RE: Water Permit No. G-32480/36-2621

Gentlemen:

We note on your recent correspondence concerning the above permit that it authorizes the diversion of 4.45 cubic feet per second of ground water. However, when the four wells which we have at this facility are operating at full capacity we have the ability to divert 11.79 cubic feet per second.

Should we apply for a new permit before we have our public notice published? If so, please forward the necessary instructions and forms so that we may properly comply with this law.

Thank you for your help.

Boise, Idaho.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28580, in the name of Ore-Ida Foods, Inc.. Final Proof is to be made before you, as Notary on the 5th day of January, 1962, ~~at 9:00~~ at 9:00 o'clock A.M., at 329 Idaho Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the Herald, Burley, Idaho with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,
