Dear Mr. Ross:

Statutes requires a field inspection in connection with the proofs on Permit # G-26432 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Monday

August 4, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Pipeline Corporation

Mr. S. W. Ross
Station Manager
Pacific Northwest Pipeline Corporation
Box 547
Burley, Idaho

Dear Mr. Ross:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Burley Herald, all submitted in proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-26432.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Attention: Mr. Roy Thompson

Dear Roy:

We are enclosing proof of application of water under Permit No. G 26432 of Pacific Northwest Pipeline Corporation as follows:

Deposition of S. W. Ross, station manager of Pacific Northwest Pipeline Corporation for the compressor station at which this water is used.

Also enclosed are depositions of Jim Schoonover a well driller of Burley, and of Lois R. Grindrod of Burley.

We have not as yet received the affidavit of publication of the last notice in this matter from the Burley Herald and wondered if the paper had sent this directly to you. Will you check and advise us.

Yours very truly,

MARCUS & EVANS
