State of Idaho
License and Certificate of Water Right

Water License No. G-26820

Amount 2.66

Water District No. _____

Priority Feb. 11, 1957

THIS IS TO CERTIFY that DENZAL R. SATTERWHITE
of Burley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 11, 19 57; that Permit No. G-26820
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.66 second feet, was issued thereunder on July 16, 19 59, showing that said works
were completed on the 15 day of April, 19 59; and that on the 15
day of April, 19 59,

DENZAL R. SATTERWHITE

of Burley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation & domestic
use, under Use Permit No. G-26820 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6683, on the 16 day of July, 19 59;

The right hereby confirmed dates from February 11, 19 57;

The Point of Diversion is located
in the NW 1/4 NE 1/4, Sec. 9, Tp. 11 S, R. 22 E., B. M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.66 cubic feet per second.

Description and location of use:

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34726
 Permit No. G- 26820
 District No.

Assigned to

A. R. Satterwhite
1634 Central Ave.

State: Idaho

Box 1413
Pendleton, Oregon

1. Name of Applicant: SATTERWHITE & WYATT

Postoffice address: Box 721, Burley County: Cassia

2. Quantity of water claimed: 150 inches of water

(a) Rate of withdrawal in cubic feet per second. 3.0 or Idaho
 Miners' inches 150 or gallons per minute. 1350

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Subterranean well

4. Location of point of diversion or well is in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 9
 Twp. 11 S. , Rge. 22 E. , B.M., County of Cassia

5. Water is to be used for: Irrigation & domestic use

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.

(b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.

7. Kind of works: It should take about one yr. to complete works.

8. Estimated cost of works: \$ 6 to 7 thousand dollars

9. (a) Is reservoir to be used? No

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is 5
 years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash onhand: \$15,000.00

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources: machinery & Real Estate 75,000.00

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Re: Permit No. G-26820

Mr. Denzal R. Satterwhite
Route #2
Burley, Idaho

Dear Mr. Satterwhite:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26820 shows the well is capable of conveying 133 miner's inches, or 2.46 c.f.s., of water for irrigation of 160 acres.

Upon receipt of the statutory fees, totaling \$13.00, we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$8.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with priority of Feb. 11, 1957 to the use of 2.46 second feet of subterranean water, with the point of diversion in NW 1/4, Sec. 9, T. 11 S., R. 22 E., for the irrigation of 160 acres in the NW 1/4, Sec. 9, T. 11 S., R. 22 E.

Mr. Densal R. Satterwhite
Route # 2
Burley, Idaho

Dear Mr. Satterwhite:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Burley Herald, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-26820.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. G-26820

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ☒ Denzal R. Satterwhite residing at Route Two; Burley, Idaho.
Occupation - farmers

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit number G-26820 dated March 22-1957 priority date is Febr. 11, 1957.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. ☒ Deep well (525') is source of supply and point of diversion is NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 9, Twp. 11 So., Rge. 22 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well being 525 feet in depth with 16 inch casing down 300 feet with 370 foot lift. 150 H.P. pump used on well putting out 140 inches as estimated by the pump company.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ☒ Water used for irrigation and domestic purposes. Irrigation in the NE $\frac{1}{4}$ of Sec. 9, Twp. 11 So. of Rge. 22 E., B.M. (150 acres). This land has been put into good, farming productivity from a natural state of sage brush.

26820

[Handwritten signature]

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used only for irrigation purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person to whom permit was issued. I was one of the partners and we divided partnership and took individual permits.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The entire amount of water is being used for irrigation for growing of row crops. A deep well is being used to produce said water and the land has been developed from desert into a good producing farm.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None has been diverted.

(Sign)

Denzal R. Satterwhite

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia,

State of Idaho, on this 15th day of April, A. D. 1959.

Permit No. G-26820

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Varian K. Warwood, 35 years of age, residing at 1527 Normal Avenue
in Burley, Idaho - mailing address same - Mechanic.

Ques. 2. Are you acquainted with Denzal R. Satterwhite, the
holder of Permit No. G-26820? How long have you known him and where does
he reside?

Ans. Known him for 7 years. His farm is 3 miles South, 5 miles West, and
1/4 mile South of Burley, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-26820, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Deep well is source of watter supply in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 9, Twp. 11 So.,
Rge. 22 E., B.M., and is conveyed over land by open ditches.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 3 cubic feet of water per second. Entire amount of water.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 3 cubic feet per second and this was through a weir or gate.

26820

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used on about 150 acres of NE $\frac{1}{4}$ of Sec. 9, Twp. 11 So., Rge. 22 E., B.M. This land has been taken from a natural Sage brush state and developed into a farm of good productivity.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land was in natural state of Sage brush and use of the entire 3 cubic feet of water has made a farm of good productivity that raises top crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. As mechanic I was called to the farm several times the past growing season of 1958 to repair equipment. I have seen Mr. Satterwhite irrigating the entire farm and especially his potato crop, using the entire output of the well - 3 cubic feet per second, and have seen the pump in operation.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land was in natural state of Sage brush and use of the entire 3 cubic feet of water has made a farm of good productivity that raises top crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interests.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. As neighbor across the road I have seen Mr. Satterwhite irrigate his entire place the past growing season of 1958, using the entire output of the well - 3 cubic feet per second, and seen the pump in operation.

(Signed)

Grant Wyatt

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 15th day of April, A. D. 1959.

Notary Public.

Re: Permit No. G-26820

Mr. D. R. Satterwhite
Rural Route 2
Burley, Idaho

Dear Mr. Satterwhite:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26820. The proofs are to be made at 3:00 P. M. on the 15th day of April, 1959, before Beth I. Jones, Notary Public, Room 4, Post Office Building, Burley, Idaho.

As of this date we have mailed the Notice to the Burley Herald Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

MARK R. KULF
State Reclamation Engineer

SCALE: 2 Inches Equal 1 Mile. Draw Plan In Ink.

26820

February 15, 1957

Satterwhite & Wyatt
P. O. Box 721
Burley, Idaho

ATTENTION: Mr. Grant Wyatt

Dear Mr. Wyatt:

We acknowledge receipt of your Application for Permit to Appropriate the Subterranean Waters of the State of Idaho.

In the application you state as follows:

" 2. Quantity of water claimed: '160 Inches of water'

(a) Rate of withdrawal in cubic feet per second: '3.0' "

We will grant the permit for 160 miner's inches or the equivalent of 3.2 cubic feet per second which will allow you one inch per acre for the one hundred sixty acres to be irrigated. However, your check is made out for \$5.50 which is the amount of filing fee for 3.0 cubic feet per second. For 3.2 cubic feet per second the filing fee is \$5.75 since the rate is based at \$5.00 for the first cubic foot and 25¢ for each additional foot or fraction thereof.

Providing you wish to file on the 160 miner's inches which amounts to 3.2 cubic feet per second you may send an additional 25¢ to cover the .2 second foot or we can reduce your amount of filing to 150 miner's inches or the equivalent of 3.0 cubic feet per second and your check for \$5.50 will suffice.

We shall await your reply before we begin processing your application.

Very truly yours,

RE: Application for Permit

Mr. Grant Wyatt
Box 721
Burley, Idaho

Dear Mr. Wyatt:

In reply to a letter received in this department February 1, 1957, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proof of Completion of works and application of the water to Beneficial Use are required. The time required for making these proofs should be indicated under Question 10.
