STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Certificate of Water Right
Transferred Right No. 893

THIS IS TO CERTIFY That Gerald Robbins, of Rupert, Idaho, is the owner of and using a certain water right for 1.64 cubic feet per second of subterranean source from a well located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20, Township 9 South, Range 25 East, B. M., with priority of April 28, 1954, County of Cassia, State of Idaho.

Said water right being obtained by virtue of License and Certificate of Water Right No. G-24914, issued by the State Department of Reclamation of the State of Idaho, on January 29, 1957, and being appurtenant to the following described lands, to-wit:

NE $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20,
Township 9 South, Range 25 East, B. M.

That said license is entered in the records of the State Department of Reclamation in Volume 10 of Licenses, at page 5906.

And that now, upon the application of Gerald Robbins, of Rupert, Idaho, for a transfer of 1.64 cubic feet per second of said subterranean water, made before the State Reclamation Engineer of the State of Idaho, and the said application having been granted, the right to the use of said water upon the above described lands is hereby abandoned, and the lands to which said water shall, by this certificate, become appurtenant for irrigation and domestic purposes are described as follows, to-wit:

NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20;
NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 21;
Township 9 South, Range 25 East, B.M.

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes, and shall not exceed the following amount, to-wit:

1.64 cubic feet per second of subterranean
water, with priority of April 28, 1954.

That the water right hereby transferred has heretofore been conducted to the first above described lands through private ditches, with point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20, Township 9 South, Range 25 East, B. M.

That the water right hereby transferred will hereafter be conducted to the last above described lands through private ditches, with the same point of diversion.

Re: Permit No. G -23488
Re: Permit No. G24914

RECEIVED
JAN 21 1957

Department of Reclamation

Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Sir:

Mr. Robbins was in my office today and we have come to the conclusion that he has made an error in these water permits. Permit No. G-23488 apparently is one that Mr. Robbins made in connection with a desert land entry he filed on some land in Cassia County, Idaho, near Oakley. This filing was abandoned and he did not intend to perfect this permit, in fact no well was drilled on the property described as being in Section 35, Twp 11 S., Range 21 E. B. M.

Where Mr. Robbins got mixed up on these filings was in connection with Permit No. G-24914, he originally made to cover certain lands in Sec. 20, T 9 S R 25 E B M, and this permit he made application to amend to also include the NW $\frac{1}{4}$ NE $\frac{1}{4}$, of Sec. 20, T 9 S R 25 E B M, and proof covering this amendment was what he thought he was required to make. Does your records show that permit No. G-24914 has been amended to include said NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20?

In accordance with your letter to Mr. Robbins he is now enclosing his check for \$11.00 covering the statutory fee in connection with permit No. G-24914. Mr. Robbins says that he did not receive your letter of July 5, 1956 wherein you advise of this fee. He says that he has had considerable trouble with his mail service.

I hope this straightens this matter out.

Yours very truly

Rupert, Idaho

Dear Mr. Robbins:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-24914 which shows that your well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20, Township 9 South, Range 25 East, B.M. will deliver 82 inches of water which has been used to irrigate 82 acres of land in the N $\frac{1}{2}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 20.

This permits issuance of a license for 1.64 cubic feet per second and a Certificate of Completion of Works for 94 inches or 1.88 second feet.

Later when you have irrigated additional land it will be possible to get license for the additional 12 inches of water in case you wish to do so.

The fee for Certificate of Completion of Works will amount to \$5.00 and the license fee will be \$6.00, or a total of \$11.00.

Very truly yours,

Dear Mr. Robbins:

We return your Application for Amendment to the Land List which has been approved by the State Reclamation Engineer and recorded in this department.

This Amendment should be attached to the original Permit of which it now forms a part.

We have on file the depositions of yourself and two witnesses which were received in this office August 31, 1955, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Robbins:

We do not seem to have received a reply to office letter addressed Mr. Floyd J. Fruit on September 6, 1955, and of which a carbon copy was mailed you, in regard to the land list as described in your deposition and the depositions of your two witnesses, in proof of completion of works and beneficial use.

If you will refer to this letter of September 6, you will note that we called attention to the fact that the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, Township 9 South, Range 25 East, B.M. was included in all the depositions but was not included in the original permit nor the published notice.

If this forty acre subdivision is to be included in the permit, an application for amendment to the land list will have to be approved by the State Reclamation Engineer and then recorded in this department. We have completed such a form of amendment and enclose it for your signature, if you wish to amend your permit. Please sign and return to this department for record if said amendment meets with your approval. Otherwise, a Certificate of Completion of Works and License can only be issued for the land described in the original permit and the published notice, or the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 20, Township 9 South, Range 25 East, B.M.

Please let us hear from you regarding this matter.

RE: Permit No. G-24914

Mr. Gerald Robbins
Route # 1
Rapert, Idaho

Dear Mr. Robbins:

We do not seem to have received a reply to office letter addressed Mr. Floyd J. Fruit on September 6, 1955, and of which a carbon copy was mailed you, in regard to the land list as described in your deposition and the depositions of your two witnesses, in proof of completion of works and beneficial use.

If you will refer to this letter of September 6, you will note that we called attention to the fact that the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, Township 9 South, Range 25 East, B.M. was included in all the depositions but was not included in the original permit nor the published notice.

If this forty acre subdivision is to be included in the permit, an application for amendment to the land list will have to be approved by the State Reclamation Engineer and then recorded in this department. We have completed such a form of amendment and enclose it for your signature, if you wish to amend your permit. Please sign and return to this department for record if said amendment meets with your approval. Otherwise, a Certificate of Completion of Works and License can only be issued for the land described in the original permit and the published notice, or the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 20, Township 9 South, Range 25 East, B.M.

Please let us hear from you regarding this matter.

Gentlemen:

Thank you very much for the copy of your issue of August 2 containing several notices for proof on Water Permits.

We find one slight error in the notice for the Gerald Robbins Permit No. G-24914, but we find this is also an error in the copy.

The word (subterranean), the end of the ninth line, is misspelled. Please make the correction in your subsequent issues.

RE: Permit No. G-24914

Mr. Gerald Robbins
Route # 1
Rupert, Idaho

Dear Mr. Robbins:

We have your letter of June 24th and note that you are prepared to make proofs of completion of works and beneficial use on your Permit No. G-24914.

Before these proofs are made, the law requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two disinterested witnesses in making these proofs.
