Department of Reclamation

Dear Mr. McEldowney

I received your notice of water measurement of our newest well yesterday, and last night I went out on the town to celebrate. Every time we get a new well I tell my sons I am going out and get drunk. I have made the statement so many times they do not believe me any more. If any well should be celebrated thusly, this better than 500 inch one should. Some drank wine, some brandy, but all I did was take a sniff, and issued up a prayer of thankfulness. I really think the others would have enjoyed seeing me drunk more than I would have enjoyed being drunk any way. To say the least, we were all so very happy and grateful for our good fortune. We do not forget that water is Idaho gold.

I do not believe I have ever written a check that I was so happy to write as this one which I enclose for \$51.00.

Sincerely yours
