State of Idaho
Department of Water Administration

LICENSE OF WATER RIGHT

License of Water Right No. 30331/45-2676 Priority Dec. 8, 1961 Amount 1.11 cfs

THIS IS TO CERTIFY, that the Village of Declo
of Declo, Idaho, has complied with the terms and conditions of Permit
No. 30331/45-2676 issued pursuant to Application for Permit dated December 8, 1961,
and has submitted proof to the Department of Water Administration on December 28, 1964,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 1.11 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from a ground water source
tributary of _____, is hereby confirmed in the following amounts:

Amount 1.11 cfs for Municipal from Jan. 1 to Dec. 31 (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Subject, however, to the condition that no more than 1.11 cfs of water be diverted at
any one time, said waters to be diverted within the _____

SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 27, Twp. 10 S, Rge. 24 E, B. M.

in the county of Cassia; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 35 acre feet per year ~~xx~~

~~NEED FOR PROTECTION.~~

Description and location of place of use: Village of Declo & Vicinity.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 38364
Permit No. G- 30331
District No.

1. Name of Applicant: Village of Declo
Postoffice address: Declo County: Cassia State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second 4 or Idaho
Miners' inches 200 or gallons per minute
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean waters
4. Location of point of diversion or well is in the SW 1/4 of the SW 1/4 of Section 26
Twp. 10 S , Rge. 24 E , B.M., County of Cassia
5. Water is to be used for: Culinary water system
6. If for municipal, industrial or recreational purposes, give: Village of Declo and Vicinity, in Sections 26, 27, 34, 35
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp. 10 S.
Rge. 24 E. , B.M.
 - (b) Waste water or sewage effluent is to be returned to Individual drainage
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: 16" drilled well, 12" casing; Pump House; Turbine Pump, 500 g.p.m. 40 h.p.
10" 7 stage bowl, chlorinator, underground pipe distribution.
8. Estimated cost of works: \$ 84,438.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources: FHA Loan, SW Association Loan
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Probably none
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: The Village of Declo is a Municipal Corporation, organized in February, 1920. Bond issue previously passed to finance the installation of such a system, pursuant to IC 50-1126. Property and credit of the Village available for securing financing. FHA Loan now under study.
BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Re: Permit No. 45-2676

Mr. George Schrenk, Mayor
City of Declo
Box 141
Declo, Idaho 83323

Dear Mayor Schrenk:

In the license prepared we attempted to indicate the capacity of your pumping system. From the examiners report it appears that your maximum rate of diversion from the ground was 500 gallons per minute. However, if you can supply us with better information, regarding your system, we will consider a revision of the proposed license. The maximum amount for which the license can be issued is 4.0 cubic feet per second or 1795 gallons per minute which is the amount of the original permit.

We will withhold further action on your license until we hear from you.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Gentlemen:

A representative of this department has made an examination of the works covered by your Permit No. 30331/45-2676 and has found the following:

Quantity of water diverted: 1.11 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 1.11 cfs

The maximum quantity of water diverted shall not exceed 35 acre feet per season.

Beneficial Use: Municipal purposes for the Village of Declo & Vicinity
(Sections 26, 27, 34 & 34; Twp. 10S, Rge. 24E, B. M.)

Point of diversion: SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 27, Twp. 10S, Rge. 24E, B. M.

The priority date established is : Dec. 8, 1961

A fee totaling \$ 5.00 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth in this letter.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

Re: Permit No. **8-30331**

Geo. H. Schrenk
Chairman of the Board of Trustees
Village of Declo
Declo, Idaho

Dear Mr. Schrenk:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the BURLEY HERALD-BULLETIN, all submitted in proof of completion of works and beneficial use on Permit No. **8-30331**.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

GEO. N. CARTER

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address: George H.

Schrenk, Declo, Idaho: J. R. Simplot Company, P.O. Box 102, Declo, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf:

Municipal corporation, Village of Declo, Declo, Idaho, Chairman of the Board of Trustees.

Ques. 3. State number, approval date of permit, and date of priority you propose to establish under the permit; G-30331, December 21, 1961, December 8, 1961.

Ques. 4. State source of water supply: Subterranean water

Give location of point of diversion, showing subdivision, section, township and range:

SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 27, Township 10 South, Range 24, E.B.M., County of Cassia

Ques. 5. Describe your works of diversion: 16 inch drilled well, 16 inch casing;

pump house; turbine pump; 500 GPM; state amount of water they are capable of con-
40 h.p., 14 inch 3 stage bowl, chlorinator, underground pipe distribution.
veying from point of diversion to place of use 2,000 gal; Give name of canal or ditch
per minute

or other works by which water is conducted to such place of use: underground distri-
bution; if a well, state depth of well 306 feet; depth and size of cas-

ing: 16" casing, 306 feet; depth to water 95 feet; if pump is used,
state discharge of pump: 1,809 gal; tell how it was measured or determined: hose and
gauge on top; if sprinkler irrigation, give number and size of nozzles and
operating pressure: Not applicable

Ques. 6. State for what purpose water is used: Municipal purposes

If for irrigation, name each subdivision in which used and number of acres in each
subdivision that have actually been irrigated with said water : Not applicable

State nature of all improvements which have been made as a direct result of said use:

Well and pump house constructed and underground distribution work

resulting in pure culinary water supply and fire fighting water, etc.

Exam typed 4-5-71. (CR)

30331

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: Kester Drilling Company, Rupert, Idaho (Donald Kester)

Ques. 7. If for other than irrigation purposes, state purpose and how used:

Municipal purposes (culinary, fire and others)

Ques. 8. What is the minimum amount of water required for the purpose specified above:

200 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Permit was originally issued to the Village of Declo.

Ques. 10. State when and in what amount the water diverted under above mentioned permit has been first used: October 11, 1963 Time used since first use:

Tested and pumped also on October 12, 1963

Ques. 11. Describe all other water rights appurtenant to same place of use:

None belonging to the Village of Declo

VILLAGE OF DECLO

State place of diversion: SE¹/₄SE¹/₄ of Sec. 27, Twn. 10 South, R. 24, E.B.M.
County of Cassia.

Describe works for conveying water to place of use: 16" drilled well, 16" casing;
pump house; turbine pump, 500 g.p.m. 40 h.p., 14" 3 stage bowl. chlorinator,
underground pipe distribution.

Ques. 5. How many second feet of water do you estimate said works will safely conduct
to place of use: 2,000 gallon How much water have you seen being so
conveyed: 1,800 gallons approximately

Ques. 6. If for irrigation, show number of acres irrigated in each subdivision, giving
full legal description:
Not for irrigation

30331

Ques. 7. If for power or other purposes than irrigation, state how water has been used:

This is for municipal purposes, water has been pumped and tested for drinking, distribution system is constructed.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation:

Not for irrigation

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent: I have no interest in the works

Ques. 10. When did you first see this water used: October 11, 1963

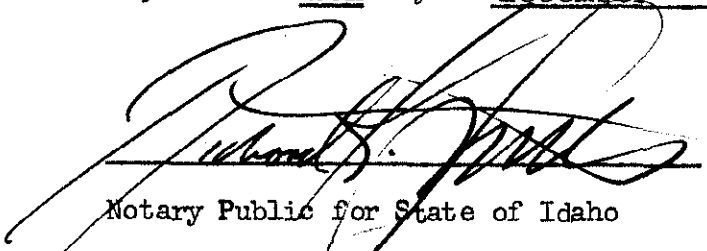

Other times you have seen such use: None to date

(Signed)

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley

 , County of Cassia, State of Idaho, on this 28th day of December,
A. D., 196⁴2.

NOTICE OF PROOF OF COMPLETION OF WORKS

RECEIVED 10/1/63
NOV 19 1964

and
APPLICATION OF WATER TO BENEFICIAL USE

Department of Reclamation

Notice is hereby given that at 3:00P M., on the 28th day of December
1964, at Burley, Idaho, County of Cassia, State of Idaho,
before Richard K. Smith, Notary Public, at (address) 137 W. 13th Street
Burley, Idaho, proof will be submitted of the completion of works for
the diversion of 4 cubic feet per second of underground water from a well, and of the
application to beneficial use of said water, in accordance with the terms and conditions
of Permit No. G-30331, heretofore issued by the Department of Reclamation of the
State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit
is Village of Declo, Declo, Idaho

2. Said works of diversion will be fully completed on the date set for such comple-
tion, and the amount of water which said works are capable of conveying to the place of
use is 4 cubic feet per second.

3. The use to which said water has been applied is municipal use.
, purposes, and the amount applied to beneficial use is
4 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 27, T. 10 S.
R 24 E, B.M.

5. The place where said water is used is Village of Declo and vicinity
Sections 26, 27, 34, 35 T. 10 S., R 24 E B M

6. The date of priority which said user is prepared to establish is December 8,
1961.

Re: Permit No. **G-30331**

**Village of Decle,
Decle, Idaho.**

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. **G-30331**. The proofs are to be made at **3:00** o'clock **P.M.**, on the **28th** day of **December**, 19 **64**, before **Richard K. Smith, 137 W. 13th St., Burley, Idaho**, Notary Public.

As of this date, we have mailed the Notice to the **Herald Bulletin** **Burley, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Application for Amendment

POINT OF DIVERSION

Permit No. G-30331

NOV 19 1964

Comes now The Village of Declo and
represent it to the State Reclamation Engineer of the State of Idaho:

That ~~he~~ it is (~~was~~) the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-30331.

at the point of diversion is described in said Permit as being located:

SW 1/4 SW 1/4, Sec. 26, T. 10 S., R. 24 E

That he now requests that the point of diversion be changed to a point
located: SE 1/4 SE 1/4 Sec. 27, T. 10 S., R. 24 E.

That the reason for desiring to make such change is as follows:

Error in original discription of point of diversion

That no one will be injured by such change, and that such change will be made
at Permit holder's own risk.

Signed at Burley, Idaho, this 18TH day of November 19 64

Attorney for the
Village of Declo

Date of receipt at Department Of Reclamation: November 19, 1964

APPROVAL OF STATE RECLAMATION ENGINEER

RAULPH W. THOMAS, Deputy

I, ~~GEORGE W. THOMAS~~, State Reclamation Engineer of the State of Idaho, HEREBY APPROVE
above and foregoing application for amendment to Permit to appropriate the Public
Waters of the State of Idaho, No. G-30331. This approval constitutes a new
permit and is issued as an amendment to the original permit, to which it refers and of
which it becomes a part, and said application is approved only insofar as the rights of
others will not be adversely affected thereby.

Re: Permit No. G-30331
Village of Declo

Parsons, Smith & Snow
Attorneys at Law
P. O. Box 670
Burley, Idaho

Attn: Richard K. Smith

Dear Mr. Smith:

We have received the report of field investigation of the well under Permit No. G-30331

The depositions of holder and two witnesses in regard to completion of works and beneficial use of the water, dated April 15, 1964, are questionable. The location was visited June 16, 1964, and the well was the only works completed. The site was revisited October 29 and found that the pump was installed October 26, 1964.

The permit shows the point of diversion to be in the SW¹/₄SW¹/₄, Sec. 26, T. 10 S., R. 24 E. Actually the well is located in the SE¹/₄SE¹/₄, Sec. 27, T. 10 S., R. 24 E., as checked on the ground and as shown on the map drawn by Wendell Smith.

It will be necessary to amend the point of diversion and re-advertise the legal notice showing correct location of the well. Form 36, 11 and amendment form are enclosed.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

Examiner.

30331

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

30331

I tried to make this inspection June 16, 1964. Could not contact any of the Village Board. They are all working in surrounding towns. Mrs. Schrenk told me where the well was located. Noted the location of the P. D. didn't correspond with the Engineers Report. Decided to wait until I could see a map of the village.

There was only the well and casing which extended $3\frac{1}{2}'$ above ground level and is 16" diameter. No pump and motor installed at this time. Measured depth to water. Static level was 101.74' from MP which was the top of the casing, less 3.5' above LSD. D/W LSD = 98.24'. When the new pump was installed 1.0' of the casing was cut off (measured.) This makes the base of the pump sit at 2.5' above LSD.

October 29, 1964

Rechecked for inspection today. The new pumping facilities were in place; new pump house and the latest of pumping and pressure system installed. There is a 30,000 gallon vertical reservoir set at ground level. The well is pumped directly into the reservoir and an 8" return line from the reservoir back through the pump house and a variable speed 10 HP centrifugal pressure pump controlled by a Flo-Master Electrolite pressure control to an 8" Measure Rite Flow Meter and buried main lines. When main line pressure drops below 60 # the 10HP pressure pump maintains, the 25 HP centrifugal fire pump cuts in automatically, and shuts off automatically when pressure stays in range of the 10 HP pump.

Found the P. D. to be different than stated on the Engineers Report and as advertised. See Engineers Report. Depositions state the same as Engineers Report.

The Deposition of Holder and witnesses show the water was put to beneficial use when they appeared before the Notary, April 15, 1964. They must have used the test pump as a basis of completion of works because the actual pump and motor is a 25 HP motor. An 8" pump was installed October 26, 1964 and was also dedicated that same day. The pipe line works and auxiliary booster pump were installed previously.

Re: Permit ~~10~~-30331

George H. Schrenk
Chairman of Board of Trustees
Village of Declo
Declo, Idaho

Dear Mr. Schrenk:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the BURLEY HERALD-BULLETIN, all submitted in proof of completion of works and beneficial use on Permit NO. ~~10~~-30331.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

By Richard K. Smith
attorney

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

30391

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 1.30 P. M., on the 15th day of April 1964, at Burley, County of Cassia, State of Idaho, before Richard K. Smith, Notary Public, at (address) 137 West 13th Street, Burley, Idaho, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-30331, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is The Village of Declo

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4 cubic feet per second.

3. The use to which said water has been applied is ~~Culinary Water System~~ MUNICIPAL purposes, and the amount applied to beneficial use is 4 cubic feet per second.

4. The point of diversion of said water is SW¹/₄ of the SW¹/₄ of Section 26 Township 10 South, Range 24 East, Boise Meridian, Cassia County, Idaho

5. The place where said water is used is Village of Declo and vicinity, in Sections 26, 27, 34, 35, Township 10 South, Range 24 East Boise Meridian.

6. The date of priority which said user is prepared to establish is December 8, 1961.

Re: Permit No. G-30331
Village of Declo

March 2, 1964

Mr. Richard K. Smith,
Attorney at Law,
137 West 13th Street,
Burley, Idaho.

Dear Mr. Smith:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30331, in the name of Village of Declo. Final Proof is to be made before you, as Notary on the 15th day of April, 1964, at 1:30 o'clock P.M., at 137 West 13th St., Burley, Idaho.

As of this date, we have mailed the Notice to the Herald-Bulletin Burley, Idaho, with instructions to publish it once a week for five consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done hereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

Re: Permit G-30331
Village of Declo

Parsons, Smith & Snow
137 West 13th Street
Burley, Idaho

Attn: Richard K. Smith

Gentlemen:

In reply to your inquiry of February 28, 1964, pertaining to making proof for subject permit, we advise that there is no difference, with the exception of answering Items 7 and 8 on the deposition.

After checking the permit we find that you state the water is to be used for culinary purposes. This would seem to restrict the use of the water to household use only. We suggest this be changed to municipal use. This would allow use for lawn irrigation, fire protection, etc. An amendment will be required to do this. A form is enclosed for this purpose. There is a \$1.00 fee for making an amendment.

Please advise by sending the amendment in or by letting us know if we are to go ahead with having the notice published as is.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

Municipal Corporation.

Gentlemen:

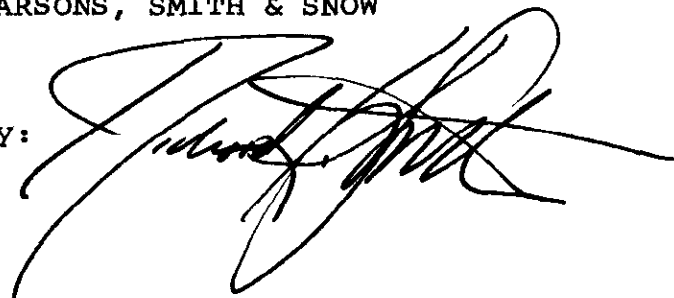

Please find enclosed Proofs of Completion of Works and Application to a Beneficial Use and Authorization for publication pursuant to instructions.

I would appreciate your advising me if the final proof for a municipal corporation is essentially different from the proof required in irrigating permits. It is my understanding that it is not, except perhaps for the more liberal allowance with regard to the amount of water to be proved up on when utilized by a municipality. In any case, I would appreciate any suggestions you might have if the matter does require special handling.

Thank you.

Very truly yours,

PARSONS, SMITH & SNOW

Burley, Idaho

Dear Mr. Smith:

Returned herewith is the application for permit with attached
Receipt No. G-6727 for \$5.75 fees.

The answer under 6 showing one 40-acre subdivision seems in-
adequate according to the map. The other 40's could be shown as in
pencil or preferably Village of Declo and vicinity in Sections 26, 27,
34, 35, T. 10 S., R. 24 E., B. M. to cover any possible expansion of
the area served.

Answer Question 13, probably none. Kindly type name of agent
who signed the application for the applicant.

Return the application promptly for processing.

RE: Permit No. G-30331

Geo. H. Schrenk, Chairman
Board of Trustees
Declo, Idaho

Dear Mr. Schrenk:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-30331 shows the well is capable of conveying 68 miner's inches, or 1.36 c.f.s. of water for municipal use.

Upon receipt of the statutory fees, totaling \$10.00, we will issue the Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right, with priority of December 8, 1961, to the use of 1.36 c.f.s. of subterranean water with the point of diversion in the SE¹/₄SE¹/₄, Sec. 27, T. 10 S., R. 24 E., B.M. for municipal purposes in the Village of Declo and Vicinity in Sec. 26, 27, 34, 35, T. 10 S., R. 24 E., B.M.
