Dear Mr. Conrad:

The Department is in receipt of your correspondence dated July 7, 1969. The articles which you have submitted to the Department are not those to be used in the case of your permit.

You are not longer required to advertise the fact that on a specific date you will be making proof of beneficial use of the water applied for in the permit. You will only be required to submit to the Department the enclosed form after completion of the form and notarization of it.

The Department will then come out to make the required field examination of the system and the lands which you have indicated that you have put to beneficial use under the permit.

We have enclosed the necessary form for making proof of beneficial use and if we can be of further assistance, please contact us.

Very truly yours,

Dear Mr. Conrad:

On March 15, 1968, the Burley District Manager issued an "Initial Decision" approving your desert land petition I-1779.

According to your plan of development, water for irrigation is to be obtained from a well to be drilled. You must submit evidence of your right to appropriate and use the water. The evidence should consist of a copy of a State water permit approved by the State Reclamation Engineer. Attached is an extra copy of this letter. The copy should be submitted to the State Department of Reclamation at the time you apply for a permit. Unless they have knowledge that the land of the desert land application has been classified as suitable for entry, they may decline to issue the water permit. You should make arrangements with the State Reclamation Engineer to have a copy of the permit sent to this office.

The initial decision also stated that the United States must be reimbursed for the value of the well located on the land under application. Payment in the amount of \$5,778 must be made to the Burley District Manager before a notice of allowance can be issued.

We would appreciate receiving a copy of the permit as soon as possible.

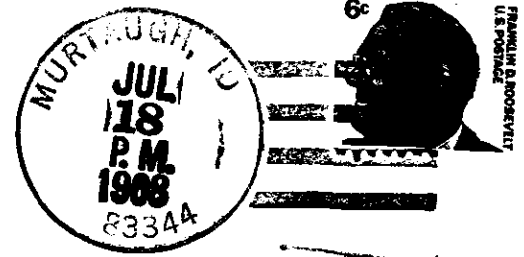

Sincerely yours,

Orval G. Hadley

Dear Mr. Conrad:

We are returning your application to appropriate the public waters of the State of Idaho and your check No. 1122 in the amount of \$47.00.

Your application is unacceptable until the proper fees are submitted with the application. There is a fee schedule at the bottom of the instruction sheet which we are enclosing for your use.

When filing a desert entry, it is necessary to submit a copy of your application to the Bureau of Land Management. If you would like this department to submit the copy for you, there will be a fee of \$1.00 which would make your total filing fee \$51.00.

Please contact us if we can be of further assistance.

Very truly yours,
