January 13, 1967

Dear Water User:

As you are aware a large area in Twin Falls and Cassia Counties was designated as a critical ground water area in 1962. Since that time the State Reclamation Department has entered into a cooperative agreement with the U. S. Geological Survey to study the ground-water resources of the area. That study is now completed, and a report is being prepared. The state reclamation engineer is reviewing the hydrology and water level changes while considering the possibility of modifying the area that is designated as critical and closed to additional water development.

With regard to this the State Reclamation Engineer, R. Keith Higginson, will conduct a public meeting in the Murtaugh High School Auditorium at 7:30 P.M. on January 25, 1967. The locations and amounts of present water rights will be reviewed, and alternatives for modification of the area will be presented. In addition U. S. Geological Survey personnel will be present to relate what is now known of the ground water resources of the area.

Water users are encouraged to participate in the discussion, and all interested parties are urged to attend.

Very truly yours,

Jack A. Barnett
Assistant State Reclamation Engineer

Dear Mr. Carey:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the ~~Bunley Herald-Bulletin~~ all submitted in proof of completion of works and ~~Permit~~ No. ~~G-28782~~.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mr. Bosch:

On the enclosed Deposition of Holder and Deposition of Witness I have lined out the land lying outside of the permit as published in the local newspaper.

This was my error as I did not review the land to be covered under this permit when the depositions were taken.

I am sorry for the above mistake and hope this letter will correct the depositions for your records.

If you need any additional information please let me know.

Re: Permit No. G-28782

Mr. Kenneth P. Carey,
Route #2,
Rupert, Idaho.

Dear Mr. Carey:

We enclose Permit No. G-28782 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

By this same mail, we have sent to the Bureau of Land Management two copies of this permit, one of which has been certified, to be used in connection with the Desert Land Entry filed in that office. A copy of that letter is enclosed.

Departmental Receipt No. G-4880, which was issued covering payment in the amount of \$8.00, which includes \$6.00 for the filing fee and \$2.00 for the copies sent to the Bureau of Land Management, was given to you while in our office.

Very truly yours,

GEO. N. CARTER
