Dear Water Right Holder(s):

The assignment of ownership on the above referenced water right is satisfactory and we have modified our computer records to reflect this change of ownership over to you.

The above mentioned water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the actual use of water found by a representative of our department at the time of the field examination. The enclosed Application for Amendment contains this information. Please review carefully and if you concur, sign the amendment and return with the \$50.00 filing fee within 14 days.

The last page of the Application for Amendment form contains a list of CONDITIONS/REMARKS proposed for the license when it is issued. These conditions/remarks may be modified upon further administrative review.

If you do not concur or have any questions with this information, please contact me as soon as possible. My telephone number is (208) 327-7947.

SUBJECT: New Owner

=====

On April 5, 1995 I received a phone call from Jim Osterberg, the new owner of the property on Linder in Eagle. He was concerned that we still do not have him listed as the owner , plus the fact that an amendment was due and outstanding. I expressed to him that the previous owner had contacted us for an assignment form and that we would notify him as soon as that was processed. Also that we would not void the amendment before he had his proper paperwork and had time to reply in a timely manner.

After speaking to your supervisor on March 20, as you were out of town, he indicated that we needed to ask for an extension on this license. We sold this property and are in the process of determining what to do with this water right.

We would also request that you send us the appropriate forms so that we may transfer title, if licensed, to the owners of the Linder property.

You can reach me at 362-5890 for any questions.

On March 3, 1995 the following letter was sent to the permit holders at 1320 Linder, Eagle, ID. This address was on record throughout their file. On March 9, 1995 the correspondence was returned to us by the postal system saying that a forwarding order for Kevin Devereaux was expired. I then looked up the permit holders name in our current US West telephone directory and forwarded the letter to the permit holder(s) at that address on 3/14/95: 3593 S Summerset Way, Boise, ID 83709

Per telecon w/ Jill Devereaux the land under this rt. has been sold to someone else. She needs time to contact the new owner, to send the license amendment to.

If we don't hear receive the amendment in 20 days send the second amendment to the above address.

RE: WATER RIGHT NO. 63-11597

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the actual use of water found by a representative of our department at the time of the field examination. The enclosed Application for Amendment contains this information. Please review carefully and if you concur, sign the amendment and return with the \$50.00 filing fee within 14 days.

The last page of the Application for Amendment form contains a list of CONDITIONS/REMARKS proposed for the license when it is issued. These conditions/remarks may be modified upon further administrative review.

If you do not concur or have any questions with this information, please contact me as soon as possible. My telephone number is (208) 327-7947.

E. NARRATIVE/REMARKS/COMMENTS

A 2 HP pump with a 2" intake ^{pipe} supplies water to a .3 ac lawn and 5 horses. The source is an unnamed stream, locally known as the middle channel of the Boise River. The stream naturally flows by the P/M before going under the middle timbered bridge. The .5 af pond originally proposed was never developed. The domestic and stock uses that were developed are within the permit's implied volume limitation. The lawn is irrigated by rainbird pop-up sprinklers. A 50 gal aluminum tank is used to provide stockwater. A well supplies internal domestic water and also stockwater. No other water uses are used.

G. VOLUME CALCULATIONS

(permit implied volume limit: $.04 \times 365 \times 1.9835 = 29 \text{ afa}$)

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = .3 \times 4.5 = 1.4$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .03 \times 246 \times 1.9835 = 14.6$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = .6 \text{ afa for domestic lawn}$$

2. Volume Calculations for Other Uses:

$$5 \text{ horses} \times 12 \text{ gpd} \times 365 \text{ days} / 325,850 = .07 \text{ or } .1 \text{ afa}$$

$$.02 \times 1.9835 \times 365 = 14.5$$

Re: Permit No. 63-11597

Dear Permit Holder:

Returned is the proof of beneficial use you submitted in connection with the above referenced permit. Unfortunately, it is unacceptable as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a groundwater source.
2. The rate of diversion must be .04 cfs or less.

As you can see, you do not meet requirement #1 since you use an unnamed stream tributary to the Boise River (surface) for your source. Therefore, a license examination fee of \$50 applies to your permit. I have enclosed a copy of the Instructions for the Proof of Beneficial Use for your convenience.

In order to meet all of the required dates, you will need to return the proof and fee on or before December 1, 1992.

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Karen L. Gustafson'.

Re: Permit Number 63-11597

Enclosed is our "Proof of Beneficial Use" form as you requested. As indicated on item #7, you are requesting a measuring device be installed. The aesthetic pond we built was basically the widening of an existing stream which is approximately 20-23 feet wide where it enters and exits the pond. We hereby ask that you waive the requirement for a measuring device to be installed.

I will be happy to meet with you or discuss this matter further over the phone. My phone numbers are listed on the form enclosed.

Sincerely yours,

Kevin Devereaux

PROOF DUE NOTICE

RE: PERMIT NO. 63-11597

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

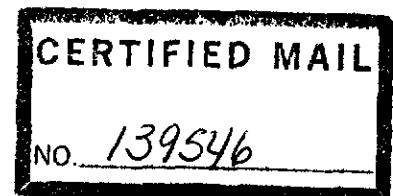

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
