WATER RIGHT LICENSE

License of Water Right No. 45-2648 Priority April 6, 1961 Amount 2.0 cfs

THIS IS TO CERTIFY, that CONNECTICUT MUTUAL LIFE INSURANCE COMPANY
of Hartford, Connecticut, has complied with the terms and conditions of Permit
No. 45-2648 issued pursuant to Application for Permit dated April 6, 1961,
and has submitted proof to the Department of Water Resources on August 18, 1967,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 2.57 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>March 15</u> to <u>November 15</u> at <u>2.0</u> cfs and <u>970 acre feet</u>		
	from _____ to _____ at _____ cfs and _____		
	from _____ to _____ at _____ cfs and _____		

(both dates inclusive)

Subject, however, to the condition that no more than 2.0 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
970 acre feet per year, said waters to be diverted within the SE 1/4, Sec. 35, Twp. 11S,
Rge. 19E, B. M. in the County of Twin Falls

Dear Mr. Davis:

Re: Permit No. 45-2648 -- E. J. Morgan

This letter is to confirm our recent conversation in connection with the above referenced permit.

The required proof of beneficial use has been submitted in the past by the permit holder. A field examination to determine the extent of beneficial use was conducted on June 28, 1971. The exam indicated the flow from only one well had been measured instead of the flow from the three wells shown on the permit. For that reason, our Southern Regional office was asked to re-examine the system.

To date that re-exam apparently has not been conducted. I will ask our Southern Regional office to attempt to make the exam during the 1979 irrigation season so this matter can be completed.

If you have further questions, please contact this office.

Dear Mr. Morgan:

In September of 1967, the Department requested that you have published a notice of correction in connection with your proof of completion of works and application of water to beneficial use for the above referenced permit.

We have checked our files and fail to find an affidavit of publication for the above mentioned notice of correction. We are enclosing a copy of the legal notice which was to have been published in the Kimberly Advertiser in October of 1967.

Please be advised that the Department must be in receipt of the affidavit of publication for the correction notice before we can accept your proof. If we have not heard from you on or before February 9, 1971, regarding this matter, the above referenced permit will be subject to cancellation.

If we may be of any assistance, please contact us.

Dear Mr. Morgan:

We are in receipt of a letter from Kimberly Advertiser in connection with the advertising of the correction notice of the above referenced permit.

Their letter indicates that until the previous publication bill and an advanced payment for the correction notice on the above referenced permit has been paid, the newspaper will not publish the proposed correction notice required to make your proof of completion of works and application of the water to beneficial use acceptable.

Please be advised that unless this correction notice is published, the Department of Reclamation will have to reject the proof submitted on August 28, 1967. At the present, your permit is subject to cancellation for failure to submit adequate proof of completion of works and beneficial use.

Your prompt attention to this matter will be appreciated.

Be it known that I, Gordon L. Crockett, was in my office on March 6, 1967, the advertised date that the depositions of Permit No. G-29615 were to be made. It is my understanding that the permit holder failed to come to my office on that date due to misplacing the necessary papers.

It is also my understanding that the depositions for the witnesses were taken before Herb Thorne, another notary public, because the witnesses were too busy to make the trip to my office. They live 30 miles from my office and therefore went to Mr. Thorne who resides in their neighborhood.

Be it understood that to the best of my knowledge, there have been no objections from anyone concerning this permit.

HAL E. AND AILEEN HILL, PUBLISHERS

State Dept. of Reclamation,

I am writing for collection information on Permit No. G 029615 which was published four consecutive weeks prior to March 6 for E. J. Morgan, Rt. 3, Twin Falls.

I have sent Mr. Morgan affidavit of publication the first of March, April and June. To date I have not received any acknowledgement of it in any form.

Should I turn it over to a collection agency or can you handle it through your office?

Sincerely,

Mrs. Hal E. (Aileen) Hill

Re: Permit No. G - 29615

Feb. 1, 1966

E. J. Morgan
Hansen, Idaho

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29615 are due not later than **April 6, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER
