Gentlemen:

The Department of Water Resources acknowledges receipt of your water right applications for permit. The applications have been assigned identification Nos. as listed above. Please refer to these numbers in all further correspondence.

This office advertised the applications on 8/6 & 8/13/87. The advertisements were published correctly for two weeks, and a period of ten days following the second publication were allowed for the submittal of protests. August 24, 1987 is the deadline for the submittal of protest.

If the applications are protested, you will be sent copies of the protest. The protests must be resolved before the applications are approved or denied. If the protests are not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the applications are not protested, they will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the applications and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Enclosed are copies of applications on which minor changes were made by this office based on a telephone conversation with Dewayne Wilson of your office on June 23, 1987.

Please contact this office if you have any questions.
