Dear Mr. Conrad:

Enclosed herewith is your Water License issued on your above numbered permit. Please be advised that this license was issued for the maximum allowable. Your permit was for 2.94 c.f.s. of water for irrigation of 147 acres of land.

You should be aware that continued diversion of the additional 1.95 c.f.s. is without benefit of a water right and contrary to Idaho law. If you intend to continue such diversion, you should submit an application to cover this additional water. We are enclosing an Application for Permit form for your use in this matter. If you should have any questions, please feel free to contact us.

Very truly yours,
