining operation of applicants constitute the operation of a floating dredge which digs its own pond, pumps the water from this pond to wash the auriferous gravel dug by the dredge. The actual point of diversion from the natural channel is therefore a place at which the dredge is operating and the water is returned to the channel at the same point. The water will be left in the natural channel and returned to a new natural channel found by the stream through the tailings left by the dredge."

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18285

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Vara Whiteen; Age 35; Centerville, Idaho; housewife

Ques. 2. Are you acquainted with E.T. Fisher and A.E. Baumhoff, the holder of Permit No. 18285? How long have you known him and where does he reside?

Ans. Yes, about 2 years, Centerville, Idaho

Ques. 3. Have you read or heard read said Permit No. 18285, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Grimes Creek diversion on claims named in permit and works
of diversion are a floating dredge

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 25 cu feet per second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for washing the auriferous gravel along Grimes
Creek within the limits of the patented claims specified in permit
18285

18285

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. no power generated

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. land to be reclaimed

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Continuously for last two years

(Signed) Vera W. Litten

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise County of Ada, State of Idaho, on this day of June 12, A. D. 1937.

PERMIT NO. 18285

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Gordon C. Smith, age 55, residence Boise, Idaho

Mining Engineer, Boise, Idaho

Ques. 2. Are you acquainted with E. T. Fisher and A. F. Baumhoff, the holder of Permit No. 18285? How long have you known him and where does he reside?

Ans. Yes for about 4 years, Centerville, Idaho

Ques. 3. Have you read or heard read said Permit No. 18285, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Grimes Creek diversion on claims named in permit and works

of diversion are a floating dredge

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 25 cu feet per second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. water is used for washing the auriferous gravel along Grimes
creek within the limits of the patented claims specified in permit

18285

18285

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. No power generated

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. at numerous times since July 1935 and particularly in detail in May 1937

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

June 2, 1937

Chas. W. Mack, Notary Public
Eastman Building
Boise, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18285

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On June 12, 1937, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Boise, before Charles W. Mack, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Capital News of Boise, Idaho, published in
the nearest
the county in which the works are situated.

E. T. Fisher
A. F. Baumhoff

BY *Edmund K. Smith*
Agent

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

18285-

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 12th day of June, 1937
 at Boise, County of Ada, State of Idaho, before
Charles W. Mack, Notary Public, proof will be submitted of the
 application to beneficial use of 25 cubic feet per second of the waters of
Grimes Creek in accordance with the terms and conditions of Permit No. 18285
 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
E. T. Fisher and A. F. Baumhoff, Centerville, Idaho

The use to which said water has been applied is mining and milling purposes

The amount applied to beneficial use is 25 cu. ft per second

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) on the following patented placer claims: Pearly Knob;
Silver Key; Junction; Golden Gate; Big Ben; and Bedrock Flume all of
Survey No. 1295; Asteroid of Survey No. 1292 and Grouse and Oriole of
Survey No. 1334

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is Fisher and Baumhoff Canal

The right to take water from such works is based upon Permit No. 18285

The source of supply from which such water is diverted is Grimes Creek

The date of priority which said user is prepared to establish is April 4, 1936

GORDON C. SMITH, Engineer
Idaho Bldg.
Boise, Idaho

Dear Mr. Smith:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of proof of publication from the newspaper, all in connection with proof of completion of works under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that he can be shown over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of the Certificate of Completion of Works.

Very truly yours

Chief Clerk & Office Engineer

PERMIT NO. 18285

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. G. F. Baumhoff, Centerville, Idaho.
Dredge Operator

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Fisher & Baumhoff

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit #18285, June 12, 1936; Amount of Water 25 Second Feet;
Source, Grimes Creek; See question No. 8 (NE⁴NE⁴, Sec. 29, T. 7 N., R. 5 E.)

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Gold Dredging

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Water was turned into Dredge pond
on or about July 12th 1935

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Yes

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. they do

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Mining operations of the applicants consists of the operation of a floating dredge which digs its own pool, pumps the water from this pond to wash the auriferous gravel dug by the dredge. The actual point of diversion from the natural channel is therefore a place at which the dredge is operating and the water is returned to the channel at that same point. The water will be left in the natural channel and returned to a new natural channel formed by the stream through the tailings left by the dredge.

This operation covers not only the natural channel of the stream but the creek bottom within the limits of the patented mining claims shown on the map submitted with this application.

It is the intention of the applicants to use this water for this purpose in mining the ground shown within the boundaries of the patented claims outlined on the map.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

GORDON C. SMITH, Agent
Fisher & Baumhoff
Idaho Bldg.
Boise, Idaho

Boise, Idaho

OCT 5 - 1935

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 18285.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before Dec. 12, 1936. Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

R. W. FARNS

Commissioner of Reclamation.

MR. GORDON C. SMITH,
220 Idaho Building,
Boise, Idaho

Dear Mr. Smith:

Under date of April 4, 1936, the two above applications were filed in this department for permits to appropriate 25 cubic feet of water per second from Granite Creek and 25 cubic feet of water per second from Grimes Creek, respectively.

In conformance with your request, we have held them a period of 30 days and they are now being returned for completion and the necessary maps. Inasmuch as you are familiar with the procedure in connection with completion of these applications, I do not feel it necessary to enlarge upon this matter. As you also know, these applications will have to be returned to this office, in fully completed form, on or before July 2, 1936.

Very truly yours,

R. W. FARIE
