

45-02516

State of Idaho

License and Certificate of Water Right

Water License No. G-26213

Amount 2.4 c.f.s.

Water District No.

Priority Feb. 21, 1956

THIS IS TO CERTIFY that McMURRAY LAND AND LIVESTOCK CO.

of Burley, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated Feb. 21, 1956; that Permit No. G-26213 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2.4 second feet, was issued thereunder on July 28, 1959, showing that said works were completed on the 27 day of February, 1959; and that on the 27 day of February, 1959,

McMURRAY LAND & LIVESTOCK CO.

of Burley, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well, a tributary of subterranean flow, for the purpose of irrigation, under Use Permit No. G-26213 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 11 of Licenses at page 6703, on the 28 day of July, 1959;

The right hereby confirmed dates from February 21, 1956;

The Point of Diversion is located

in the SW 1/4 SW 1/4, Sec. 8, Tp. 12 S., R. 21 E., B. M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.4 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
12 S.	21 E.	8	NW 1/4 NE 1/4	40	5
			SW 1/4 NE 1/4	40	40
			SE 1/4 NE 1/4	40	2
			NE 1/4 NW 1/4	40	3

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34101
Permit No. G- 26213
District No.

Benoit & Benoit
Box 536
Twin Falls, Idaho

1. Name of Applicant: McMURRAY LAND & LIVESTOCK CO.
Postoffice address: Burley County: Cassia State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. Eight or Idaho
Miners' inches 400 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Underground water from well
4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8
Twp. 12 S , Rge. 21 E , B.M., County of Cassia
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, electric pump, concrete head ditches and earth ditches
8. Estimated cost of works: \$ 22,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 3 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation: Idaho, July 28, 1942
(b) Amount of capital stock: \$ 20,000. (c) Amount paid in: \$ 20,000.
(d) Names and addresses of directors: Clara L. McMurray, Twin Falls, Idaho; J. O. McMurray, Boise, Idaho; Mez McMurray, Burley, Idaho; Norma Lou Benoit, Twin Falls, Idaho; Thelma McM. Hoppe, Twin Falls, Idaho
 - II. The financial resources of the applicant are (a) Cash onhand: \$ 30,000.
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources: 150,000.
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Agent.

Corrected application received:

MARK R. KULP
State Reclamation Engineer.

permits and licenses

Gentlemen:

We represent the contract purchaser of lands located in the SE $\frac{1}{4}$ of Section 9 and in the SW $\frac{1}{4}$ of Section 8, T 12 S, R 21 E.B.M. The contract vendors, McMurray Land and Livestock Company, have advised us that your office has issued either permits or licenses for wells dug in the above-described portions of sections 8 and 9.

Please send us a copy of the permit or, if issued, a copy of the license covering each of the two wells.

We enclose our check for \$3 to cover the costs of your services. If this is insufficient, please bill us and we shall remit immediately.

Very truly yours,

*King, Miller, Anderson,
Nash & Yerke*

Re: Permit No. G-26213

Mr. Max McMurray
McMurray Land & Livestock Co.
Burley, Idaho

Dear Mr. McMurray:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26213 shows the well is capable of conveying 120 miner's inches (2.4 c.f.s.) of water for irrigation of 245 acres.

Upon receipt of the statutory fees totaling \$29.00, we will issue the Certificate of Completion of Works (fee \$5.00)and the License and Certificate of Water Right (fee \$24.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with priority of February 21, 1956, to the use of 2.4 second feet of subterranean water, with the point of diversion in the SW¹/₄SW¹/₄, Section 8, for the irrigation of 245 acres in Section 8, T. 12 S., R. 21 E., B. M.

Very truly yours,

GEO. H. CARTER

REPORT OF ENGINEER

Permit No. G-26213

This proof is for Completion of Works & Beneficial Use In Water District No.

1. Name of applicant. Mrs McMurray - Secretary for McMurray Land & Livestock Company
2. Source of water supply: Subterranean flow from a well
3. Location of point of diversion: Is in the SW¹/₄SW¹/₄ of Section 8
T. 12 S. R. 21 E.B.M. County of Cassia
4. Describe works as they exist, giving dimensions and capacities of same:
250 hp. C. E. Motor 3NI 1213010
Leysen Bowler Vertiline Turbine
Serial no. behind a box holding the oil bbl. for
lubrication can't see.
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE¹/₄, NW¹/₄, SW¹/₄, SE¹/₄, Section 8, Township 12 South, Range 21 E.B.M. - 640 Acres

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Q = measured over 2' cip. weir.

RE: Permit No. G-26213

Dear Mr. Humphrey:

Thank you for your letter of July 13th. Again, I wish to state that I regret very much not being present for the inspection. I had taken every precaution to make sure that I did not overlook the appointment, but still something happened that made it impossible.

I realize that you are very busy and feel that you are probably correct in the measurement of our well. I would, however, like to make a re-measurement when it is convenient for you. When you are down this way you could call me collect and make sure that I am in town.

I appreciate your letter of July 13th very much and hope that I will be able to see you in the near future.

Yours truly,

Mez McMurray

Re: Permit No. G-26213

Mr. Mas McMurray
McMurray Land & Livestock Co.
Box 368, Burley, Idaho

Dear Mr. McMurray:

I am very sorry you were not present for inspection as per request in letter to you.

I am the only inspector for the whole State of Idaho and it keeps me very busy to get around the state once each year. For that reason we try not to miss on an inspection.

I realize fully how you feel in regards to there being more water. I would say that fully nine-tenths of those having wells measured are disappointed, some much more so than you. It seems to be a normal human trait to over-estimate the flow of water, especially when considering the amount of land irrigated. That is one of the main reasons I always want the owner present when I measure the well.

When a stream of water is handled carefully it is surprising as to the amount of land that can be irrigated with it. I know of one case not far from your farm where successful irrigation was done with one-third of an inch per acre. That scarcely seems possible, but it was being done.

I have measured enough water that I am sure the measurement was reasonably accurate and a re-measurement is not going to change it without something is first done to increase the capacity of the pump and well.

However, if you still insist, I will re-measure it as soon as I can get around to it.

In order to keep the records clear I will turn in my report and you can request a re-measurement, if you are still not satisfied.

Very truly yours,

GEO. N. CARTER

RE: Permit No. G-25816

Mr. Silas Dayley
Gannett, Idaho

This acknowledges the Notice of proof of completion of works and application of water to beneficial use under Permit No. G-25816, to be made on the 11th day of July at 10:00 A.M. before G. R. Kneeland, Notary Public.

As of this date we have mailed the Notice to the Hailey Times with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date, at the place and before the Notary as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two Witness) are being returned. Also, be sure to enclose the Affidavit of Publication.

Very truly yours,

MARK R. KULP

RE: Permit # G-26213
McMurray Land & Livestock Co.

Dear Mr. Humphrey:

I received your letter of July 2, 1959 and fully intended to meet you at our well on July 6, 1959 at 1:00 P.M. I had to leave early yesterday morning for the town of Minidoka to get with three different men regarding hail insurance. We became deeply engrossed in the business at hand and my appointment with you completely slipped my mind.

Upon returning to my office at 2:30 P.M., my Secretary reminded me that I was supposed to meet you. I immediately set out hoping that you would still be there. Upon my arrival, I found that you had completed the inspection and departed. I wish to apologize for my failure to be there and I assure you that it was certainly not intentional.

According to the report from our irrigator at the well, your figures showed that it was pumping only 120 inches. I do not wish to be critical, in any way, but we have always felt that it pumped considerably more water than this, especially in view of the acreage we are handling. We realize that we have a good fall per 100 feet, but it would still seem that the amount of the acreage being serviced by the well is sufficient to make us feel that the well is producing more water than your tests showed. Perhaps we are in error, and your figures are absolutely correct. I wonder, however, if on your next trip down here, we could check this again? This is a very important matter to us and we would appreciate your consideration of a re-check.

Again, I wish to offer my sincere apologies for not being able to meet with you.

Yours truly,

McMurray Land & Livestock

Re: Permit # G-26213

Max McMurray, Secretary
McMurray Livestock & Land Company
Burley, Idaho

Dear Mr. McMurray :

Statutes requires a field inspection in connection with the proofs on Permit # G-26213 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on July 6, 1959 at 1:00 P.M.

I will be at the farm at 1:00 P.M.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Mr. Max McMurray, Secretary
McMurray Land & Livestock Company
Burley, Idaho

Dear Mr. McMurray:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Burley Herald, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-26213.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

**STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO**

RECEIVED
Department of Reclamation

Permit No. G26213

Proof of Application of Water to Beneficial Use

Deposition of Holder

and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Mez McMurray, Burley, Idaho, Secretary of McMurray Land and Livestock Company, an Idaho corporation.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf. McMurray Land & Livestock Co., an Idaho corporation, with principal place of business at Burley, Idaho. My position is

Ans. Secretary and I am acting upon authority of the Board of Directors.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit G26213 dated February 29, 1956 with date of priority being 8 o'clock A.M., February 21, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well located in SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 8, Township 12 $\frac{1}{2}$ South, Range 21 $\frac{1}{2}$ EBM, Cassia County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works of diversion consist of Subterranean well 960 feet deep with depth to water of 440 feet with 165 feet steel casing. Water pumped by Layne-Bowler pump with 250 H.P. motor into water box at pump then diverted through earthen ditches with use of aluminum siphons. Discharge of pump is 4 cubic feet per second measured by standard measuring device.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation in Section 8, Township 12 $\frac{1}{2}$ South, Range 21 $\frac{1}{2}$ EBM, Cassia County, Idaho. Land in the following subdivisions: 20 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$; 10 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$; 25 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 20 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$; 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$; 15 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$; 15 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; and 5 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$. Land is cultivated and crops raised as a result of said use.

J26213

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 4 cu. ft. per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 4 cu. feet of water used on said land for irrigating crops in the crop years 1956, 1957 and 1958.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Permit No. G26213

Proof of Application of Water to Beneficial Use

Deposition of Witness *and Completion of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mac Martin, 41, 2031 Burton Avenue, Burley, Idaho; farmer; 2031 Burton Avenue, Burley, Idaho

Ques. 2. Are you acquainted with Mez McMurray, Secretary of McMurray the Land & Livestock Co. holder of Permit No. G26213? How long have you known him and where does he reside?

Ans. I have known him 35 years and he resides in Burley, Idaho.

Ques. 3. Have you read or heard read said Permit No. G26213, and are you familiar with its provisions and conditions?

Ans. I have read said Permit and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is Subterranean well in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8, Township 12 South, Range 21 EBM, Cassia County, Idaho. Water is pumped from well with Layne-Bowler pump with 250 H.P. motor into water box at pump then diverted through earthen ditches with aluminum siphons.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4 cu. feet per second. I have seen this amount conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Pump will deliver 4 cu. feet per second estimated by observation of discharge from aluminum siphons.

G26213

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to raise crops on cultivated land as a direct result of said use. Water has been used to irrigate the following number of acres in section 8, township 12 South, Range 21 EBM, Cassia County, Idaho as follows: 20 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$; 10 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$; 25 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 20 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$; 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$; 15 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$; 15 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; and 5 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert land reclaimed. 4 cu. feet per second needed for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the beneficial use of water diverted under said permit in the raising of crops in the crop year 1956, 1957 and 1958.

(Signed) x Mac Martin

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 21 day of February, A. Water is used to raise crops on cultivated land as a direct
Ans. result of said use. Water has been used to irrigate the following number of acres in Section 8, Township 12 South, Range 21 EBM, Cassia County, Idaho, as follows: 20 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$; 10 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$; 40 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$; 25 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$; 5 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 20 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$; 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$; 15 Acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$; 15 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; and 5 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert land reclaimed. 4 cu. feet per second needed for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the beneficial use of water diverted under said permit in the raising of crops in the crop year 1956, 1957 and 1958.

(Signed) Golden T. Briggs

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 27 day of February, A. D. 1959.

Re: Permit No. G-26213
McMurray Land & Livestock Company

McMurray Land & Livestock Company
Burley, Idaho

Attention: Mez Mc Murray
Secretary-Treasurer

Dear Mr. McMurray:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26213. The proofs are to be made at 10:00 A. M., on the 27th day of February, 1959, before Betty Critchfield, Notary Public, at Burley, Idaho.

As of this date we have mailed the notice to the Burley Herald Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed on behalf of the permit holder, and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date and before the notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each, and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

DEPARTMENT OF RECLAMATION

Boise, Idaho

RE: Permit No. 0-26213
McMurray Land & Livestock Co.
Burley, Idaho

Date January 1, 1959

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as ~~March 1, 1959~~ ⁰⁻²⁶²¹³ the terms of Permit No. _____ are due not later than _____.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
