Re: Permit No. G-29390

Robert T. Robinson
Star Route
Burley, Idaho

Dear Mr. Robinson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the BURLEY HERALD-BULLETIN, all submitted in proof of completion of works and beneficial use on Permit No. G-29390.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

CARL E. TAPPAN

Re: Permit No. G - 29390

J. T. Robinson and Sons
Burley, Idaho

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29390 are due not later than February 7, 1966.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Attn: A. H. Nielson

Dear Mr. Nielson:

Returned herewith is your check of \$0.75.

The application to appropriate 110 inches of water from the same well as shown in Permit No. 21560 is satisfactory.

The fee for 110 inches is \$5.50. You submitted a check signed by J. T. Robinson for \$6.25 for the application and your check for \$0.75 for the assignment of Permit No. 21560. As both fees relate to the same applicant, we will retain the \$6.25 check in payment of both fees.

Proofs under this application can be made at any time after the permit has been issued.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Gentlemen:

At the request of J. T. Robinson & Sons of Burley, Idaho, we are sending Application for Permit to appropriate water.

Would you refer to your letter written January 4, 1961, regarding Permit No. 21560, J. T. Robinson & Sons. This permit allowed only 100 inches of water. The well which was the subject of the permit, has been pumping for sometime 210 inches. Following your request we have made a filing for the 110 additional inches of water.

The water from the well has been used for several years, and it is our understanding that as soon as you have approved the application we can then apply for a showing of beneficial use for the water under both applications.

If we are not correct in our assumption would you please so inform us.

We are enclosing Robinson's check for \$6.25 to pay for the new application and our check for \$.75 to pay for the transfer from Jessee R. Bedke to Robinson & Sons. ✓

Very Truly Yours
