One of the conditions of approval of your water Permit No. 45-7192 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1978. Dear Sir:

I would like to request an extension of time on my well permit number 45-7192.

When we first ~~started~~ started the well East End Mutual said as a member they would run electric power to our well site free of charge since that time they are out of funds for such work. It will now cost me around three thousand dollars to have power put down there. Financially at this time I can't.

I would like a years extension if possible. If not six months -

Thank you for any consideration on this.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
