Dear Mr. Carrier:

This is a follow up of the notice from the Department of Reclamation office that an inspection would be made on your water filing as soon as possible.

I will plan to inspect your permit on or about the week of August 13, 1963.

Please arrange to be on the premises so that you can accompany me over the work.

Dear Mr. Carrier:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Kimberly Advertiser, all submitted in proof of completion of works and beneficial use on Permit No. G-270⁸7.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

Dear Mr. Carrier:

Returned herewith is your deposition of completion of works and beneficial use of the water under Permit No. G-27087.

Kindly complete answer under 4 by showing the section. Complete answer under Question 6 by showing land being irrigated, as requested in the question. These answer are important as many times the water is used on land not described in the permit. Also answer Question 11 showing "none" if you have no other water right for irrigation of the land, or describe the other water right.

Return the deposition promptly after completion.

Gentlemen:

We received the tear sheet on the above notice of publication Permit No. G-27087, and find the following corrections:

On Line 10, Paragraph One should read 3.0 cubic feet;
also on Line 6, Paragraph Two - 3.0 cubic feet per second and
Line 5, Paragraph 3 - 3.0 cubic feet per second.

We would appreciate another tear sheet when corrections have been made for our files.

Thank you.

Hansen, Idaho

Dear Mr. Carrier:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 27087 are due not later than **October 11, 1962.**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
