NOTICE OF APPLICATION FOR WATER

Notice is hereby given that Vera Ann Lindburg, 1025 E. Franklin, Boise, Idaho has on June 4, 1968

applied for permit to divert 1.2 cubic feet per second of water from a subterranean source under application No. 36,742. Water will be diverted by wells, pump, motors and ditch irrigation within the SE¹/₄SE¹/₄, sec. 34; SW¹/₄SW¹/₄, sec. 35, T. 10 S. R. 21 E. B.M. Cassia County and is to be used from April 1 to October 31 for irrigation in the E¹/₂NE¹/₄, sec. 33, T. 10 S. R. 21 E. B.M.

Any protest against this application must be filed with the Department of Reclamation within ten days from the last date of publication of this notice.

R. KEITH HIGGINSON
State Reclamation Engineer
Published in the South Idaho Press June 13, 20, 1968.

INITIAL CLASSIFICATION DECISION

The following described lands are hereby classified as suitable for desert land entry under 43 CFR, Subpart 2226:

T. 10 S., R. 21 E., B. M., Cassia County, Idaho
Sec. 33: E $\frac{1}{2}$ NE $\frac{1}{4}$ - 80 acres

The subject land is suitable for cultivation under irrigation. The terrain is slightly rolling, and the primary limitation is due to slope. Good conservation practices will be necessary to maintain the soil in production for a long period of time.

The State of Idaho Reclamation Engineer has lifted the critical ground-water designation on this area, and irrigation water can be obtained from deep wells. The well which the applicant proposes to obtain water has been drilled, but is not yet equipped.

Vera A. Lindburg, DLA I-016941, is the preference applicant, and she will be allowed to enter onto the land.

This decision is being sent to the following interested parties:

State Director, Idaho State Office, Boise, Idaho 83702
Cassia County Commissioners, Courthouse, Burley, Idaho 83318
Ennis Pickett, Member Advisory Board, Oakley, Idaho 83346
