Re: Permit No. 17526 & 17527
City of Nampa

MR. EDWARD HEDDON
City Engineer
Nampa, Idaho

Dear Sir:

We are enclosing herewith the following papers in connection with proof of COMPLETION OF WORKS and BENEFICIAL USE proof under the above numbered permits, to-wit: Affidavit of the holder, proof of COMPLETION OF WORKS, and notices in duplicate for publication in the matter of BENEFICIAL USE proof on both permits.

We are also enclosing two copies of form No. 11 which is an authorization from the permit holder to this Department to have the publication made. This form also designates the newspaper in which publication is to be made. Please fill in one form 11 for each permit, and return them together with the notices to this Department.

A statutory fee of \$5.00 should accompany each affidavit of the holder for proof of completion of works.

It is noted that you propose to offer BENEFICIAL USE proof on August 3rd. Since the publication has to be made once a week for four weeks, the publications will not have been completed by August 3rd. As your proof is not due until August 22nd, it is suggested that you offer your proof at a later date.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

City of Nampa
Nampa, Idaho

Boise, Idaho,

Dear Sir:—

June 11, 1932

Under the terms of your permit No.....**17526**.....you are required to complete your diversion works on or before...**August 22, 1932**.. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.
