WATER RIGHT LICENSE

License of Water Right No. 45-7278 Priority December 6, 1976 Amount 0.24 cfs

THIS IS TO CERTIFY, that Fred Hill & Tom Church
of Burley, Idaho, has complied with the terms and conditions of Permit
No. 45-7278 issued pursuant to Application for Permit dated December 6, 1976,
and has submitted proof to the Department of Water Resources on January 4, 1982,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.24 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u> from <u>January 1</u> to <u>December 31</u> at <u>0.24</u> cfs and <u>7.2</u> acre feet			
<u>(6 Units)</u>			
from _____ to _____ at _____ cfs and _____			
from _____ to _____ at _____ cfs and _____			

(both dates inclusive)

Subject, however, to the condition that no more than 0.24 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
7.2 acre feet per year, said waters to be diverted within the Gov. Lot 3 (SE 1/4 NW 1/4)

On October 8, 1985, Tom Church called our office in response to our 10-day pre-license letter. He stated that the duplex that Jim Stanton found during his examination was actually a four-plex and our license should reflect water use for 6 units instead of 4 units. Mr. Church followed this up by writing correspondence of October 8, 1985, per my suggestion.

Re: Permit No. 45-7278

Dear Lady and Gentlemen:

I have received your communication of October 2, 1985, which is addressed to Fred Hill and me, which letter was mailed to Fred Hill.

In the letter you stated that a representative of the Department of Water Resources had made an examination of the works covered by our permit and found the following:

- (1) Amount of water that can be recognized as beneficially used under Idaho law: 0.16 cfs.
- (2) Source: Groundwater
- (3) That the maximum quantity diverted shall not exceed 4.8 acre feet per year.
- (4) Points of diversion: Gov. Lot 3 (SENW), Sec. 27, Twp. 10 S., Rge. 23 E.
- (5) Beneficial Use: Domestic use for 4 units within SWNE (Gov. Lot 3), Sec. 27, Twp. 10 S., Rge. 23 E.
- (6) Priority date established: December 6, 1976.

I do not concur with the findings above set forth for the following reasons. It is my opinion that the point of diversion of the well is in Lot 3 of Section 27, Township 10 South, Range 23 East, and so are the dwellings. It is my opinion that none of the dwellings are within the SW¹/₄NE¹/₄ of said Section 27 as indicated in the letter.

*Lot 3 is
SWNE per
gov't plat
review.*

Attention: Ms. Kay Walker
Page 2
October 8, 1985

Furthermore, I would like to point out that there are six homes using the well. It is my understanding that the representative of the department making the examination of the premises concluded there was a duplex and two homes using the water. Actually there are four townhouse units and two separate homes using the water. Starting on the southerly portion of the property on which the homes are located and going northerly, the owners are: Mr. and Mrs. Tom Rudy (separate home), whose address is 200 Churchill Drive; Donald G. Emigh (townhouse), whose address is 202 Churchill Drive; Mr. and Mrs. J. A. Parsons (townhouse), whose address is 204 Churchill Drive; Mr. and Mrs. William Parsons (townhouse), whose address is 206 Churchill Drive; Mr. and Mrs. Thomas H. Church (townhouse) whose address is 208 Churchill Drive; and, Mr. and Mrs. Isaac Lee (separate home), whose address is 210 Churchill Drive, all in Burley, Idaho.

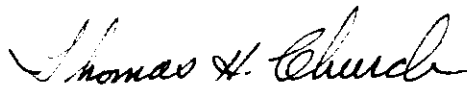

It is my understanding from our telephone conversation that each dwelling is allowed 1.2 acre feet per year for domestic purposes, that is, irrigating the lawn, garden and the use of the water in the house for drinking, bathing, cooking, etc. That being the case, since there are six family dwellings using the well, then the maximum quantity diverted to be used in the well should be raised to 7.2 acre feet per year and correspondingly, the state should recognize that the amount of water beneficially used under Idaho law is 0.24 cfs.

I shall appreciate it if you would consider the contents of this letter and issue the water license recognizing 0.24 cfs.,³⁴ being beneficially used and that the maximum quantity diverted shall not exceed 7.2 acre feet per year.

I shall appreciate hearing from you on this matter.

Very truly yours,

Mr. Church called to say that there are actually 6 domestic units under this right. Says that the duplex found at place of use is actually a 4-plex. He will be sending in some correspondence to back this up.

Also, Mr. Church gave me his own address of P.O. Box 1286, Burley, Id., so that we could send him our future correspondence since his brother-in-law (Fred Hill) travels to Arizona in the winter.

Hold licensing until we receive Mr. Church's correspondence and either do a re-exam or just re-evaluate this exam. KW

Dear Mr. Hill:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Field examinations must be done while the system is in operation. For this reason we concentrate on irrigation permits during the summer months and do examinations on permits for other uses during the non-irrigating months.

If you have any questions regarding the field examination, please contact our office.

Re: Application for Permit No. 45-7273 - Fred Hill and Tom Church

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

In order to receive payment, an affidavit of publication must be submitted to the Department along with the publication bill.

Sincerely,

Michael L. Steele
Southern Region Supervisor
