State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

WATER RIGHT NO. 63-11727

Priority: February 4, 1994 — Maximum Diversion Rate: 0.12 CFS; Maximum Diversion Volume: 9.8 AF

This is to certify, that DAVID ADAMSON
MIRIAM ADAMSON
1320 SMITH AVE
NAMPA ID 83651 has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated March 23, 1992; and has submitted Proof of Beneficial Use on February 4, 1994. An examination indicates that the works have a diversion capacity of .140 cfs of water from a **GROUNDWATER** source, and a water right has been established as follows:

BENEFICIAL USE	PERIOD OF USE	RATE OF DIVERSION	ANNUAL VOLUME
IRRIGATION	03/15 to 11/15	0.06 CFS	9.0 AF
STOCKWATER	01/01 to 12/31	0.02 CFS	0.2 AF
DOMESTIC	01/01 to 12/31	0.04 CFS	0.6 AF
	Totals	0.12 CFS	9.8 AF

LOCATION OF POINT(S) OF DIVERSION: SENE , Sec. 20, Township 03N, Range 02W
CANYON County

PLACE OF USE: IRRIGATION

TWN	RGE	SEC	ACRES	ACRES	ACRES	TOTAL
03N	02W	20	SENE 2			2

Total number of acres irrigated: 2

PLACE OF USE:
STOCKWATER, same as IRRIGATION use

PLACE OF USE:
DOMESTIC, same as IRRIGATION use

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of u
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

AUG 08 1994

State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

WATER RIGHT NO. 63-11727

CONDITIONS/REMARKS:

5. This right when combined with all other rights shall provide no more than .03 cfs per acre nor more than 4.5 afa per acre for the lands above.
6. Stockwater use is for 6 horses.
7. Domestic use is for 1 home.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 29th day of July, 1994.

Acting for R. Keith Higginson, Director

AUG 08 1994

BEFOR[redacted]THE DEPARTMENT OF WATER R[redacted]URCES

OF THE

STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 63-11727	
	ORDER OF
IN THE NAME OF DAVID AND MIRIAM ADAMSON	**REINSTATEMENT**

This matter having come before the Idaho Department of Water Resources (Department), the Department makes the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. On August 27, 1992, the Department issued Permit No. 63-11727 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before September 1, 1993.

2. On June 30, 1993, the Department sent a proof due notice to the permit holder.

3. On September 8, 1993, the Department sent a lapse notice to the permit holder.

4. During the week of January 24, 1994, the permit holder contacted the Western Region to inquire about the status of the permit. The Department informed the permit holder (Dave Adamson) that the permit had lapsed and had become of no further force nor effect. The Department also informed the permit holder that an acceptable proof would need to be submitted before the file could be reinstated.

5. Section 42-218a.2., Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received, upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

6. From the telephone conversation between the permit holder and the Department, the Department determined the water had been beneficially used during the allowed development period. The permit holder stated the proof was not filed timely due to the fact that his proof forms were misplaced.

7. On February 4, 1994 the permit holder submitted an acceptable proof of beneficial use form.

[redacted]

APR 15 1994

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used within the authorized development period.

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The department should reinstate the permit with the date of priority advanced to the date proof of beneficial use was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 63-11727 is REINSTATED.

IT IS FURTHER ORDERED that the date of priority of this permit is advanced to February 4, 1994.

Dated this 24th day of February, 1994.

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 63-11727 Telephone No. 466-6439
2. Name(s) of Permit Holder(s): David & Miriam Adamson
3. Mailing Address: 1320 Smith Ave, Nampa, ID 83651
4. Source of Water: Groundwater

   If **GROUNDWATER**, Well Driller's Name: Bill Doty Drilling Date Drilled: 1975

   OPTIONAL:
   Pump horsepower: 3 Pressure (psi): 40/60 Dynamic pumping level (ft.): 10'
5. Extent of Use (as authorized by the permit):

   Domestic 1 (No. of households) Stockwater 6 Horses (No. and type of stock)

   Irrigation 2 (No. of acres) Other
6. Total rate and/or volume for which proof is submitted .12 cfs **OR** _____ acre/feet
7. Refer to the approval conditions on your permit and respond accordingly:

   Measuring device: Required? ___ Yes ✓ No Installed? ___ Yes ___ No

   OR

   Flow Measurement Port: Required? ___ Yes ✓ No Installed? ___ Yes ___ No
8. Fee Enclosed: $ 50.00 (See License Fee Schedule on back of Instruction Sheet)
9. Person to contact to accompany the Department representative during field examination of the water system.

   Dave Adamson 466-6439
   Name Telephone No.

   1320 Smith Ave, Nampa, ID 83651
   Address
10. The above information is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the state of Idaho.

2. **Measurements:** _____

AUG 08 1994

E. NARRATIVE/REMARKS/COMMENTS

OVERLAPS – P/D Same QQ, different P/D's.
P/V Same QQ, different places of use.

A 3 h.p. pump supplies water from 6" well to home, pasture, sheds. Domestic use is for one home. Lawn is irrigated by underground sprinkling system; STOCKWATER is for 4 horses; Irrigation is for pasture and Lawn area, comprising approximately 2.0 acres. 30% Lawn and pasture are irrigated by underground system. A spigot with a 1½" diameter fire hose, located near shed/garage in back. Hose used to clean drilling and pump Trucks & equipment.
The theoretical capacity of system is 0.15 cfs, which is greater than the 0.12 cfs requested on permit. ~~0.06~~ 0.04
~~See~~ Therefore, recommend Licensing for ~~0.12~~ cfs for domestic, 0.02 cfs for STOCKWATER, and 0.06 cfs for IRRIGATION of 2.0 acres. A TOTAL of 0.12 cfs.
Note: No adjudication claim filed.

Theoretical: $Q = \frac{(8.8)(0.7)(3)}{13+(2.31 \times \frac{55}{40})} = \frac{18.48}{\frac{105.4}{128.5}} = 0.15$ cfs

NOTE: Dynamic Pumping Level determined by offset diagram and specifications.
System pressure stays at 40 psi, and raises to 60 psi when pump kicks in. Used 50 as average.

Have conditions of permit approval been met? ✓ yes ___ no

AUG 08 1994

F. FLOW CALCULATIONS

____ Additional Computation Sheets Attached

Measured Method:

(See Narrative for Theoretical System Capacity Calculation)

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$V_{I.R}$ = (Acres Irrigated) x (Irrigation Requirement) = 2.0 x 4.5 = 9.0 AFA

$V_{D.R.}$ = [Diversion Rate (cfs)] x (Days in Irrigation Season) x 1.9835 = 0.06 x 246 x 1.9835 = 29.3 AFA

V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 9.0 AFA

2. Volume Calculations for Other Uses:

Domestic — $V_{Internal}$ = 0.6 AFA

Stock — $V = \frac{4\ (12\text{gpd} \times 365)}{325,850} = 0.06$ AF

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use From	Period of Use To	Rate of Diversion Q (cfs)	Annual Volume V (afa)

PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 63-11727

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Enclosed is an order reinstating your permit since the Proof of Beneficial Use form was submitted after the proof due date. Please note that your priority has been advanced to February 4, 1994. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise, at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

Enclosure

c: IDWR - Region

RECEIVED
APR 15 1994

M E M O R A N D U M

Date: February 24, 1994

From: Julie L. Yarbrough

To: File No. 63-11727

Subject: Late Proof

The permit holder (Dave Adamson) spoke to Rob Whitney at the Western Region to inquire on the status of his water right. Rob informed him that the permit had lapsed, since the proof due date had passed and we had not received proof. The permit holder explained that the well has been in use during the authorized development period. He further explained that the proof due notice must have been misplaced (he runs a business out of his home and his wife does the paperwork). I am satisfied he has shown sufficient proof of development.

APR 15 1994

WARNING

CANCELLED OR LAPSED

This permit has been officially CANCELLED or LAPSED.

Ninety days following the date of official action this file will be DESTROYED.

LAPSE NOTICE

RE: PERMIT NO. 63-11727

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the abo e referenced permit has lapsed and is of no further force nor e fect. The department provided the proper forms to you in our p oof due notice dated June 30, 1993. No further construction or a ditional development is authorized under this permit unless it s reinstated.

The permit can only be reins ated if you submit an acceptable proof of beneficial use or a acceptable request for extension of time to the department wi hin sixty (60) days of the mailing of this lapse notice. An ac eptable proof of beneficial use submittal must include the e amination fee or a completed field examination report. A reque t for extension of time must be accompanied by a fifteen dol ar ($15) fee.

Enclosed again for your use re a proof of beneficial use form and a request for extension f time form. Please note that only one extension of time can be granted unless the project has not been completed because of la k of a necessary approval by a government agency or by liti ation which may bring title to the water in question.

NAMPA ID 83652

PROOF DUE NOTICE

RE: PERMIT NO. 63-11727

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before September 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 63-11727

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

You should be aware that you are located within a drainage basin where surface water diversions are regulated by a watermaster. It is possible that diversion of groundwater under your permit may cause a reduction of surface water flow. Siting your well as far as possible from surface water channels and casing your well so that groundwater tributary to surface water flows are not diverted will reduce the potential for the watermaster to regulate your water use.

Sincerely,

MICROFILMED

MEMORANDUM

TO: Application 63-11727

FROM: Brenda

DATE: August 25, 1992

RE: PERMANENT PERMIT

==========

The above referenced application should be considered exempt from the Snake River Basin Moratorium criteria because it is a pre-existing development. See copy of Director's July 1, 1992 memo in file which exempts pre-1987 development from the Snake River Basin Moratorium and allows said applications to be processed as permanent permits.

CECIL D. ANDRUS
GOVERNOR

R. KEITH HIGGINSON
DIRECTOR

MEMORANDUM TO: Staff

FROM : R. Keith Higginson

DATE : July 1, 1992

SUBJECT : Snake River Basin Moratorium

COPY

As expected, the moratorium on new uses of surface and ground water of the Snake River Basin upstream from the Weiser gaging station has generated several questions concerning intent.

You will recall that the moratorium provided several exceptions:

domestic uses
nonconsumptive uses
drought wells
drilling permits to replace or deepen

It appears that a number of situations have been identified where applications for permits have been filed to cover presently existing uses of water. I see no reason to hold up the processing and approval of such permits since it will make no difference on the quantity of water that is being withdrawn in the basin during this drought period. If we are not going to consider issuing permits to cover such existing uses then we need to issue cease and desist orders to stop the use. I don't want to take that action where there is an alternative.

Therefore, the purpose of this memo is to advise that it is the intent of the moratorium order issued on May 15, 1992 to hold up the issuance of permits authorizing new or expanded uses of water within the Snake River Basin. The moratorium may be interpreted to allow the continued processing and approval of applications proposing to cover an existing use. Such existing use must predate the start of the Snake River Basin Adjudication in November 1987.

RE: Application for Permit No. 63-11727

Dear Applicant(s):

On May 21, 1992, the Department of Water Resources sent you a letter explaining that a moratorium had been declared on the approval of certain pending and future applications to appropriate water in the Snake River Basin.

The letter included a request to complete and return to us a "Moratorium Exemption Questionnaire". The information would determine whether your proposed use(s) would qualify for the supplemental irrigation exemption, be partially approved, or be held without action. As of this date, the Department has not received the questionnaire. Enclosed is another one for your convenience.

Please return the questionnaire within twenty (20) days of the date of mailing of this letter, or the Department will initiate proceedings to void your application.

If you have any questions regarding this request, please contact me immediately at 327-5452.

Sincerely,

Brenda L. Miller

Enclosure

Brenda, we live on 3 acres of which we sprinkle approx 1½ acres. Our well has been in and we've used it for over 10 years house use - eating drinking etc. We filed for water rites long ago but didn't carry through with some paper work so finally we tried it again when we got around to it and wouldn't you believe all the big moratoriums came along. We hardly use over 2500 gpd. we don't grow any crops our pasture is grass only - if its a big problem forget it. Dave

MORATORIUM EXEMPTION QUESTIONNAIRE

IF YOUR APPLICATION PROPOSES AN IRRIGATION USE, PLEASE COMPLETE AND RETURN THE FOLLOWING:

- Has ALL the land you propose to irrigate been irrigated with surface water in the past?

- Do you summer fallow any of your irrigated land? If so, how many acres?

- List the water right(s) you have used to irrigate the land listed on the application. If you have received water from a canal company or water district, please identify the canal company or water district.

- During the last ten years, how many years has your surface irrigation water been available for the entire irrigation season?

- What crops have you grown in the past ten years?

I understand if my proposed diversion of groundwater is approved as a supplemental use, that I can only use my well during periods of drought, when a full supply of water is not available. I also agree that my surface water will be fully used to the extent available, will not be sold or used on other lands, and that a change in use of my surface water may result in revocation of any groundwater right granted pursuant to my application for supplemental water.

Dated this _____ day of _____, 1992.

RE: Application for Permit No. 63-11727

Dear Applicant(s):

On May 21, 1992, the Department of Water Resources sent you a letter explaining that a moratorium had been declared on the approval of certain pending and future applications to appropriate water in the Snake River Basin.

The letter included a request to complete and return to us a "Moratorium Exemption Questionnaire". The information would determine whether your proposed use(s) would qualify for the supplemental irrigation exemption, be partially approved, or be held without action. As of this date, the Department has not received the questionnaire. Enclosed is another one for your convenience.

Please return the questionnaire within twenty (20) days of the date of mailing of this letter, or the Department will initiate proceedings to void your application.

If you have any questions regarding this request, please contact me immediately at 327-5452.

Sincerely,

Brenda L. Miller
