CONDITIONS OF APPROVAL AND REMARKS

1. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
2. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
3. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
5. The right holder shall measure and annually report diversions of water and/or other pertinent hydrologic and system information as required by Section 42-701, Idaho Code.
- * 6. Rights 45-02379, 45-02692 and 45-04043 when combined shall not exceed a total diversion rate of 9.22 cfs from all points of diversion, a total annual maximum diversion volume of 3913.6 af at the field headgate, and the irrigation of 985.7 acres.
- ** 7. Right 45-02379 is limited to the irrigation of 280 acres within the place of use described above in a single irrigation season.
- ** 8. Right 45-02692 is limited to the irrigation of 270 acres within the place of use described above in a single irrigation season.
- ** 9. Right 45-04043 is limited to the irrigation of 705.7 acres within the place of use described above in a single irrigation season.
10. Approval of Transfer 5192 does not confirm Claimed Right A45-04043.
11. The period of use for the irrigation described in this approval for Right 45-02692 may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 10/31 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date of this approval.

Dear Mr. Hoffbuhr:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than April 1, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.
