Re: Permit No. 63-10635

The department has evidence that you submitted a proof of beneficial use form for the above referenced permit. We, both the regional office and this office, are unable to locate it. Please re-submit the enclosed form.

Upon receipt of the form, I will reinstate the permit with no advance in priority. This will allow the permit to continue to licensing process.

MEMORANDUM

TO: Rita Fleck
FROM: Dave Tuthill *DT*
RE: 63-10635
DATE: October 20, 1989

RECEIVED
OCT 24 1989

Department of Water Resources

On October 19, 1989, Mrs. Marva Edwards called this office to say that she had received a letter from the state office indicating that the above-referenced permit was being lapsed. She was surprised to have received this letter because she stated that she had filed proof of beneficial use for this water right during August.

Kelly Christensen received the call and researched the receipt information. He found that receipt no. W004823 indicated the receipt of exam fees totaling \$100 from Floyd or Marva Edwards on August 22, 1989. A copy of this receipt is attached.

I have researched our computer records regarding water rights in the name of Floyd or Marva Edwards, and have found that the only permit that was eligible for proof during August of 1989, was permit no. 63-10635. Therefore, even though the proof of beneficial use form does not appear to be in either the western region file or the state office file, circumstantial evidence indicates that proof was indeed filed on August 22, 1989. The purpose of this memorandum is to request that the permit be reinstated as of that date.

LAPSE NOTICE

RE: PERMIT NO. 63-10635

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper form in our proof due notice to you dated May 31, 1989.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

MEMORANDUM

TO: GARY SPACKMAN
FROM: JAN SHURTE 
SUBJECT: AMENDMENT OF PERMIT NO.'S 63-10425 & 63-10635

AN AMENDMENT WILL BE NEEDED FOR THE ABOVE PERMITS PRIOR TO LICENSING. THIS AMENDMENT IS TO CHANGE THE RANGE FROM 1E TO 1W ON BOTH PERMITS. I ORIGINALLY ASSISTED THE EDWARD'S IN FILING THE FIRST APPLICATION FOR THIS WELL(63-10425) AND AT THE TIME OF COMPLETION OF THE APP., I MADE AN ERROR IN THE RGE. THE EDWARD'S HAD OTHER PERMITS ALREADY ON FILE THAT I HAD WORKED WITH PREVIOUSLY AND THE ERROR IN THE RGE. IS DEFINITELY MY MISTAKE. THEREFORE, I DO NOT FEEL THEY SHOULD BE REQUIRED TO PAY THE AMENDMENT FEE WHEN THEY HAD GIVEN ME THE CORRECT RGE. AT THE TIME THE APPLICATION WAS COMPLETED. THEN, MR. EDWARDS NEEDED TO FILE AN ADDITIONAL APPLICATION FOR MORE WATER FOR THE SAME WELL. HE COMPLETED THE SECOND APPLICATION(63-10635) USING THE EARLIER PERMIT AS A GUIDE. AGAIN, I FEEL THEY SHOULD NOT BE REQUIRED TO PAY THE AMENDMENT FEE ON THIS ONE. THIS REQUEST IS UNUSUAL, BUT I KNOW THAT THE RGE. WAS INCORRECTLY LISTED AT THE TIME I COMPLETED THE FIRST APP. LET ME KNOW WHAT YOU THINK ABOUT THIS REQUEST.

P.S.- PERMIT NO. 63-10425 IS COMING UP FOR LICENSING SOON.

PROOF DUE NOTICE

RE: PERMIT NO. 63-10635

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck

RE: PERMIT NO. 63-10635

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct you attention to the conditions of approval on the final page.

Be sure to note the special condition requiring you to install a measuring device, or a flow measurement port to provide for the installation of measuring equipment by the Department. Enclosed please find a list of measuring device options, and specifications for the installation of the flow measurement port.

You should be aware that the groundwater you propose to divert is located within a drainage basin where surface waters are regulated during the months of low flow. It is possible that diversion of groundwater may have an adverse impact on these surface water flows. Information available to us at this time does not warrant refusing to issue permits in your area, but we do caution that diversions of groundwater are not allowed to deplete flows available for surface water users with earlier priority dates. Siting your well as far from surface sources as possible and casing out upper water producing zones may reduce the potential of interference.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is the statement of beneficial use that must be submitted when your project is completed.

Sincerely,

Gary Spackman
