Dear Mr. Kulp:

Mr. William C. Anderson of Declo, Idaho, who is the holder of Permit No. G-24385, has handed to me your letter of June 1, 1955, wherein you advised him that proof of completion of works and application of water to beneficial use under the said permit was required to be made not later than August 24, 1955. Mr. Anderson advises me that he mislaid your letter when it was received and it came to his attention only yesterday.

Since there is now not sufficient time to give the necessary notice before the date required for the making of proof, I desire to apply for an extension of three or six months under the permit. If you have a required form of application, please forward the same to me and I will see to it that it is completed and returned to you before August 24, 1955. OK

Thanking you for your attention to this matter, I am

Sincerely yours,

S. T. LOWE & KALES E. LOWE

ATTENTION: Jeanne Anderson

Dear Sir:

This will acknowledge the receipt of your letter of August 19, 1953, wherein you pointed out the errors in the description shown on the application and the map sketched. I agree with you that we had everything mixed up and I appreciate your returning the same to us. I believe now you will find that the description shown on the application and the map coincides somewhat better.

I hope everything is in order at this time.

Dear Mr. Church:

We acknowledge receipt of your letter of August 17, 1953, enclosing application of William C. Anderson to appropriate three and eight-tenths (3.8) second feet of water from three wells, accompanied by check for the \$5.75 filing fee.

We return the application in order that the land description given under Question 12 and the land as shown on the sketch map may be reconciled.

Question 12 describes the land in Section 29 as the SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$, but the sketch map seems to show it all in the SW Quarter.

Also, Question 12 shows the land in Section 30 as in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$, whereas the sketch map seems to show it in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$.

Also, in Section 31 the land is described as in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ the map only shows land in the NE $\frac{1}{4}$ NE $\frac{1}{4}$.

Please make whatever corrections are necessary and return to this Department.

Very truly yours,
