Dear Mr. Scoggin

We acknowledge receipt of the Proof of Completion of Works and Application of Water to Beneficial Use on the above numbered permit.

Under Ques. 6-a: "If this is a ground water permit, give name and address of person that drilled the well" you indicate that it is not applicable. However this is a ground water permit.

State Statutes require that every well driller must be licensed by the state, and that they must file logs on all wells they drill. We do not find a log for this well.

We would much appreciate it if you would furnish us with the name of the driller so that we may contact him for the log.

A copy of the code as it pertains to well drillers is enclosed.

Very truly yours,

A handwritten signature in cursive script, reading "R. Keith Higginson".
