Dear Mr. Curtis:

Returned herewith is your check for \$58.00.

Your application for amendment to the land list under Permit No. G-29537 includes 2 40-acre tract which were not reported by the examiner and cannot be included in the certificates of water right without another examination. It is doubtful if that examination can be made this year.

You may return a check for \$54.00 and the certificates will be written for the two permits or a check for \$31.00 and the certificates will be issued under Permit No. G-28490 and the amendment to the land list under Permit No. G-29537 will be recorded. In the latter case, the certificates under Permit No. G-29537 will wait for another examination to determine the number of acres actually irrigated under the permit.
