The approval of this permit authorizes the construction of a well as described on this application subject to the conditions on this permit.

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted.
3. The permit holder or his representative shall notify the Department ten (10) days prior to the start of construction unless good cause for later notification can be shown.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.

Re: Application for Transfer No. 45-2691

Dear Mr. Wayment:

The Department of Water Resources acknowledges receipt of your Applications for Transfer and Well Drilling Permit.

This office will be advertising the application in the South Idaho Press on 2/4 and 2/11/88. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, a regional review is required. State Office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. The Application for a Well Drilling Permit and application for Transfer will be simultaneously approved.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Loren O. Holmes, P.E.

Dear Mr. Bedke:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30985 in the name of Byron Wayment, Route # 2, Burley, Idaho. Final Proof is to be made before you, as Notary on the 10th day of July, 19 67, at ~~XXXXXX~~ 1416 Overland Avenue, Burley, Idaho.

As of this date, we have mailed the Notice to the Burley Herald Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Dear Mr. Bedke:

Returned herewith are notice of publication forms 36 and 11 for the above referenced permit.

It is noted under statement 4, point of diversion, you have listed the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 34, T. 11 S, R. 23 E, B.M.; however, as per amendment, the point of diversion of the above referenced permit is now the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 26, T. 11 S, R. 23 E, B.M.

Please advise us if you wish to amend the point of diversion of permit G-30985. Also a new date to appear before the notary public must be set when these forms 36 and 11 are returned. It is also noted there was a discrepancy on where you have listed the priority as March 1, 1963; where our records show the date of first receipt of this permit was December 20, 1962; therefore this would be the date of priority the applicant would be trying to establish. Please advise us if our records are inaccurate.

POINT OF DIVERSION

Permit No. G-30985

Comes now BYRON WAYMENT and represent s to the State Reclamation Engineer of the State of Idaho:

That he is (~~was~~) the owner~~xx~~ and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-30985.

That the point of diversion is described in said Permit as being located:

Northeast Quarter of the Southwest Quarter (NE1/4SW1/4) Sec. 35, Twp. 11S., Rge 23,

E. B. M.
That he now requests that the point of diversion be changed to a point located: Southeast Quarter of the Southwest Quarter (SE1/4SW1/4) Sec. 26,

Township Eleven (11) South, Range Twenty-three (23) East Boise Meridian

That the reason for desiring a change such as this is shown

I believe that there is a better chance of getting water at this
point.

That no one will be injured by such a change, and that such change will be made at Permit Holder's own risk.
