County of Canyon)

TRANSFER No. 50

63-0151

63-0152

John S. Swisher, being first duly sworn, upon his oath deposes and says:

That he is the owner of a decreed water right, being Right No. 19, under the Decree hereinafter referred to, appurtenant to the following described lands, to-wit:

"The Northeast quarter of the Southwest quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$) and Lots Two, Three, and Six (2,3,6) of Section Thirty-one (31) in Township Five (5) North of Range Four (4) West of the Boise-Meridian, in Canyon County, Idaho",

as evidenced by the Decree dated January 18th, 1906, in the cause entitled "Farmers' Co-operative Ditch Company", plaintiff, vs. "Riverside Irrigation District, Ltd.", defendant, brought in the District Court of the Seventh Judicial District of the State of Idaho,

That the said water right has been, for more than five (5) years immediately last past, diverted from the Boise River at a point at or near the Southeast (SE) corner of the Southwest quarter (SW $\frac{1}{4}$) of Section Seven (7) in Township Four (4) North of Range Three (3) West of the Boise-Meridian, through and by means of that certain ditch commonly known as, and named, "Eureka Ditch",

That he intends to change the point of diversion as above-indicated and as described in said Decree, to the following described point, to-wit:

"At a point 1360 feet North 49°45' East of the Southwest (SW) corner of Section Thirty-four (34) in Township Five (5) North of Range Four (4) West of the Boise-Meridian",

through that certain ditch known as and named "Bowman Ditch",

That such change will be made for the following reasons, to-wit:

1. That it will overcome, to a large degree, the loss by evaporation, infiltration and depercolation between the point of diversion and the point of application.
2. That it will materially decrease the cost of operation to this affiant and reduce the necessity of constructing flumes and raised ditches to cross sloughs and depressions between the said lands and the ditch system through which the water is now diverted,

3. That it will bring the water upon those portions of the said land from which it can be most conveniently and economically distributed for irrigation purposes.

That no-one will be injured by such change, and that deponent will make such change at his own risk.

John D. Swisher

Subscribed and sworn to before me, this 31st day of March, 1920.

John S. Swisher

Right No. 19- Boise River Decree

April 1, 1920.

Re Change Diversion.

Mr. E. A. Walters,
Attorneys at Law.
Caldwell, Idaho.

Dear Sir:--

We are in receipt of your letter of the 31st ult., enclosing affidavits of Bird Bowman and John S. Swisher for change of points of diversion of decreed water rights. These will be placed on file in this office for future reference. No certificate is required from this office to make the changes desired.

Very truly yours,

W. G. SWENLSEN,

Commissioner of Reclamation.

Honorable W. G. Swendsen,
Department of Reclamation,
Boise, Idaho.

Dear Sir:

Herewith find enclosed the applications of Bird Bowman and John S. Swisher for permit to change the point of diversion of water.

You will note that the water is to be used upon the same land to which it was decreed by the Stewart Decree. I am forwarding you, under separate cover, Maps in duplicate showing the present point of diversion and the point at which they desire it diverted.

Sincerely yours,

T. A. Walters
