APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-33028
Permit No. G- 25190
District No.

Norman H. Nielson,
Attorney at Law
Burley, Idaho

1. Name of Applicant: INDEPENDENCE RANCH - a co-partnership, composed of F. Wayne Schow & Floyd Schow
Postoffice address: Rupert County: Minidoka State: Idaho
2. Quantity of water claimed: Point one second feet (.1)
 - (a) Rate of withdrawal in cubic feet per second. or Idaho
Miners' inches or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: deep well
4. Location of point of diversion or well is in the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 11
Twp. 12 S., Rge. 22 E., B.M., County of Cassia
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Deep well, pump and ditches
8. Estimated cost of works: \$4,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is One year
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

INDEPENDENCE RANCH *Applicant.*

By FLOYD SCHOW *Agent.*

Date of first receipt at Department of Reclamation: 9:00 A.M. Sept. 27, 1954

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G-25190

Recorded in Book 89 Page 25190 Approved October 4, 1954

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before December 4, 1954 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before October 4, 1955

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before October 4, 1956

Witness my hand this 4th day of October, 1954

MARK R. KULP
State Reclamation Engineer.

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

Our field engineer's report on the inspection of the completion of works and application of water to beneficial use under Permit No. G-25190 shows the well is capable of producing .1 second foot of water in addition to the quantity under License No. G-23330, for irrigation of 25 acres. This permit is now entitled to a Certificate of Completion of Works and a License and Certificate of Water Right.

Upon receipt of the total statutory fee of \$9.00, we will issue to The Independence Ranch co-partnership the Certificate of Completion of Works (five dollars) and the License and Certificate of Water Right (four dollars) confirming the right, with priority of September 27, 1954, to the use of .1 second foot of subterranean water with the point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, for irrigation of 25 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, Township 12 South, Range 22 East, B.M.

Gentlemen:

We acknowledge receipt of the depositions of the Independence Ranch co-partnership composed of Floyd Schow and Wayne Schow and of their two witnesses, also affidavit of publication in The Burley Herald, all submitted in proof of Completion of Works and Beneficial Use on Permit No. G-25190.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot tell just when this examination will be made, but our field engineer will try and contact the Permit holder at the time he makes the examination so that arrangements may be made to show him over the grounds.

NOTICE OF PROOF OF
COMPLETION OF WORKS

APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 15th day of February, 1957, at Burley, County of Cassia, State of Idaho, before

Norman H. Nielson, Notary Public, proof will be submitted of the completion of works for the diversion of 0.1 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25190 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Independence Ranch, a co-partnership, composed of Floyd Schow & Wayne Schow, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.1 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 0.1 cubic feet per second.

4. The point of diversion of said water is in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 11, Twp. 12 S., Rge. 22 E.

5. The place where said water is used is SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 11, TWP. 12 S. Rge. 22 E.B.M.

6. The date of priority which said user is prepared to establish is December 4, 1954.

MARK R. KULP

State Reclamation Engineer

BOISE, IDAHO

Permit No. G-25190

Proof of Application of Water to Beneficial Use

and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Independence Ranch, a co-partnership, composed of Floyd Schow and Wayne Schow
of Rupert, Minidoka, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25190, Date of priority is December 4, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well. The well is located on the Southeast Quarter of the Southwest Quarter of Sec. 11, Township 12 South, Range 22, E. B. M. in the County of Cassia, State of Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The works of diversion consist of open ditches from the sub-terranean well. The amount of water that the diversion works are able to conduct to place of use is four second feet of water. The sub-terranean well is 702 feet deep. A 16" casing runs down 214 feet, then there is a 12" casing from a point 400 feet down in the well to a point 652 feet in the well. The depth of the water is about 375 feet. The pump will discharge 180 miner's inches of water and this was measured by the use of a weir. Proof has been made on 175 inches of water discharged from this well by a previous proof.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and is used to irrigate five acres of the Southeast Quarter of the Northwest Quarter and twenty acres of the Southwest Quarter of the Southwest Quarter in Section 11, Township 12 South, Range 22, East of the Boise Meridian. The land has been claimed from desert land and is now and has been put into cultivation. The water was applied to beneficial use described in this deposition. In the spring of 1954, and has been used continuously during the irrigating seasons since that time.

G25190

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The minimum amount of water required for the purpose specified above is .01 second feet of water.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water described in this deposition was used for the first time during the spring of 1954 and has been used ^{during} every cropping season since that time. The water has been applied to beneficial use and crops have been grown upon the property, described in the deposition, as using the water as described in this deposition.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The well, which has been described in this deposition produces 175 inches of water, in addition to these five inches claimed herein. This 175 inches has been placed upon other lands and when needed is put upon the lands described in permit No. G-25190. Other than the water produced from the well, there is no other water available to the property described in this deposition.

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia, State of Idaho, on this 15 day of February, A. D. 19 57.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
MAR 1 1957
Department of Reclamation

Permit No. G-25190

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Vernal J. Sheen, 25 years of age, farmer, Rupert, Idaho

Ques. 2. Are you acquainted with Independence Farms, the holder of Permit No. G-25190? How long have you known him and where does he reside?

Ans. I have known Floyd Schow and Wayne Schow, the partners in the Independence Farms for approximately two years. Floyd Schow lives at Rupert, Idaho and Wayne Schow lives Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25190, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of water supply is a sub-terranean well and the water is diverted from the Southeast Quarter of the Southwest Quarter of Section 11, Township 12 South, Range 22, E.B.M. The diversion works consist of open ditches for conveying the water from the place of use. The works are capable of conveying approximately 4 second feet of water.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The said works will carry four second feet of water.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump will deliver 180 inches of water. Proof has already been made on 175 inches, of the water produced from the well. The water delivered from the well was measured by the use of a weir and I have also compared it with other wells within the immediate vicinity.

B25190

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate five acres in the Southeast corner of the Southeast Quarter of the Northwest Quarter of Sec. 11, and sixteen acres in the East Half of the Southwest Quarter of the Southwest Quarter of Sec. 11., Township 12 South, Range 22, E.B.M. That the land described herein is cultivated now, and was reclaimed from desert land. The land has been leveled and enclosed by fence and ditches constructed thereon.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The full amount of .01 second feet of water is necessary to profitably cultivate the land area described in this deposition.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or land above mentioned.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have operated the above described property for a period of two years and have placed the water hereon to beneficial use during the cropping season of 1955 and 1956.

(Signed)

Kernal J. Sheen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 15 day of February, A. D. 1957.

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We have your letter of September 25 enclosing application of Independence Range for an additional 0.1 second foot of water from the well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 11, Township 12 South, Range 22 East B.M. accompanied by their check for the \$5.00 filing fee.

This is additional water from the same well described in Permit No. G-23330.

In reply to that portion of your letter in regard to the statutory fees in connection with Permit No. G-23330. The new filing will not affect the fees on Permit No. G-23330, but when the proofs are made on the new Permit there will be an additional fee of \$4.00 for the license and an additional \$5.00 for the Certificate of Completion of Works.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen: Re: Permit No G-223330

Enclosed you will find an application for permit to appropriate point one second feet of water and a check for \$5.00.

This permit is filed on the basis of your letter to this office stating that five miner's inches could be applied for per the engineer's report on Permit No. G-23330. Would you please process this.

On July 20, 1954, you wrote to Independence Ranch in care of Floyd Schow that there was a statutory fee of \$12.00 to be paid. How would the statutory fee be affected by the including of the additional land as shown by the enclosed application for permit?

Very truly yours,

NIELSON & NIELSON

**NOTICE OF PROOF OF
COMPLETION OF WORKS**

and

**APPLICATION OF PERMIT
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M., on the 15th day of February, 1957, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the completion of works for the diversion of 0.1 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25190 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Independence Ranch, a co-partnership, composed of Floyd Schow & Wayne Schow, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.1 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 0.1 cubic feet per second.

4. The point of diversion of said water is in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 11, Twp. 12 S., Rge. 22 E.

5. The place where said water is used is SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 11, TWP. 12 S. Rge. 22 E.B.M.

6. The date of priority which said user is prepared to establish is December 4, 1954.

MARK R. KULP

State Reclamation Engineer
