March 9, 1964

Mr. Royse Van Curen, Manager
Boise Project Board of Control
P. O. Box 2298
Boise, Idaho

Ref: Certif. of Water Right No. 6284

Dear Mr. Van Curen:

The enclosed letter is self-explanatory. Please review and determine if the 2.4 c.f.s. is still being utilized or if it has been abandoned. The Bureau will then notify the State Reclamation Engineer accordingly.

The Caldwell News Tribunes published during May 1919, were searched but the affidavit for the license was not published during that period. Whatever your decision, necessary action will be taken to clear the record.

Sincerely yours,

D. W. Applgate

Project Superintendent

No..8714

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: United States of America, acting under the provisions of the Act of Congress of June 17, 1902, (32 Stat 388) known as the Reclamation Act.

Postoffice address: U.S.Reclamation Service, Boise, Idaho

County of Ada State: Idaho

II. The financial resources of the applicant are: The receipts from the sale of public lands under Reclamation act of June 17, 1902 (32 Stat. 388)

2. The quantity of water claimed is 2.4 cubic feet per second.
3. Source of water supply: Upper Deer Flat Draw rising near Upper Embankment of Deer Flat Reservoir, caused by seepage from reservoir

County of Canyon

4. Location of point of diversion: Southeast corner of section 26, T. 3 N.R. 3 W.B.M.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: one hundred twenty acres

(b) In the following legal subdivisions: Parts of sections 24 and 25, T. 3 N.R. 3 W.B.M., as indicated in the appended remarks:

6. Estimated cost of works: \$4,000

7. Description of works for diversion:

I. Kind of works: Closed drain and open ditches with check taps and weirs.

II. Dimensions of works:

(c) Size of headgate: Width 18" and 33' feet, height 12".

(d) Conduit , width at bottom 3 feet, width at water line 6 feet, depth of water 1 foot. Average grade per mile is 2 feet. Length of conduit is 2 1/2 miles, and it crosses the following quarter sections: SW $\frac{1}{4}$ and NW $\frac{1}{4}$ of section 25, SW $\frac{1}{4}$ and SE $\frac{1}{4}$ of section 24, all in T. 3 N.R. 3 W.B.M., to land described in 5 I (b) above which is the point of intended use.

8. The time required for the completion of the construction of such work is five years.
9. Time required for the complete application of the water to the proposed use is four additional years.

BE IT KNOWN, That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

United States of America, acting under the provisions of Act of Congress of June 17, 1902, (32 stat. 388) known as the Reclamation Act.

Applicant

By F.E.Weymouth. Agent., Supervising Engineer U.S.R.S.

Remarks: The lands to be irrigated lie in the following legal subdivisions:
 the SW $\frac{1}{4}$ of NW $\frac{1}{4}$ and the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of section 25, and the SW $\frac{1}{4}$ the SE $\frac{1}{4}$ the NW $\frac{1}{4}$
 and the NE $\frac{1}{4}$ all of the SW $\frac{1}{4}$ and the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 24, all of township
 3 North, Range 3 West Boise Meridian.

 APPROVAL OF STATE ENGINEER

The number of this permit is 6284.

Date of first receipt of application: 11.30 A.M. April 25, 1910

Returned to applicant for correction: April 25, 1910

Corrected application received: June 24, 1910

Recorded in Book 18. Page 6284. Approved July 7, 1910.

This is to certify that I have examined the within application for a permit
 to appropriate the public waters of the State of Idaho and hereby grant the same,
 subject to the following limitations and conditions:

Work to begin on or before September 5, 1910, and to continue diligently and
 uninterruptedly to completion, unless temporarily interrupted by circumstances over
 which permit holder has no control.

One-fifth of the work above specified to be completed on or before January 7,
 1913.

The whole of said work to be completed on or before July 7, 1915.

The time for proof of beneficial use of water appropriated in accordance
 herewith, extended to July 7, 1919.

Witness my hand this seventh day of July, 1910.

D.G. Martin

State Engineer

Permit No. 6284

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that F. E. Weymouth, Supervising Engineer of the U.S. Reclamation Service, acting for the United States, of Boise, County of Ada and State of Idaho, the holder of Permit No. 6284, issued upon Application No. 8714, bearing date of priority of April 25, 1910, authorizing the diversion of 2.4 second feet of the waters of Upper Deer Flat Draw, County of Canyon, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said permit; that said works are adequate for diverting and conveying to the place of intended use 2.4 second feet of the waters of Upper Deer Flat Draw; that the point of diversion of said waters is at the southeast corner of section 26, T.3 N., R. 3 W.B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Part of the SW $\frac{1}{4}$ of NW $\frac{1}{4}$ and NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 25; part of the SE $\frac{1}{4}$ of SW $\frac{1}{4}$, SW $\frac{1}{4}$ of SW $\frac{1}{4}$, NE $\frac{1}{4}$ of SW $\frac{1}{4}$ and NW $\frac{1}{4}$ of SW $\frac{1}{4}$ and the NW $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec. 24, in T. 3 N., R. 3 W.B.M., containing 120 acres.

Witness my hand this 25th day of August, A. D. 1915.

Subj: TRANSFER 4336 ADVERTISING

Carol Stoltey of the Idaho Press-Tribune called this morning about the ad for this transfer. She said that it did not run on 5-18 but will run on 5-25 due to error at the newspaper. She wondered about publishing it in 5-25 and some other day. However, that would not meet the statutory requirement about proper ad days etc.

I suggested withholding th 5-25 ad and instead publishing it on first two Weds. in June - June 1 & June 8 with protest deadline of June 20. She said she could do this with no problem.

For file 63-02134 and possibly for new appls. weekly listing, transfer 4336 should show new ad & protest dates.

TO: XFER File 4336 (BOR 63-02134)

FROM: Cindy Hodges

RE: Review for advertisement

I contacted Phil Graff of BOR since no SRBA claim had been filed on this right. He had a claim partially prepared but had not yet submitted it. He faxed a copy of the draft claim for my review. The claim was essentially complete and in order except for a specific place of use list, which is also missing from the license and was the cause for a memo from Pam Skaggs which accompanied the transfer application to Western.

Once advised, Phil said that he would complete the place of use and submit a signed claim to the Department to my attention. In the interim, the transfer application will be advertised, but held for final review until the formal receipt of the claim. Because this transfer proposes only a minor point of diversion change with no modification in place of use, identifying irrigated acres does not seem like it should be a prerequisite for advertisement.

APR 15 1994

WATER RESOURCES
WESTERN REGION

MEMORANDUM

TO: *JK* STEVE LESTER/*CP*WESTERN REGION

FROM: PAM SKAGGS/STATE OFFICE

SUBJECT: TRANSFER NO. 4336
BUREAU OF RECLAMATION

DATE: April 14, 1994

=====

Transfer Application No. 4336 was received at the state office on 04-13-94. At a quick glance, the transfer appears straight forward, but I pulled the water right file to take a little closer look since the place of use in the database was a little non-specific.

The licensing of this right was left uncompleted for a period of 45 years when the proof of publication was not received and apparently the notice was never published. In 1964 the Department attempted to clean up the record, the license was issued (released) and information requested to furnish adequate proof that the water right had been utilized since the date of priority. No information was ever received and a second letter was sent in 1965.

I only provide the background FYI. I ran a POU Comparison report on the licensed place of use thinking a more specific place of use would have been claimed in the SRBA, but I couldn't find a claim. Nothing matches any of the claims in the database; name, place of use and source. Maybe this is in an area that hasn't been data entered yet? I am forwarding the transfer for regional review and just wanted you to be aware of the questions of the specific place of use and whether a SRBA Claim has been filed.

U. S. Reclamation Service

D. W. Applegate, Project Supt.
Central Snake Projects Office
P. O. Box 944, Boise, Idaho

Dear Mr. Applegate:

The Attorney General's Office has suggested steps to take before the Water License No. 6284, completed January 24, 1921, can be issued.

Furnish adequate proof that the water involved, 2.4 c.f.s. from Upper Deer Flat Draw, with diversion in SE corner Sec. 26, T. 3 N., R. 3 W. has been used for irrigation on $W\frac{1}{2}NW\frac{1}{4}$, Sec. 25; $SW\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$, Sec. 24, T 3 N., R. 3 W. and has been used continuously since 1921. Affidavits from three disinterested witnesses would be adequate. Also furnish proof that the publication of the legal notice was not made in May or June, 1919. That affidavit could be by the paper.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

STATE OF IDAHO

OFFICE OF THE ATTORNEY GENERAL

BOISE

ALLAN G. SHEPARD
ATTORNEY GENERAL

March 19, 1964

Mr. Ralph W. Thomas, Deputy
State Reclamation Engineer
State House
Boise, Idaho

Dear Mr. Thomas:

Your letter of March 17, 1964, indicates that the United States Reclamation Service had made Application to Beneficial Use for a certain water right in 1919, that the license for this right was completed and signed by the Reclamation Engineer, but was never mailed due to the fact that affidavit of publication, while ordered, was never made, in compliance with C.L. 3260 now Section 42-217, Idaho Code.

In view of the lapse of time since initiation of the water right, 54 years, and the time for publication, 45 years, there would appear to be no compelling reason not to issue the license at this time, since the right is now grounded on the constitutional method of appropriation.

You should, however, require that the Bureau of Reclamation furnish adequate proof that the water right has been utilized since the date of propriety claimed, and proof that the publication was not made.

Very truly yours,

FOR THE ATTORNEY GENERAL

Attn: Stephen W. Boller

Dear Mr. Boller:

We have a note from the Caldwell News that the legal notice would be published, starting with May 10, 1919 issue.

The holder and two witnesses made depositions of beneficial use of the water under the above noted permit. The Report of Engineer is in the file showing works were complete and water was used.

W. G. Swendsen, Commissioner of Reclamation by S. T. Barr, Deputy signed the completed License and Certificate of Water Right, however it was held pending receipt of the Affidavit of Publication.

We now find that the notice was not published.

The Bureau of Reclamation reports that the water has been used continuously and that the license is desired.

What steps must be taken to conclude to issuance of the license?

Very truly yours,

Ralph W. Thomas

Dear Mr. Thomas:

In reply to your letter of February 25, 1964, the following information is submitted.

A representative from this office checked all the issues of the weekly Caldwell News for the month of May, 1919, but said filing was not published in any of the issues during that month.

In reply to my letter of March 9, 1964, to Mr. Van Curen, Manager for the Boise Project Board of Control, and of which you received a copy, he stated that said water right has been and continues to be an active part of the Boise Project water supply. He is desirous that every effort be made to finalize this action and that license be mailed to the Bureau of Reclamation.

Your assistance in obtaining license for water right will be greatly appreciated.

Sincerely yours,

J. W. Applegate
Project Superintendent

Gentlemen:

The License and Certificate of Water Right No. 6284 has been completed and signed by the Commissioner of Reclamation January 24, 1921. The license shows 2.4 c.f.s., priority April 25, 1910, from Upper Deer Flat Draw, at SE corner Sec. 26, T. 3 N., R. 3 W., for irrigation of 23 acres in $W\frac{1}{2}NW\frac{1}{2}$, Sec. 25; 57 acres in $SW\frac{1}{2}$ and 40 acres in $NW\frac{1}{2}SE\frac{1}{2}$, Sec. 24, T. 3 N., R. 3 W.

This license was never mailed as the affidavit of publication was never received from the Caldwell News. A note from the paper showed the first publication would be May 10, 1919.

This office and J. B. Bond, Project Manager each wrote to the paper several times without result.

Possibly this water right is of no value, however this office would like to clear the record.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

Re: Permit 6284-

Publisher The News,
Caldwell, Idaho.

Dear Sir:--

On May 5th, 1919, a notice for publication was mailed to you for proof of beneficial use of water under the above permit, held by the U.S.Reclamation Service, and the returned coupon states that the notice would be published beginning with the issue of May 10th. As yet we have received no affidavit of publication. We find copies of two letters written the News by Project Manager, J.P.Bond, asking that such affidavit be sent to this office. Will you please look this matter up and send in the affidavit as soon as possible in order that the license may be issued.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

6284

REPORT OF ENGINEER

This proof is for beneficial useIn Water District No. 22

1. State name of applicant and number of permit: U. S. R. S. Permit: 6284
2. State source of water supply: Upper Deer Flat Drain. (Seepage from Upper Deer Flat Embankment.)
3. Location of point of diversion: Southeast corner of Section 26, T. 3 N., R. 3 W. B. M.
4. Describe works as they exist, giving dimensions and capacities of same: Wooden Head-gate, 6 ft. wide, 3 ft. deep. Canal, bottom width, 5ft. width at W.S. 7ft. Depth 1 ft. Capacity 2.4 sec. ft.
5. State whether or not water has been turned into works of diversion: Yes.
6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):
W $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 25; SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 24, T. 3 N. R. 3 W. B. M.
Total 120 acres.
7. Submit map on enclosed plat, showing location and details of above description.
8. How many parties conduct water in this system?
9. Give names and amount of each right:
10. What large stream would the water here appropriated finally reach? Snake River.
11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:
Thru canals and gulches to Boise River to Snake River.

Remarks:

This examination was made on the 6th day of Apr. 19 20

(Signed)

L. R. Annett

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

PERMIT No. 6284

Proof of Application of Water to Beneficial Use**DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. B. Bond - 43 - Boise, Idaho - Civil Engineer -
Boise, Idaho, c/o U. S. Reclamation Service.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. United States Reclamation Service, Boise, Idaho; Project
Manager of Boise Project.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 6284, dated April 25, 1910, bearing date of priority
of April 25, 1910.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Upper Deerflat Draw. Point of diversion in southeast corner
of Section 26, Township 3 North, Range 3 West, B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. 5.0' check weir diverting water into open ditch. Four second
feet of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes. The water is applied on part
of the W $\frac{1}{2}$ NW $\frac{1}{4}$ (23 acres) Section 25; and the SW $\frac{1}{4}$ Section 24 (57 acres),
and NW $\frac{1}{2}$ SE $\frac{1}{4}$ (40 acres) Section 24, Twp. 3 North, Range 3 West, B.M.
Cultivated; alfalfa, pasture, grain, etc. Buildings and fencing.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 2.4 second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original permit holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Irrigation seasons of 1915-1916-1917-1918 and to present time. Irrigation by means of open ditch. 2.4 second feet to 4 second feet. To extent of full beneficial use.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

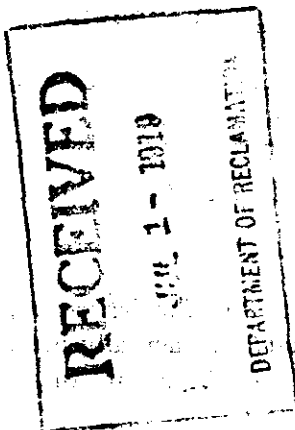

Ans.

RESIDING AT BOISE, IDAHO,
MY COMMISSION EXPIRES SEPT. 12, 1922

6284

Permit No. 6284

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Kenneth B. Keener; age 31 years; Civil Engineer;

822 McKinley Ave., Boise, Idaho.

(J.B. Bond, Project Manager)

Ques. 2. Are you acquainted with U.S. Reclamation Service/ Yes, the holder of Permit No. 6284? How long have you known him and where does he reside?

Ans. Nine years; Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 6284, and are you familiar with its provisions and conditions?

Ans. ----- Yes -----

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water in Upper Deerflat Gulch near the Upper Embankment of Deerflat Reservoir, which is largely seepage from the said reservoir. In southeast corner of Section 6, Twp. 3 N., Range 3 West, B.M. 5 ft. weir diverting water into earth section ditch.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Four to five second feet. Three second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Both irrigation and domestic uses. The water is applied on portions of the NW $\frac{1}{4}$ (23 acres), the SW $\frac{1}{4}$ Section 24 (57 acres) and the NW $\frac{1}{4}$ SE $\frac{1}{4}$ (40 acres) Section 24, Twp. 3 N., Range 3 W., B.M. Cultivated land with varied general crops. Buildings and fences.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Loam soil; one miners inch per acre.

6284

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ----- NO -----

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the season of 1917-18 in passing these lands while on official trips for the U. S. Reclamation Service.

(Sign)

Kennith B Keener

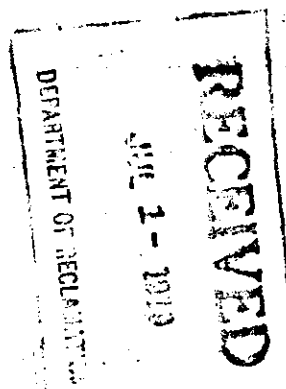

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 30th day of June A. DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 6284

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On June 30th, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at the office of Geo. W. Lyle, Boise, Idaho

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

(Date) April 24, 1919.

(P. O.) Boise, Idaho.

TO THE STATE ENGINEER:

Boise, Idaho.

DEAR SIR:

You are hereby authorized to have the attached notice published at my expense in the _____
Caldwell News of Caldwell, published
in the county in which the works are situated.

Project Engineer, U.S.R.S.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

NOTICE FOR PUBLICATION

NOTICE OF PROOF OF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 a. m. on the 30th day of June, 1919,
at Boise, County of Ada, State of Idaho,
before Geo. W. Lyle, Notary Public, proof will be submitted
of the application to beneficial use of 2.4 cubic feet per second of the
waters of Upper Deer Flat Drain in accordance with the terms and conditions of
Permit No. 6284 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are
United States Reclamation Service, Boise, Idaho.
2. The use to which said water has been applied is Irrigation
3. The amount applied to beneficial use is 2.4 second feet
4. The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) W $\frac{1}{2}$ NW $\frac{1}{2}$ Sec. 25, SW $\frac{1}{2}$ and NW $\frac{1}{2}$ SE $\frac{1}{2}$ Sec. 24, T 3 N., R. 3. W.,
B. M.
5. The name of the canal or ditch or other works by which said water is conducted to such place
of use is Upper Deer Flat Drain
6. The right to take water from such works is based upon Permit No. 6284
7. The source of supply from which such water is diverted is Seepage water from
Deer Flat Drain
8. The date of the priority which said user is prepared to establish is April 25, 1910.

State Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

F. E. Weymouth,
Supervising Engineer, U. S. R. S. City, Boise, Idaho, May 17, 1915.
Dear Sir:

Under the terms of your permit No. 6284 you are required to complete your diversion works on or before July 7, 1915. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. M. Smith,

State Engineer.
