

45-02440

State of Idaho
License and Certificate of Water Right

Water License No. G-23826

Amount 3.2 second feet

Water District No. _____

Priority February 26, 1953

THIS IS TO CERTIFY that ALFRED N. KNIGHT
of Burley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 26, 19 53; that Permit No. G-23826
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.2 second feet, was issued thereunder on November 5, 19 53, showing that said works
were completed on the 20th day of August, 19 53; and that on the 20th
day of August, 19 53,

ALFRED N. KNIGHT
of Burley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well (sub-
terranean flow), a tributary of _____, for the purpose of Irrigation
, under Use Permit No. G-23826 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5175, on the 5th day of November, 19 53;

The right hereby confirmed dates from February 26, 19 53;

The Point of Diversion is located
in the SE 1/4 SE 1/4, Sec. 25, Tp. 11 S., R. 22 E., B. M. County Cassia

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 3.2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	22 E.	25	NE 1/4 SE 1/4	40	40
			NW 1/4 SE 1/4	40	40
			SW 1/4 SE 1/4	40	40
			SE 1/4 SE 1/4	40	40
			Number of acres actually irrigated -		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

5th day of November, 19 53.

MARK B. KULP

State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31602
Permit No. G- 23826
District No.

1. Name of Applicant: ALFRED N. KNIGHT
Postoffice address: Burley County: Cassia State: Idaho
2. Quantity of water claimed: 160 miner's inches
 - (a) Rate of withdrawal in cubic feet per second. 3.2 or Idaho
Miners' inches or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: subterranean well located in the Southeast Quarter, Section Twenty-five, Township Eleven South, Range Twenty-two, East Boise Meridian
4. Location of point of diversion or well is ~~40 ft. No.~~ 40 ft. No. of the SE corner of the
SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 25
Twp. 11 S , Rge. 22 E , B.M., County of Cassia
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well and pump
8. Estimated cost of works: \$ 19,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is less than
1 year
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None - land is entirely arid
without any existing water right.
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: 38, Imp. 11-31, R. 22-1-1-1-1. Applicant expects to have the well drilled, the pump installed and ready to pump water upon the said lands by the 1st of May, 1953. All of the 160 acres can be irrigated from said well through the natural slope of the property.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

Agent.

Date of first receipt at Department of Reclamation: 9:00 A.M. Feb. 26, 1953

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 23826

Recorded in Book 85 Page 23826 Approved March 7, 1953

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before May 7, 1953 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before March 7, 1954

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before March 7, 1955

Witness my hand this 7th day of March, 1953

MARK R. KULP *State Reclamation Engineer.*

IN TESTIMONY WHEREOF, We, LEN JORDAN, Governor of the State of Idaho,
and IRA H. MASTERS, Secretary of State of the State of Idaho, have caused this instrument to
be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 7th
day of March, 1953.

TO ALL WHOM IT MAY CONCERN: This is to certify that ALFRED N. KNIGHT, of Burley, County of Cassia, and State of Idaho, the holder of Permit issued upon Application No. G-31602 bearing date of priority of February 26, 1953, authorizing the diversion of 3.2 the waters of a well (subterranean flow) County of Cassia, State of Idaho, for irrigation purposes, has fully complied provisions of the laws of the State of Idaho relating to the proof of Completion of the Works of diversion set out in said Permit; that said works are adequate for diverting and conveying to the place of intended use 3.2 second feet of said well; that the point of diversion of said waters is in the SE¹/₄ SE¹/₄ Section 25, Township 11 South, Range 22 East and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Southeast 1/4 of Section 25, Township 11 South, Range 22 East, B.M., Witness my hand this 5th day of November, A. D. 1953. MARK R. KULP State Reclamation Engineer Proof of Completion of Works made August 20, 1953. Certificate of Completion of Works issued November 5, 1953. LICENSE ISSUED FOR 3.2 SEC. FT. <i>Age 5/75</i>							

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO NO. G-23826

Comes now ALFRED N. KNIGHT and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23826.

That the point of diversion is described in said Permit as being located SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M.

That he now requests that the point of diversion be changed to a point located SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M.

That his reasons for desiring to make such change are as follows: An error in the description of the location.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Burley Idaho, this 4th day of November, 1953.

ALFRED N. KNIGHT

Date of receipt at Department of Reclamation November 5, 1953.

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-23826. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Gentlemen:

I am in the process of exchanging my properties in Idaho for other properties. In line with this, it will be necessary for me to transfer my License and Certificate of Water Right as it pertains to Water License Nos. G-29512 and G-24605. The person to whom I am trading my property may want to also exchange it or sell it to others.

If you have forms you prefer that I use I would appreciate it if you would forward them to me forthwith. We would need at least four (4) forms of transfer.

Yours very truly,

L. DELOS DAINES

State House
Boise, Idaho

Dear Mr. Carter:

Would you please send me the following information:

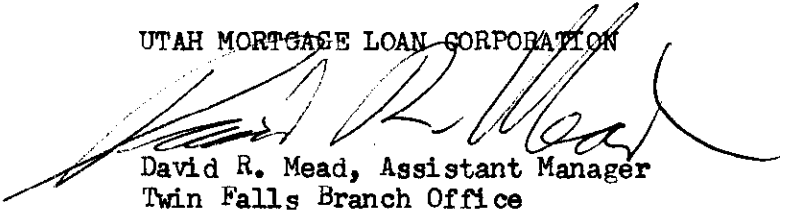

The information I need regards the pumps on Mr. Alfred N. Knight's farm in the East Half of Section 25 Township 11 South Range 22 East of the Boise Meridian, Cassia County, Idaho. One pump is in the very southern part of the Southeast Quarter and another pump is approximately in the southwest part of the Northeast Quarter.

The information we desire is the permit number on both of these wells, the amount of water allotted to each well.

Any information you have on the pumping depth.
Any information you have on the amount of water produced.
The depth of the wells.
The dates of the priorities.

Sincerely yours,

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred N. Knight
Burley
Idaho

Dear Mr. Knight:

We return your application for amendment to the location of the well described in Permit No. G-23826 which has been approved by the State Reclamation Engineer and recorded in this department.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under this permit for the diversion of 3.2 second feet of water from a well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M., with priority of February 26, 1953, for the irrigation of land in the SE $\frac{1}{4}$ of said Section 25.

We also enclose your application for amendment to the location of your well as described in Permit No. G-23996, also approved and recorded in this department.

We also enclose Certificate of Completion of Works and License and Certificate of Water Right issued under this permit, confirming your right to an additional 0.2 second foot of water from the same well with priority of April 9, 1953, for irrigation of land in the NE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M.

We also enclose departmental receipt No. 26304 for the \$26.00 fees in connection therewith.

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred M. Knight
Burley
Idaho

Dear Mr. Knight:

We acknowledge receipt of your letter of October 21, 1953, enclosing check for \$26.00 to cover Certificate of Completion of Works and License fees on the above numbered permits.

However, on making a recheck we note that the report of our field engineer shows that your well is actually located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 11 South, Range 22 East, B.M., instead of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of said section as described in your application.

It will therefore be necessary for you to amend the permits and we enclose the necessary forms of application for amendment herewith. These should be signed and returned to this department for approval and record, following which Certificates of Completion of Works and License will be issued.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

23826

September 30, 1953

RE: Permits Nos. G-23826 and G-23996

Mr. Alfred N. Knight
Burley
Idaho

Dear Mr. Knight:

The report of our field engineer on examination for completion of works and beneficial use on the above numbered permits shows that your well will deliver 170 inches of water which has been used for the irrigation of 160 acres in the SE¹ of Section 25, Township 11 South, Range 22 East, B.M., and 100 acres in the NE¹ of said section.

Since your original Permit No. G-23826 was for 160 inches, we can issue a license for that amount to be used on the SE¹ of Section 26, and the remaining 10 inches under Permit No. G-23996 to be used on the SE¹ of said section. Or, 170 inches can be divided equally, licensing 85 inches for each quarter section.

You understand, of course, that the license under Permit No. G-23826 would have an earlier priority than the license under Permit No. G-23996, the former priority being February 26, 1953, and the later priority April 9, 1953.

We shall await your further advice before issuing licenses and in either event, there will be a fee of \$5.00 for completion of works and \$8.00 license fee on each permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 a.m., on the 20th day of August, 1953, at Burley, County of Cassia, State of Idaho, before A. H. Nielson, Notary Public, proof will be submitted of the Completion of Works for the diversion of 4.5 cubic feet per second of the waters of one certain well located in the SW SE Section 25, Township 11 South, Range 22 East, B. M. and of the application to Beneficial Use of said water, in accordance with the terms and conditions of Permits Nos. G23826 and G23996 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are Alfred N. Knight, Burley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.5 cubic feet per

second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to Beneficial Use is 4.5 cubic feet per second.

4. The place where said water is used is the East Half, Section 25, Township 11 South, Range 22, East Boise Meridian.

5. The date of priority which said user is prepared to establish on Permit No. G23826 is February 26, 1953 and on Permit No. G23996 April 9, 1953.

NOTICE OF PROOF OF
COMPLETION OF WORKS-
and

APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 a.m., on the 20th day of August, 1953, at Burley, County of Cassia, State of Idaho, before A. H. Nielson, Notary Public, proof will be submitted of the Completion of Works for the diversion of 4.5 cubic feet per second of the waters of one certain well located in the SW SE Section 25, Township 11 South, Range 22 East, B. M. and of the application to Beneficial Use of said water, in accordance with the terms and conditions of Permits Nos. G23826 and G23996 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are Alfred N. Knight, Burley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.5 cubic feet per

second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to Beneficial Use is 4.5 cubic feet per second.

4. The place where said water is used is the East Half, Section 25, Township 11 South, Range 22, East Boise Meridian.

5. The date of priority which said user is prepared to establish on Permit No. G23826 is February 28, 1953 and on Permit No. G23996 April 9, 1953.

MARK R. KULP
State Reclamation
Engineer

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO }
COUNTY OF CASSIA } ss.

Junior M. ROSS, first being duly sworn, deposes and says: That he is the printer of The Burley Herald and/or The Burley Bulletin, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and that the said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to;

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourths inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for FOUR consecutive weeks, commencing with the issue dated July 23, 1953, and ending with the issue dated Aug. 14, 1953.

Subscribed and sworn to before me this 15th day of Aug. 1953.

Permit No. 23826

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Alfred N. Knight, Burley, Idaho, occupation - farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 23826, March 7, 1953. Date of priority March 7, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. 1 subterranean well located 40 feet north of the Southeast corner of the Southwest Quarter of the Southeast Quarter of Section 25, Township 11 South, Range 22, East Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. A well and ditches leading from the well to the place of use. Ditches capable of carrying 6 second feet of water, depth of well 616 feet, 16" casing down 370 feet, depth to water 362 feet. The pump 220" of water, 110" being used under Permit 23826, and the other 110" being used under Permit 23996.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and is used on the Southeast Quarter of Section 25, Township 11 South, Range 22, E.B.M. All of the land in each of the subdivisions in the Southeast Quarter of Section 25, Township 11 South, Range 22, have been irrigated with the water from the above described well. The land described herein was desert land and was reclaimed and put under irrigation. The land has been improved as follows: Approximately \$6,000 was spent for levelling, the well costing \$8,062 has been drilled on the said land and a pump costing 12,529 has been installed in said well.

23826

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. The water is used for irrigation purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The full 110" required under this permit would be the minimum amount required for irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All of the water described in this permit was used to irrigate the 160 acres described in question 6 and has been used to irrigate beets, potatoes, alfalfa, grain and beans, and the water has been used on the Southeast Quarter of Section 25, Township 11 South, Range 22, E.B.M.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. There isn't any other water other than that shown by this permit diverted from the well that can be applied to the property described in this permit.

BOISE, IDAHO

Permit No. 23826

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ira H. Coultrin, Burley, Idaho, Farmer.

Ques. 2. Are you acquainted with Alfred N. Knight, the holder of Permit No. 23826? How long have you known him and where does he reside?

Ans. I have known him for approximately 25 years. He resides in Burley, Cassia County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 23826, and are you familiar with its provisions and conditions?

Ans. yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 1. subterranean well. The well is located 40' North of the Southeast corner of the Southwest Quarter of the Southeast Quarter of Section 25, Township 11 South, Range 22, East Boise Meridian. The ditches convey the water from the point of diversion to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will carry approximately 6 second feet of water, and the amount of water I have seen conveyed by said ditches is 220".

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have observed the well discharging approximately 220" of water, 1/2 of said water being used under permit no. 23826 and the other half being used under permit no. 23996. I have estimated the amount of water by comparison tests between this well and other wells that I have observed.

J 23826

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and has been used on the Southeast Quarter of Section 25, Township 11 South, Range 22; that all of the acres in each of the subdivisions in the Southeast Quarter of Section 25, have been irrigated; that the land has been reclaimed from desert land and is now under cultivation and crops are growing on the said land described above. A well has been drilled on the said land, a pump has been installed in the well and diversion works have been built on the said land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land that has been reclaimed was desert land and has been put into profitable cultivation and the full 110" used on this land described in the permit is required to properly irrigate and properly cultivate the land described herein.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the land described in this permit, at least a dozen times and have witnessed the discharge from the pump and the water being diverted from the pump to place of use, and used in the irrigation of the crops growing on the property described in this application.

(Signed)

John H. Loftis

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 20th day of August, A. D. 19 53.

Permit No. 23826

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John L. Holyoak, Burley, Cassia County, Idaho. School principal and farmer.

Ques. 2. Are you acquainted with Alfred N. Knight, the holder of Permit No. 23826? How long have you known him and where does he reside?

Ans. I have known him for 25 years and he resides in Burley, Cassia County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 23826, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 1 subterranean well. The well is located 40' North of the Southeast corner of the Southwest Quarter of the Southeast Quarter of Section 25, Township 11 South, Range 22, East Boise Meridian. The Ditches convey the water from the point of diversion to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Said works will carry approximately 6 second feet of water, and the amount of water I have seen conveyed by said ditches is 220".

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have observed the well discharging approximately 2 20" of water, 1/2 of said water being used under permit no. 23826 and the other half being used under permit no. 23996. I have estimated the amount of water by comparison tests between this well and other wells that I have observed.

H 23826

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and has been used on the Southeast Quarter of Section 25, Township 11 South, Range 22; that all of the acres in each of the subdivisions in the Southeast Quarter of Section 25, have been irrigated; that the land has been reclaimed from desert land and is now under cultivation and crops are growing on the said land described above. A well has been drilled on the said land, a pump has been installed in the well and diversion works have been built on the said land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land that has been reclaimed was desert land and has been put into profitable cultivation and the full 110" used on this land described in the permit is required to properly irrigate and properly cultivate the land described herein.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the land described in this permit, at least a dozen times and have witnessed the discharge from the pump and the water being diverted from the pump to place of use, and used in the irrigation of the crops growing on the property described in this application.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M., on the 20th day of August, 1953, at Burley, County of Cassia, State of Idaho, before A. H. Nielson, Notary Public, proof will be submitted of the Completion of Works for the diversion of 4.5 cubic feet per second of the waters of one certain well located in the SW SE Section 25, Township 11 South, Range 22 East, B.M. and of the application to Beneficial Use of said water, in accordance with the terms and conditions of Permits Nos. G23826 and G23996 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Alfred W. Knight, Burley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to Beneficial Use is 4.5 cubic feet per second.

4. The place where said water is used is the East Half, Section 25, Township 11 South, Range 22, East Boise Meridian.

5. The date of priority which said user is prepared to establish on Permit No. G23826 is February 26, 1953 and on Permit No. G23996 April 9, 1953.

RE: Permits Nos. G-23826 and G-23996

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Mr. A. H. Nielson

Dear Mr. Nielson:

Reference is made to your letter of June 30, 1953, in which you state that Mr. Alfred N. Knight is prepared to make proof of completion of works and beneficial use on the above numbered permits.

Notice should be made in duplicate on Form 36 for each permit and both copies returned to this department together with Form 11, which is authorization for us to have the notice published at his expense in the designated county newspaper.

However, unless the land is completely irrigated, we suggest that proof not be made at this time, because license cannot be issued for more than actually produced and measured and put to beneficial use.

Very truly yours,

Dear Mr. Nielson:

We have your letter of March 26, 1953, in regard to amendment of Permit No. G-23826 to include additional land, and note your statement that this will be for 6 second feet.

Permit No. G-23826 is for 3.2 second feet and cannot be amended to include an additional amount. We suggest that Mr. Knight file a new application for the additional amount of water on the form enclosed.

Of course, Permit No. G-23826 can be amended to include additional land, but not for an additional amount of water and we enclose a form of application for such amendment herewith.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen:

We would like to file an application to amend permit
no. C-23826 of Alfred M. Knight, of Burley, Cassia County, Idaho.

32

Since the application was made by Mr. Knight, he has
acquired 160 acres of land contiguous to the land described in
the application.

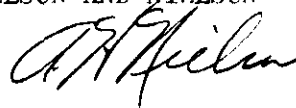

It is Mr. Knight's intention to dig a well that will
supply water to the land described in the above mentioned permit
and other new lands.

Would you send us forms to amend such permit? The new
application will be for 6 second feet.

Yours very truly,

NIELSON AND NIELSON

Gentlemen:

At the request of Alfred N. Knight, of Burley, Idaho,
we are sending application for permit. I believe you will find
it according to your requirements.

After it has been recorded, would you return the
application to us? We are sending a check of \$5.75 to pay for
the same.

Very truly yours,

NIELSON AND NIELSON

LEGAL NOTICES

NOTICE OF PROOF OF COMPLETION OF WORK and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a.m., on the 20th day of August, 1953, at Burley, County of Cassia, State of Idaho, before A. H. Nielson, Notary Public, proof will be submitted of the Completion of Works for the diversion of 4.5 cubic feet per second of the waters of one certain well located in the SW SE Section 25, Township 11 South, Range 22 East, B. M. and of the application to Beneficial Use of said water, in accordance with the terms and conditions of Permits Nos. G23826 and G23996 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are Alfred N. Knight, Burley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to Beneficial Use is 4.5 cubic feet per second.

4. The place where said water is used is the East Half, Section 25, Township 11 South, Range 22, East Boise Meridian.

5. The date of priority which said user is prepared to establish on Permit No. G23826 is February 26, 1953 and on Permit No. G23996 April 9, 1953.
