Department of Water Resources

Dear Ms. Fleck:

This letter is to notify the Idaho Department of Water Resources that the Forest Service has not completed the necessary work to file a Proof of Beneficial Use for Water Rights Permit No. 65-12661 at the Bonneville Campground. All attempts to find potable water at the subject site were unsuccessful, and we have no intentions to make additional attempts at this time. Please rescind the permit and remove it from your records.

Similarly, we have no intentions of developing water for Application for Permit No. 65-12543, located in Timber Gulch. The spring appears to have dried up so we are unable to develop livestock water. Please rescind this permit and remove it from you records.

Enclosed are completed Proof of Beneficial Use forms for Water Right Permits Nos. 37-08524, 63-10825, 63-10826, 63-10827, 63-10828, 63-10829, 63-10830, 63-10831, 65-12864, and 65-12865. None of these permits require a license examination fee.

Sincerely,

LAPSE NOTICE

RE: PERMIT NO. 63-10825

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated August 31, 1990. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 63-10825

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
