APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31778
Permit No. G- 23996
District No.

1. Name of Applicant: Alfred N. Knight
Postoffice address: Burley County: Cassia State: Idaho
2. Quantity of water claimed: 3 second feet.
 (a) Rate of withdrawal in cubic feet per second. 3 second feet or Idaho
Miners' inches or gallons per minute.
 (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean well located in the S $\frac{1}{2}$ of the Southeast Quarter, Section 25, Township 11 South, Range 22 East, East Boise Meridian
4. Location of point of diversion or well is ~~in the~~ 40 feet north of the Southeast corner of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 25
Twp. 11 S , Rge. 22E , B.M., County of Cassia
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well and pump.
8. Estimated cost of works: \$ 19,000.00
9. (a) Is reservoir to be used? no
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is
~~years~~ less than one year
11. If applicant is a corporation, give:
 I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none - land is entirely arid without any existing water right.
 (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

Idaho as herein set forth.

Permit No. G-23996 CERTIFICATE OF COMPLETION OF WORKS TO ALL WHOM IT MAY CONCERN: This is to certify that ALFRED N. KNIGHT of Burley, County of Cassia, and State of Idaho, the holder of Permit issued upon Application No. G-31718, bearing date of priority of April 9, 1953, authorizing the diversion of Three feet of the waters of a well (subterranean flow) County of Cassia, State of Idaho, for irrigation purposes, has full with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion and described in said Permit; that said works areadequate for diverting and conveying to the place of intended use feet of the waters of said well; that the point of diversion of said waters is in the SE$\frac{1}{4}$ SE$\frac{1}{4}$ Section 25, Township 22 East, B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit Quarter Section 25, Township 11 South, Range 22 East, B.M. / 100 000 Witness my hand this 5th day of November, A. D. 1953. MARK R. KULP State Reclamation Engineer Proof of Completion of Works made August 20, 1953. Certificate of Completion of Works issued November 5, 1953. LICENSE ISSUED FOR 0.2 SEC. FT. <i>page 5176</i>							

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-23996.

Comes now ALFRED N. KNIGHT and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23996

That the point of diversion is described in said permit as being located SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M.

That he now requests that the point of diversion be changed to a point located SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M.

That his reasons for desiring to make such change are as follows: an error in the description of location.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Burley, Idaho, this 4th day of November, 1953.

ALFRED N. KNIGHT

Date of receipt at Department of Reclamation November 5, 1953.

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-23996. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

Re: Permits No. G-23826 - G-23996

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred N. Knight
Burley
Idaho

Dear Mr. Knight:

We return your application for amendment to the location of the well described in Permit No. G-23826 which has been approved by the State Reclamation Engineer and recorded in this department.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under this permit for the diversion of 3.2 second feet of water from a well in the SE¹ SE¹ Section 25, Township 11 South, Range 22 East, B.M., with priority of February 26, 1953, for the irrigation of land in the SE¹ of said Section 25.

We also enclose your application for amendment to the location of your well as described in Permit No. G-23996, also approved and recorded in this department.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under this permit, confirming your right to an additional 0.2 second foot of water from the same well with priority of April 9, 1953, for irrigation of land in the NE¹ Section 25, Township 11 South, Range 22 East, B.M.

We also enclose departmental receipt No. 26304 for the \$26.00 fees in connection therewith.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

November 2, 1953

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred N. Knight
Burley
Idaho

Dear Mr. Knight:

We acknowledge receipt of your letter of October 21, 1953, enclosing check for \$26.00 to cover Certificate of Completion of Works and License fees on the above numbered permits.

However, on making a recheck we note that the report of our field engineer shows that your well is actually located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M., instead of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of said section as described in your application.

It will therefore be necessary for you to amend the permits and we enclose the necessary forms of application for amendment herewith. These should be signed and returned to this department for approval and record, following which Certificates of Completion of Works and License will be issued.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Enc.

23996

September 30, 1953

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred N. Knight
Burley
Idaho

Dear Mr. Knight:

The report of our field engineer on examination for completion of works and beneficial use on the above numbered permits shows that your well will deliver 170 inches of water which has been used for the irrigation of 160 acres in the SE $\frac{1}{4}$ of Section 25, Township 11 South, Range 22 East, B.M., and 100 acres in the NE $\frac{1}{4}$ of said section.

Since your original Permit No. G-23826 was for 160 inches, we can issue a license for that amount to be used on the SE $\frac{1}{4}$ of Section 25, and the remaining 10 inches under Permit No. G-23996 to be used on the NE $\frac{1}{4}$ of said section. Or, 170 inches can be divided equally, licensing 85 inches for each quarter section.

You understand, of course, that the license under Permit No. G-23826 would have an earlier priority than the license under Permit No. G-23996, the former priority being February 26, 1953, and the later priority April 9, 1953.

We shall await your further advice before issuing licenses and in either event, there will be a fee of \$5.00 for completion of works and \$8.00 license fee on each permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 23996

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Alfred N. Knight, Burley, Idaho - occupation - farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 23996, dated April 17, 1953, Date of priority April 17, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. A subterranean well located 40' North of the Southeast corner of the Southwest Quarter of the Southeast Quarter of Section 25, Township 11 South, Range 22, E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. The divers on works are capable of conveying from the point of diversion to the place of use 6 second feet of water. The well is 616 feet in depth, has a 16" casing, down 370 ft. It is 362 feet from the top of the well to the water, the pump discharges 220" of water, 110" discharged used under this permit, and 110" used under Permit No. 32826. Measured by the use of a Wier.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and is used to irrigate the Northeast Quarter of Section 25, Township 11 South, Range 22, E.B.M. All of the land described in the Northeast Quarter and each subdivision thereof has been irrigated by the water from said well; that the land is cultivated land; that the improvements that have been put upon the said land are as follows: \$6,450 for levelling, a well costing \$8,062, and a pump costing \$12,529.

23996

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The minimum amount of water required for cultivation of the land described in this permit is 110".

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. That all of the 110" under this permit has been used on the Northeast Quarter of Section 25, Township 11 South, Range 22, and has been used to irrigate and grow crops on the land described in this application.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. That no water is appurtenant to the land or can be diverted on the land except that pumped from the well described in this application.

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in, County of, State of Idaho, on this day of, A. BOISE, IDAHO

Permit No. 23996

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John L. Holyoak, Burley, Idaho. School principal and farmer.

Ques. 2. Are you acquainted with Alfred N. Knight, the holder of Permit No. 23996? How long have you known him and where does he reside?

Ans. I have known him for 25 years and he resides in Burley, Cassia County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 23996, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A subterranean well located 40' North of the Southeast corner of the Southwest Quarter of the Southeast Quarter of Section 25, Township 11 South, Range 22, E.B.M. Ditches convey the water from the point of diversion to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will carry approximately 6 second feet of water, and the amount of water I have seen conveyed by said ditches is 220".

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have observed the well discharging approximately 220" of water, 1/2 of said water being used under permit no. 23826 and the other half being used under permit no. 23996. I have estimated the amount of water by comparison tests between this well and other wells that I have observed.

#23996

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and is used to irrigate the Northeast Quarter of Section 25, Township 11 South, Range 22, E.B.M. All of the land described in the Northeast Quarter and each subdivision thereof has been irrigated by the water from said well that the land is cultivated land; that the land has been reclaimed from desert land and is now under cultivation and crops are growing on the said land described above. A well has been drilled on the said land, a pump has been installed in the well and diversion works have been built on the said land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land that has been reclaimed was desert land and has been put into profitable cultivation and the full 110" used on this land described in the permit is required to properly irrigate and properly cultivate the land described herein.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the land described in this permit, at least a dozen times and have witnessed the discharge from the pump and the water being diverted from the pump to place of use, and used in the irrigation of the crops growing on the property described in this application.

(Signed) John L. Holyman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 20th day of August, A. D. 1953.

P. J. McElhin

Notary Public.

My commission expires Feb. 20, 1953.

RE: Permits Nos. G-23826 and G-23996
→

Burley Herald Bulletin
Burley
Idaho

Gentlemen:

We have checked notice of proof of completion of works and beneficial use on Permits Nos. G-23826 and G-23996 of Alfred N. Knight, and find it to be correct with one exception.

Mr. Kulp's name in the next to last line is misspelled. It should be MARK R. KULP.

Please make this correction in your subsequent issues.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. G-23826 and G-23996

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Mr. A. H. Nielson

Dear Mr. Nielson:

We have sent to the Burley Herald notice of proof of completion of works and beneficial use to be made under the above numbered permits August 20, 1953, with instructions to publish it once a week for four weeks prior to that date and to send Mr. Alfred N. Knight the affidavit of publication together with statement of costs.

We enclose the necessary forms of deposition to be used in making these proofs (a separate set for each permit) and at the time set Mr. Knight should appear before you together with two disinterested witnesses who are familiar with the terms of the permits and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Mr. A. H. Nielson

Dear Mr. Nielson:

We enclose copy of notice which we have made for proof of completion of works and beneficial use on the above numbered permits.

If you find this to be correct, will you please okay and return to this department and we shall then send a copy to the Burley Herald with instructions in regard to publishing.

Very truly yours,

MARK R. KULP

RE: Permits Nos. 23826 and 23996

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Mr. A. H. Nielson

Dear Mr. Nielson:

We have your letter of July 6, 1953, enclosing notices for proof of completion of works and beneficial use on the above numbered permits in the name of Alfred N. Knight.

If our understanding is correct and both permits cover the same well, one for use on the NE 1/4 and one for use on the SE 1/4 Section 25, Township 11 South, Range 22 East, B.M., the notices can be combined for both permits and thus save Mr. Knight a little expense.

Please advise if this will be satisfactory and also the total amount of water to be proved up on under both permits.

We shall await your further advice before sending notice to the newspaper for publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. G-23826 and G-23996

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Mr. A. H. Nielson

Dear Mr. Nielson:

Reference is made to your letter of June 30, 1953, in which you state that Mr. Alfred N. Knight is prepared to make proof of completion of works and beneficial use on the above numbered permits.

Notice should be made in duplicate on Form 36 for each permit and both copies returned to this department together with Form 11, which is authorization for us to have the notice published at his expense in the designated county newspaper.

However, unless the land is completely irrigated, we suggest that proof not be made at this time, because license cannot be issued for more than actually produced and measured and put to beneficial use.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF OF
COMPLETION OF WORKS**

**and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given, that at 10 a.m., on the 20th day of August, 1953, at Burley, County of Cassia, State of Idaho, before A. H. Nielson, Notary Public, proof will be submitted of the Completion of Works for the diversion of 4.5 cubic feet per second of the waters of one certain well located in the SW SE Section 25, Township 11 South, Range 22 East, B. M. and of the application to Beneficial Use of said water, in accordance with the terms and conditions of Permits Nos. G23826 and G23996 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are Alfred N. Knight, Burley, Idaho.

2. Said works of diversion will be

fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to Beneficial Use is 4.5 cubic feet per second.

4. The place where said water is used is the East Half, Section 25, Township 11 South, Range 22, East Boise Meridian.

5. The date of priority which said user is prepared to establish on Permit No. G23826 is February 26, 1953 and on Permit No. G23996 April 9, 1953.
