Dear Mr. Hoagland:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Boise.

Sincerely,

Dear Mr. Hoagland:

One of the conditions of approval of your water Permit No. 57-7044 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

C Dear Mr. Hoagland:

We are returning your application for permit and personal check, no. 92-269, in the amount of \$30.00.

O We find in reviewing your application that we will need some clarification as to the point or points of diversion that you have listed under item 3a. Under item 3a, you have listed three points of diversions, located within Sec. 18, T. 15S, R. 2W, B.M., but on the map that you submitted with the application, you have listed only one point of diversion in the same section, township, and range.

P Once you have clarified these issues and resubmitted the application with the \$30.00 filing fee, we can begin the processing of the application. However, before we can take final actions on the approval of this application, we will need verification from the Bureau of Land Management of the approval of the desert entry involved.

If we may be of any further assistance in this matter, please feel free to contact us.

Very truly yours,
