Dear Mr. Bedke:

We acknowledge receipt of the Holder of the Deposition and two witnesses, also affidavit of publication in the Oakley Herald, all submitted in proof of completion of works and beneficial use on Permit No. G-25839.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. G-25839

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Fred Bedke, I live 5 mi. east of Oakley, Idaho, my occupation is farming & livestock and my postoffice address is Rt. 1, Oakley, Idaho/

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting as an individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25839 da ted 8/1/55 and date of priority is 7/28/55.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The source of water supply is in the NW¹/₄SE¹/₄, Sec. 32, T13S - R23E., B.M. Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. My works consist of my own private ditch, approx. 1/2 mi. long which will carry up to 300". I do have a small reservoir which is 1/4 mi. north of well & I can put this in & re-distribute the water from this reservoir. It will hold 15 ac. ft. & is merely for night storage & handling. The well is drilled to 435', perforated casing 215', dia. 16", the well is plugged at 235', water stands at 98' & pumps from about 200'. I have a turbine type pump, 60 hp Wintreath, G.E. motor which will ~~dis~~ produce 80". My pump will discharge 300" if I had the water. Some engineer either from the Dept. Recl. or the Geological Survey measured this well 2 yrs. ago through a weir & measured 80". Everything is gravity irrig.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is for irrigation & irrigates SW¹/₄NE¹/₄ (40), NW¹/₄SE¹/₄ (40), Sec. 32, T13S - R23E. There is no natural meadow and all improvements are a direct result of this use. I have spent \$15,000 on this development.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. This well was drilled by Raymond Commons of Rupert, Idaho. (I am attaching hereto, a copy of the drill record.)

G25839

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. This water is used for irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need at least 1" to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the same person.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This water has all been used on this 80 ac. I completed this well drilling in August, 1955 and about a week or so later, I installed the pump. I pre-irrigated all the land the fall of 1956, have irrigated the whole 80 in 1957, 1958, 1959 and 1960. I had all the works in place during those years.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have a decree out of Mill Ck. for 50", but this is real undependable. Sometimes I can get 150" and sometimes I can get 10". My decree is around 1880.

Ans. I have known Mr. Bedke for 20 yrs. & know that he resides 5 mi. east of Oakley, Idaho

Ques. 3. Have you read or heard read said Permit No. G-25839, and are you familiar with its provisions and conditions?

Ans. I am familiar with the above mentioned permit.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of water is from a drilled well in NW 1/4 Sec. 32 T18S - R23E. The well is 435' deep, cased 215', 16" dia., water stands at 98' & pumps from 200'. The ditch is approx. 1/2 mi. long. Turbine type Wintroath Pump, 60 hp G.E. Motor.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The ditch will carry 300" which I have seen so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump will produce 80". I have not seen this particular pump measured, but I have seen others measured and this is my best estimate.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water irrigates land in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ (40), NW $\frac{1}{4}$ SE $\frac{1}{4}$ (40), Sec. 32, T13N - R23E. There is no natural meadow and all the improvements are a direct result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is a black mountain soil, adjacent the hills, and it takes at least 1" to the acre to irrigate this land to get good crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I drive by this land when I go to town, have known the area for the past 18 years and I have seen this property more than once a week since he has started this development and have seen how it has been irrigated.

Ans. The water is used to irrigate the NW $\frac{1}{4}$ SE $\frac{1}{4}$ (40), SW $\frac{1}{4}$ NE $\frac{1}{4}$ (40), Sec. 32, T13S - R23E. There is no natural meadow and all improvements are a direct result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. This water is used only for irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soil is a black mountain soil and it needs at least 1"/ac, for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live in the same neighborhood and have known this land even before its development. I see this development about once a week.

Gentlemen:

Upon checking your newspaper for September 1, we did not find the first publication of the Notice of Proof of Completion of Works and Application of Water to Beneficial Use mailed to you on August 25, 1960 on the above numbered permit in the name of Fred Bedke.

The date of making proofs on this notice will now have to be changed to October 1, 1960 in order to get the four consecutive weeks of advertising in as required by law.

We are enclosing a copy of the notice for publication with the new date for your use.

Please acknowledge receipt of this notice and furnish this office with a copy of town sheet

Boise, Idaho.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25839, in the name of Fred Bedke. Final Proof is to be made before you, as Notary on the 21st day of September, 1960 at 10:00 o'clock A.M., at 618 Idaho Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the Herald with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Date: June 1, 1960

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25839 are due not later than **August 1, 1960**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
