RECEIVED
NOV 27 1917
OFFICE OF STATE ENGINEER

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 10 A. M. on the 9th day of December, 1916, at Boise, county of Boise, State of Idaho, at office of State Engineer, proof will be submitted of the application to beneficial use of three cubic feet per second of springs in accordance with the terms and conditions of permit No. 10,783, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person holding said permit are Mrs. Nora B. Sherier, Twin Springs, Idaho.
2. The uses to which said water has been applied is irrigation and domestic.
3. The amount applied to beneficial use is three cubic feet per second.
4. The place where said water is used is at the springs situated in sections 12 and 14, T. 4 N., R. 6 E., Boise Meridian; on north bank of Boise river about half a mile below Brown's gulch.
5. The right to take the water from such works is based upon Permit No 10,783.
6. The source of supply from which such water is diverted is springs.
7. The date of priority which said user is prepared to establish is October 15, 1914.

J. H. SMITH,
State Engineer

No. 15785

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Mrs. Nora B. Sherier

Postoffice address: Twin Springs

County: Boise

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is Three (3) cubic feet per second.

3. Source of water supply: Springs

4. Location of point of diversion: Spring on north bank of Boise River about one-half mile below Browne Gulch.

County of

5. To be used for: Irrigation and domestic uses; also power.

I. Irrigation and domestic use: (a) Amount of land to be irrigated: about ten acres.

(b) In the following legal subdivisions: In unsurveyed sections 13-14 T. 4 N. 6 E.

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point: At Springs

(b) Amount of power to be generated: 10

H. P. under ft. head

(c) Is water to be returned to any stream? Yes

(d) If so, name stream and locate point of

return: Boise River at springs

6. Estimated cost of works: \$700

7. Description of works for diversion:

I. Kind of works: Reservoir and pipe line.

II. Dimensions of works:

(a) Height of dam

feet, length of dam at top

feet,

length of dam at bottom
and iron; also wood.

feet. Material used in construction: Stone, concrete

(b) Capacity of reservoir 10,000 gallons are feet. (c) Size of headgate, width 4 in. feet,

Height feet. (d) Conduit pipe width at bottom feet,

width at water line feet, depth of water feet; diameter of pipe

4 inches; average grade per mile is 1760 feet. Length of conduit is miles,
and it crosses the following quarter sections: unsurveyed as yet.

8. The time required for the completion of the construction of such work is two (2) years.

9. Time required for the complete application of the water to the proposed use is no additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Mrs. Nora B. Sherier

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 10.00 A. M. Oct. 20, 1914.

Returned to applicant for correction October 26, 1914.

Corrected application received November 6, 1914.

APPROVAL OF STATE ENGINEER

The number of this permit is 10783.

Recorded in Book 36 Page 10783 Approved December 4, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of _____ to be filed on or before _____

Work to begin on or before February 2, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 4, 1915

The whole of said work to be completed on or before December 4, 1916.

Beneficial use of water appropriated in accordance herewith, to be made on or before December 4, 1916.

Witness my hand this 4th day of December, 1914.

Herbert Wing,

Acting

State Engineer.

Remarks: This is an application intended to preserve and perpetuate the rights of the heirs of W. H. Sherier who secured Permit No. 5576 on December 18, 1909 upon a similar application. As five years was originally given, no extension could be secured; the widow of W. H. Sherier now makes this application upon exactly the same state of facts, except that ditches have been built and water conveyed to the house through ditches and pipes at a cost of about \$500.

The springs referred to are located upon land owned by the applicant.

Proof of completion of works made Sept. 23, 1916.

Certificate of completion of works issued Sept. 26, 1916.

Permit No. 10783.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that Mrs. Nora B. Sherier, of Twin Springs, County of Boise, and State of Idaho, the holder of Permit No. 10783, issued upon Application No. 15785, bearing date of priority of October 20, 1914, authorizing the diversion of three (3) second feet of the waters of Springs, County of Boise, State of Idaho, for irrigation, domestic and power purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use three (3) second feet of the waters of Springs; that the point of diversion of said waters is at the springs on north bank of Boise river about one-half mile below Browns Gulch, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Unsurveyed land in Sections 13 & 14, T. 4 N., R. 6 E., B. M.

Witness my hand this 26th day of September, A. D. 1916.

J. H. SMITH,

State Engineer of the State of Idaho.

Water License No. 10783.
 Water District No. 12 L.

WHEREAS, On the 20th day of October, A. D. 1914 Mrs. Nora B. Sherrier, of Twin Springs, County of Boise, State of Idaho, duly made application (No. 15785) to me for a permit to use three (3) cubic feet per second of the waters of springs, in Water District No. 12 L, County of Boise, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 4th day of December, A. D. 1914, Permit No. 10783 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 4th day of December, A. D. 1916, and for the application to beneficial use of said water on or before the 4th day of December, A. D. 1916, and,

WHEREAS, On the 25th day of September, A. D. 1916, Mrs. Nora B. Sherrier the holder of said permit duly made proof of the completion of adequate works for the diversion of three (3) cubic feet per second of said waters, as evidenced by my Certificate No. 10783 dated September 26, 1916, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use three (3) cubic feet per second of said water, with date of priority of October 20, 1914. and,

WHEREAS, On the 9th day of December, A. D. 1916, Mrs. Nora B. Sherrier, the holder of said permit duly made proof of the application to beneficial use of three (3) cubic feet per second of said water:

WHEREAS, On the 3d day of December, A. D. 1917, Mrs. Nora B. Sherrier, the holder of said permit, filed an affidavit showing her name to have been changed to Mrs. Nora B. Johnson, and asked that her license be issued in the name of Mrs. Nora B. Johnson instead of Mrs. Nora B. Sherrier:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to Mrs. Nora B. Johnson of Boise, County of Ada, State of Idaho, the holder and owner of said Permit No. 10783, a perpetual right, dating from October 20, 1914, to the use of three (3) cubic feet per second of the waters of springs, in the County of Boise, and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at springs, on north bank of Boise River, about $\frac{1}{2}$ mile below Brown's Gulch, and conducted to dwelling house and plunge for domestic purposes, and for irrigation on small garden and alfalfa field, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adapted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 29th day of December,
A. D. Nineteen hundred and seventeen.

Mrs. Nora B. Johnson, being first duly sworn, deposes and says:

That she is one and the same person as Mrs. Nora B. Sherrier, who filed application for Permit to appropriate three second feet of the waters of certain springs, in Boise County, Idaho, and that she received therefor Permit No. 10783. That on December 9th, 1916, she made proof of beneficial use of water under said permit, under the name of Mrs. Nora B. Sherrier, but that since said proof was made she has been married and that her name is now "Mrs. Nora B. Johnson" and she therefore asks that her license be issued in the name of "Mrs. Nora B. Johnson" instead of "Mrs. Nora B. Sherrier."

Dated at Boise, Idaho, this 3rd day of December, 1917.

REPORT OF ENGINEER

1. State name of applicant and number of permit: Mrs. Nora B. Sherrier- Permit 10783
2. State source of water supply: Springs on Boise River
3. Location of point of diversion: At Springs on N. bank of Boise river about $\frac{1}{2}$ mi-
below Brown's Gulch.
4. State whether or not the works of diversion are fully completed and in accordance with terms of permit: _____
5. Describe works as they exist, giving dimensions and capacities of same: _____
The existing works consist of two wooden boxes or flumes
one 6" x 6" and one a 6" V box leading from the
springs to the house each about 100' long.
6. State whether or not water has been turned into works of diversion: yes
7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): _____
There is no land irrigated by the springs which
are too small for irrigation purposes part of the
waste water when mixed with water from another
source is utilized on a five acre tract of alfalfa.
8. Submit map on enclosed plat, showing location and details of above description.

DIST. No. 12-L

Mrs. Nora B. Sherrier
Twin Springs

PERMIT No. 10783

Proof of Application of Water to Beneficial Use**DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mrs. Nora B. Sherrier, over 21 years, Twin Springs, Idaho

housewife, Twin Springs, Idaho, but present address is Boise.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 10783 - December 4, 1914, Priority October 20, 1914

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Hot and cold springs - About two and three hundred ft.
back of the house.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Flume and pipe lines - By 8" X 10" - About 300 ft. long.

Pipes 2½ and 3 inch pipes to the house and the plunge.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have *actually* been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic & Irrigation - About 5 acres in alfalfa about

four or five hundred yards from the house, do not know the
forty acre tract it is in. Cultivated land, in alfalfa.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Irrigation and domestic. Can be used for power but have
not done so yet.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. An inch to the acre for irrigation besides the water used
for domestic purposes.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

10783

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit ~~has been used~~.

Ans. The water has been used on the place for 18 Or 20 years.

I have been on the place 8 years and have used the water each year .

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) Mrs. Nora B. Sherice

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of

Ada, State of Idaho, on this 9th day of December,

A. D. 1916.

Clara M. Brown
Notary Public

Permit No. 10783

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John Pfooser, over 21 years, 1514 Warm Spgs. Ave., Boise..
Miner. Arrowrock, Idaho.

Ques. 2. Are you acquainted with Mrs. Nora Sherrier, the holder of Permit No. 10743? How long have you known her and where does she reside?

Ans. About 6 years. At Twin Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10783, and are you familiar with its provisions and conditions?

Ans. Have not read the permit but am familiar with the conditions of said permit.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Hot and cold springs - Water is diverted from springs about 200 feet from the dwelling house. She has piping and some flume. The pipe leading into the plunge is about 3" pipe, drops about 4 ft. in 50 ft. Pipe, one inch pipe, leading to the kitchen. Square box flume of 2" lumber, about 8" by 10", about 300 ft. long, grade of about 1 ft. to 12 ft.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Would not try to estimate the amount the flume would carry but there is about 25 to 30 inches in the flume all the time. Have seen part of the flume running full of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic use - I estimate that there are between 4 and 5 acres of alfalfa- also, about 1/2 acre of garden.

The water is used for general domestic purposes in the dwelling house and for use in the plunge.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Have never seen the water used for power purposes

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is grante ash formation. - Fully an inch to the acre.

10783

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ----- No -----

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~Have seen the water~~ used for domestic purposes for the past 18 years. Saw the water used for irrigation about 5 years ago and have seen the water used every year since that time.

(Sign) -----

John F. Ross

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada State of Idaho, on this 9th day of December A. D. 19 16.

Clara M. Brown
Notary Public.

10783

Permit No. 10783

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. D. Hood, over 21 years, Nappa, Hotel business.

Ques. 2. Are you acquainted with Mrs. Nora B. Sherrier, the holder of Permit No. 10783? How long have you known her and where does she reside?

Ans. Six years.

Ques. 3. Have you read or heard read said Permit No. 10783, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with terms.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Hot and cold water springs above the buildings, About 75 feet North of the house. Conveyed to the house by 2½ in. iron pipe and is carried on for irrigation purposes by wooden flume, 8" wide and 8" deep. Grade is probably 2" to the rod. Grade of pipe running into the house is probably is at an angle of 20° from the flume. Another pipe taking out of the same flume farther on running to a storage tank for use in the kitchen - 1½ inch pipe.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Cannot estimate the capacity of the works but I have seen the flume running full of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. At the house for general domestic purposes-

For irrigation on an alfalfa patch about 4½ acres located about 200 yards south of the house.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Have not seen the water used for power purposes but the water could be used for power for running small dynamo.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is granite formation - Will require all on an inch to the acre.

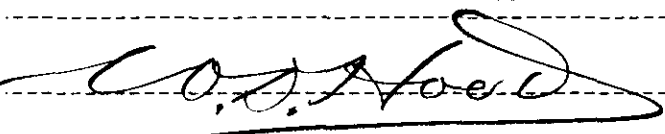

10783

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

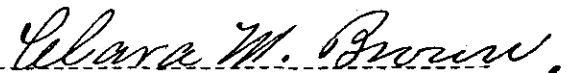

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have lived there at various times for several months at a time
Was there 2 months in 1916 , 3 months in 1915 and 6 months in 1914,
and saw the water used each year.

(Sign) 

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada State of Idaho, on this 9th day of December A. STATE ENGINEER

BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mrs. Nora B. Sherier,
Twin Springs, Idaho.

BOISE, IDAHO,
Sept. 15, 1916.

DEAR SIR:

Under the terms of your permit No. 10783, you are required to complete your diversion works on or before Dec. 4, 1916. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH, ~~F. P. KING~~

State Engineer.

Mrs. Nora B. Sherier,
Twin Springs, Idaho.

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No.---**10783**---, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J. H. SMITH,

State Engineer

STATE ENGINEER

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mrs. Nora B. Sherier,
Twin Springs, Idaho.

BOISE, IDAHO,
Sent. 15, 1916.

DEAR SIR:

Under the terms of your permit No. 10783, you are required to complete your diversion works on or before Dec. 4, 1916. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH, ~~STATE ENGINEER~~

State Engineer.
