Dear Mr. Nail:

This acknowledges receipt of the depositions of Holder and two Witnesses and the Affidavit of Publication in the Times-News in proof of completion of works and beneficial use under Permit No. G-24200.

Before a permit can be licensed the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to accompany him.
