Re: Permit No. 17525

MR. FRANK IHLE
Caldwell,
Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the department has but one field engineer who makes examinations all over the state. However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office you will be further notified as to fees due before the issuance of your license.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, September 27, 1933

MR. J. A. MILLER, Notary Public
Caldwell,
Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17525

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On 17525, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Caldwell, Idaho before J. A. Miller, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

MR. J. A. MILLER
Notary Public,
Caldwell, Idaho

Dear Sir:

This is to inform you that a copy of the notice of Mr. Ihli's intention to submit proof of application of water to beneficial use, which was received in this department under date of August 15, has been mailed to the Caldwell News-Tribune with proper instructions for its publication.

You set October 28 for the date when proof will be submitted but we changed the date for this proof to September 28, since there is more than ample time for the publications prior to this date. About ten days prior to the date when proof will be offered, the necessary depositions, which will consist of one for the permit holder and one each for two witnesses, will be mailed to you from this department. Will you please inform Mr. Ihli that he should appear at your office on the date set for proof, with his witnesses to execute these depositions? After the depositions have been taken, please mail them with the affidavit of proof of publication from the newspaper, to this department.

Very truly yours,

R. W. FARIS

MR. J. A. MILLER,
Notary Public
Caldwell, Idaho

Dear Sir:

In conformance with our telephone conversation of this morning, we are enclosing herewith a blank form upon which Mr. Ihlie may make application for extension of time in which to offer proof of beneficial use of water under the above permit.

Immediately upon receipt of the affidavit of the holder for proof of completion of works a certificate of completion of works will be issued confirming the capacity of the works constructed under this permit. The extension of time for beneficial use proof can then be approved.

You said that the water had already been applied to beneficial use but in spite of this fact, it is our suggestion that Mr. Ihlie ask for at least one years time, he can then offer proof at any time he desires, within the year.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

FRANK IHLI
Caldwell
Idaho
Dear Sir:—

Boise, Idaho,

June 10, 1933

Under the terms of your permit No.....17525.....you are required to complete your diversion works on or before.....Aug 15, 1933 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
