I enclose an application for permit to appropriate the ground waters of the State of Idaho, together with two copies of the map.

Also please find enclosed my check in the amount of \$5.75 in payment for the permit fee.

I find no requirement in Sections 42-226 through 42-239 of the Idaho Code, which pertains to ground waters, which requires a notice to be published as required by Section 42-214 of the Idaho Code pertaining to surface water. Please advise me if your department is interpreting the provisions pertaining to ground waters as requiring publication of notice of proof of completion.

Yours very truly,

BLANDFORD & BLANDFORD
