

45-02438

State of Idaho

License and Certificate of Water Right

Water License No. G-23765Amount One second foot

Water District No. _____

Priority February 19, 1953

THIS IS TO CERTIFY that **KENNETH WARR**
 of **Oakley, Idaho**, made application for a permit to appropriate the
 public waters of the State of Idaho, dated **February 19**, 19 **53**; that Permit No. **G-23765**
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
One second feet, was issued thereunder on **August 15**, 19 **55**, showing that said works
 were completed on the **17th** day of **August**, 19 **54**; and that on the **17th**
 day of **August**, 19 **54**,

KENNETH WARR

of **Oakley**, State of **Idaho**, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~subterranean~~ (subterranean flow), for the purpose of **irrigation**
 , under Use Permit No. **G-23765** of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page **5541**, on the **15th** day of **August**, 19 **55**;
 The right hereby confirmed dates from **February 19**, 19 **53**;

The Point of Diversion is located

in the **SW 1/4 NW 1/4**, Sec. **29**, Tp. **13 S.**, R. **22 E.**, B. M. **Cassia** County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed **one (1) cubic foot** per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
13 S.	22 E.	29	NE $\frac{1}{4}$ NW $\frac{1}{4}$	27 $\frac{1}{2}$	27 $\frac{1}{2}$
			NW $\frac{1}{4}$ NW $\frac{1}{4}$	27 $\frac{1}{2}$	27 $\frac{1}{2}$
			SW $\frac{1}{4}$ NW $\frac{1}{4}$	40	40
			SE $\frac{1}{4}$ NW $\frac{1}{4}$	40	40
		30	NE $\frac{1}{4}$ NE $\frac{1}{4}$	40	--
			NW $\frac{1}{4}$ NE $\frac{1}{4}$	40	--
			SW $\frac{1}{4}$ NE $\frac{1}{4}$	40	--
			SE $\frac{1}{4}$ NE $\frac{1}{4}$	40	--
			Number of Acres Actually Irrigated - - -		
					135

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
15th day of **August**, 19 **55**.

State of Idaho

License and Certificate of Water Right

Water License No. 21377Amount 0.7 second foot

Water District No. _____

Priority February 13, 1950

THIS IS TO CERTIFY that A. B. TOWNSLEY
 of Hammett, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated February 13 19 50; that Permit No. 21377
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.7 second foot, was issued thereunder on July 18, 19 52, showing that said works
 were completed on the 15th day of July, 19 52; and that on the 5th
 day of February, 19 55,

ROBERT LEE WOOD, Assignee of A. B. Townsley,
 of Glenns Ferry, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of Snake River
, a tributary of Columbia River, for the purpose of irrigation and
domestic use, under Use Permit No. 21377 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5542, on the 15th day of August, 19 55;

The right hereby confirmed dates from February 13, 19 50;

The Point of Diversion is located in Lot 9 or
 in the SE 1/4 SW 1/4, Sec. 2, Tp. 6 S, R. 8 E., B. M. Elmore County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 0.7 cubic ~~foot~~ per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
6 S.	8 E.	2	SW 1/4 SW 1/4 (Lot 10)	35	35

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
15th day of August, 19 55.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31540
Permit No. G- 23765
District No.

1. Name of Applicant: KENNETH WARR

Postoffice address: Oakley

County: Cassia

State: Idaho

2. Quantity of water claimed: 200 inches

(a) Rate of withdrawal in cubic feet per second. 4 or Idaho
Miners' inches or gallons per minute.

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Deep well

150 feet east of the SW corner of
4. Location of point of diversion or well is in the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 29
Twp. 13 So. , Rge. 22 E. , B.M., County of Cassia

5. Water is to be used for: Irrigation

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.

(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.

7. Kind of works: Deep Well

8. Estimated cost of works: \$ 15,000.00

9. (a) Is reservoir to be used?

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is 3 years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash onhand: \$

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Applicant has 450 shares of stock in the Oakley Canal Company to irrigate 365 acres of land, which includes the above described lands. The amount of water to which the applicant is entitled depends upon the amount of water impounded in the Oakley Reservoir.

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: Applicant is the owner of the property described under 12, together with other lands which in all total 365 acres. He has 450 shares of stock in the Oakley Canal Company. Applicant has never had sufficient water to adequately irrigate all of his crops. His alfalfa has suffered every year. The well hereinbefore described is to supplement the water right the applicant now has.
BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

KENNETH WARR Applicant.

By Agent.

Date of first receipt at Department of Reclamation: 9:00 a.m., Feb. 19, 1953
Returned to applicant for correction:
Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 23765
Recorded in Book 84 Page 23765 Approved Feb. 27, 1953
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before April 27, 1953 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.
One-fifth of the work above specified to be completed on or before August 27, 1954
The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before February 27, 1956
Witness my hand this 27th day of February, 1953

MARK R. KULP State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, LEN JORDAN, Governor of the State of Idaho, and IRA H. MASTERS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 27th day of February, 1953

APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. G-23765.							
Comes now Kenneth Warr and represents to the State Reclamation Engineer of the State of Idaho:							
That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23765.							
That the point of diversion is described in said permit as being located 150 ft. east of the Southwest corner of the Southeast Quarter of the Northwest Quarter of Section 29, Township 13 S., Range 22 EBM.							
That he now requests that the point of diversion be changed to a point located 150 ft. West of the Southeast corner of the Southwest Quarter of the Northwest Quarter of Section 29, Township 13 S., Range 22, EBM.							
That his reasons for desiring to make such change are as follows: Diversion point was in error at the time it was placed in the permit.							
That no one will be injured by such change, and that such change will be made at permit Holder's own risk.							
Signed at Oakley, this 7 day of June, 1954.							
KENNETH WARR							
Date of receipt at Department of Reclamation June 8, 1954.							

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-23765. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

Permit No. G-23765
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that KENNETH WARR of Oakley, County of Cassia, and State of Idaho, the holder of Permit No. G-23765, issued upon Application No. G-31540 bearing date of priority of February 19, 1953, authorizing the diversion of four (4) second feet of the waters of a well (subterranean flow) County of Cassia, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use one (1) second foot of the waters of said well; that the point of diversion of said waters is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 29, Township 13 South, Range 22 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Northwest quarter Section 29, Township 13 South, Range 22 East, B.M.

Witness my hand this 15th day of August, A. D. 1955.

MARK R. KULP
State Reclamation Engineer

Steven Allred
Deputy Director
Department of Water Administration
Box 8008
Boise, Idaho

Dear Steve:

We would very much appreciate your allowing us until October 1 to respond to your letters of August 21 and August 24 concerning the licensing of permits 43-2437, 43-2436, and 43-2438. This involves the land and the feed lots on the property of Vista Land Company at Malta and because I have Power of Attorney on two of the permits here in Idaho, and the principles are in Salt Lake, it may take us a little longer to concur or comment on your measurements and findings than you have allowed. Although I do not have Power of Attorney on permit #43-2437, I would appreciate your also delaying on this one because they have employed me to make a water measurement check to verify the flow amount. Should there be any questions on withholding action until that time, I would appreciate your notifying me directly.

Sincerely,

ANDERSON & KELLY

FEB 18 1969

Dear Sirs:

Department of Reclamation

I need the well license on
Kenneth Warr's well described as:

The South Half ($5\frac{1}{2}$) of the
Northwest quarter ($NW\frac{1}{4}$) and South
52.5 rods of the North Half ($N\frac{1}{2}$)
of the Northwest Quarter ($NW\frac{1}{4}$)
of Section 29, Township 12 South,
Range 22 East of Basic Meridian.

My Lane permit numbers: D 29023,
D 26621, D 29024, but they are
not the above described well.

45-2438/23765

The well was drilled in
1952 or 1953. We are buying the
ground and need a copy of the
license.

If there is a fee, please advise
us. We need this as soon as
possible.

Thank You.

Department of Reclamation

Mr. Kenneth Warr
Oakley
Idaho

Dear Mr. Warr:

The report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-23765 shows that your well in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 29, Township 13 South, Range 22 East, B.M. will deliver 50 inches of water which has been used to irrigate 135 acres in the NW $\frac{1}{4}$ of said Section.

A Certificate of Completion of Works and License can, therefore, be issued for 1 second foot of water from said well upon receipt of the statutory fees. These amount to \$5.00 for completion of works and \$8.00 License fee, or a total of \$13.00.

Very truly yours,

MARK R. KULP

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-23765

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Kenneth Warr, Oakley, Idaho
2. Source of water supply: Subterranean from a well
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29
T. 13 S. R. 22 E. County of Cassia
4. Describe works as they exist, giving dimensions and capacities of same: Well is 11" diameter by 290' deep. H=140', lift 170'. 8" column. No house, no protection. Concrete base 3' by 3'. G. E. Motor serial No. RKJ-324003. Layne-Bowler Pump, serial No. 19561. Discharge to the South through an 8" pipe into a surge column 3' diameter by 12' high into the ditches. Irrigation to the North by gravity.

5. Water is used for: Irrigation.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Northwest Quarter Section 29, Twp. 13 South, Range 22 East, B. M.

(Except the North 25 acres thereof.)

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: This water was measured over a 2' weir. Crops are potatoes, hay, and grain. This well seems to be rather weak and does not furnish the water they had hoped for.

This examination was made on the 8th day of June, 1955

(Signed) E. M. Humphrey Examiner.

23765

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Burley, Idaho

ATTENTION: Mr. Norman E. Nielson

Dear Mr. Nielson:

We acknowledge receipt of your letter of September 13th returning corrected depositions in proof of Completion of Works and Beneficial Use on Permit No. G-23765 in the name of Kenneth Warr.

This completes the proof, but before final action is taken, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact Mr. Warr at the time he makes the examination in order that arrangements may be made to show him over the ground.

Very truly yours,

MARK R. KULP

Dear Sir:

Re: Permit No. G23765

We believe the questions that you had on the above permit are now answered except as to the Northeast Quarter of Section 30; Mr. Warr informed us that he did not have sufficient water to irrigate the Northeast Quarter and therefore, it was not in the permit.

We are enclosing the depositions.

Very truly yours,

NIELSON & NIELSON

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-23765

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Kenneth Warr, stockman and farmer, Oakley, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-23765, date of permit February 27, 1953, date of priority February 27, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The Southwest Quarter of the Northwest quarter of Section 29, Township 13 South, Range 22, E.B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Ditches and concrete pipeline carries water from place of diversion to place of diversion works, well carries approximately four second feet of water, the depth of the well is 331 feet, the casing in the well is 14 inch casing and goes down 311 feet deep, depth of water is approximately 50 feet, the amount of water discharged from the pump is approximately 100 miner's inches or two second feet, which is an estimate and compared with the other wells in the vicinity.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and well irrigates all the Northwest Quarter except the North 25 acres of said Quarter. All of the area can be irrigated by the well. From the well water must be supplemented by water from the Oakley Canal Co. Fifty acres of the land is desert land that has been reclaimed, the balance of the area is cultivated land and water from the Oakley Canal Co. supplements the water from the well. Improvements on the property is the leveling of the land costing \$6,000.00, pump costing \$5,600.00 and well casing costing \$56.60. Section 29, Township 13 S., Range 22, EBM. All of the property is located in - - - -/

23765

~~Ques.~~/7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 100 inches or two second feet.

~~Ques.~~/9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been diverted under the permit mentioned herein since about the 6th day of May, 1953, and has been used during the growing seasons of 1953 and 1954.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. That this deponent has a water right in the Oakley Canal Company in the amount of 450 shares; that the water right is not sufficient to irrigate the property described herein and the Northeast Quarter of Section 30, Township 13 South, Range Twenty-two, E.B.M.; that the water right this deponent has with the Oakley Canal Company is determined upon the amount of water stored in the Oakley Reservoir, and this deponent needs the 2 second feet pumped from the well to supplement his water right in the Oakley Canal Company. ^(Sign) Kenneth Warr

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia,

State of Idaho, on this 17th day of August, A. D. 1954.

Harman H. Hickson

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ray Garrard, Oakley, Idaho, 24 years of age, postoffice Oakley, Idaho.....

Ques. 2. Are you acquainted with..... Kenneth Warr....., the holder of Permit No. G-23765.....? How long have you known him and where does he reside?

Ans. I have known Kenneth Warr for twenty years, Oakley, Cassia County, Idaho.....

Ques. 3. Have you read or heard read said Permit No. G-23765....., and are you familiar with its provisions and conditions?

Ans. Yes.....

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean well located in the Southwest Quarter of the Northwest Quarter Section 29, Township 13 South, Range 22, E.B.M. Diversion works are a concrete pipeline and ditches.....

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The works carry approximately five second feet of water.....

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Two second feet of water. This is an estimate of the amount of water pumped from other wells in that vicinity.....

23765

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Section 29, Township 13

Ans. Irrigation and is used to irrigate the Northwest Quarter except the North S., Rge. 22, E. B.M., All of this area can be irrigated by the well, but the well must be 25 acres thereof. All but 50 acres of the property described had been cultivated supplemented by water from the Oakley Canal Company. previously. Improvements placed on the property is a well costing \$4,354.00, pump costing \$5,600.00, casing costing \$1,300.00 and \$500.00 for land leveling.

Section 29, Township 13 South, Range 22, E. B. M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Kind of land reclaimed is desert land and cultivated land which has not had sufficient water right to properly irrigate the cultivated land. The full 2 second feet is necessary for proper irrigation of the said property.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am a neighbor to the said Kenneth Warr and have been on his place at least a dozen times/past growing season and observed the works and the water produced from the works.

(Signed) Roy Hayward

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 17th day of August, A. D. 1954.

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We are sorry to have to again return the depositions of Kenneth Warr and two witnesses which are not yet complete as regarding description of the land where the water has been used.

Question 6 of Mr. Warr's deposition fails to give the legal subdivision in Section 9, and Question 7 of the depositions of the two witnesses still does not state the Section, Township and Range of the NW $\frac{1}{4}$ mentioned.

Neither have we had an answer to the question in our letter of August 26th as to whether or not the NE $\frac{1}{4}$ of Section 30 was to be included in the proofs.

Very truly yours,

MARK R. KULP

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We acknowledge receipt of your letter of August 23rd enclosing depositions of Kenneth Warr and two witnesses, also affidavit of publication in the Oakley Herald in proof of Completion of Works and Beneficial Use on Permit No. G-23765.

We return the depositions in order that question 6 of Mr. Warr's deposition and question 7 of the depositions of his two witnesses give the Section, Township and Range of the land described. We assume this is Sec. 29, Twp. 13 South, Rge. 22 East, B.M.

We also note that although the permit and the published notice includes the NE $\frac{1}{4}$ of Section 30, it is not described in the proofs. Was this omission intentional?

Very truly yours,

RE: Permit No. G-23765

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We have your letter of June 10 and in order to save expense to Mr. Warr, we have changed the description of the land, to the shorter form given in the Permit Application.

Your letter does not reply to that part of our inquiry regarding the amount upon which proof is to be made. The notice which you sent mentions 2 second feet in one place and 3 second feet in another, so in order to be on the safe side, we have amended the notice to show 3 second feet on which proof is to be made.

We are sending a copy of the notice to the Oakley Herald with instructions to publish it once a week for four weeks prior to July 12, the date set for proofs and to send to Mr. Warr the affidavit of publication together with statement of costs.

We return the forms of deposition to be used by Mr. Warr and his two witnesses in making these proofs.

We also enclose the application for amendment which was omitted from our previous letter.

Very truly yours,

MARK R. KULP

Re: Permit No. G-23765

Gentlemen:

At the time we received your letter we did not find enclosed the amendment to the point of diversion in the above mentioned permit.

The description of the property that we had in the Completion of Works and Application to Beneficial Use is the same description as was in the permit, only put in metes and bounds. The two descriptions are identical.

However, if you wish, the original description of the property, as set out in the permit, may be placed in the Notice of Completion of Works, as it would correspond with the mete and bound description we set out therein.

If there is any further information you need, would you please inform us?

Very truly yours,

RE: Permit No. G-23765

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We return Mr. Kenneth Warr's application for amendment to the point of divers on in Permit No. G-23765 which has been approved by the State Reclamation Engineer and recorded in this department.

In checking the notice for proof of completion of works and beneficial use, we note that it is for only 2 second feet instead of 4 second feet as applied for and we also note that the land description differs from the description in the original application for permit.

While the same land may be covered in both descriptions, we think it should be the land as given in the Permit which is on the NW $\frac{1}{4}$ Section 29 except the North 25 acres thereof and all of the NE $\frac{1}{4}$ of Section 30, Township 13 South, Range 22 East B.M.

On the other hand, if there has been a change in the land, the Permit will have to be amended and we enclose a form of application for such amendment.

Since the time set for making these proofs is for July 12 it will be necessary for you to reply promptly in order to allow time for the four weeks publication.

Very truly yours,

MARK R. KULP

Boise, Idaho

Gentlemen:

At the request of Kenneth Warr of Oakley, Idaho,
we are sending application for permit, together with a check
for \$5.75.

Would you file and record this application if you
find it complies with your requirements and return it to us
afterwards?

Very truly yours,

NIELSON & NIELSON

**NOTICE OF PROOF OF
COMPLETION OF WORKS AND
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that at ten A. M., on the 12th day of July, 1954, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the completion of works for the diversion of (3) Three cubic feet per second of the waters of subterranean flow from a well in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 29, Twp. 13 S., R. 22 E. B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-23765 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Kenneth Warr, Oakley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is (3) Three cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is (3) Three cubic feet per second.

4. The place where said water is used is NW $\frac{1}{4}$ Section 29 (except the North 25 acres thereof) and all of the NE $\frac{1}{4}$ Section 30, Township 13 South, Range 22 East B.M.

5. The date of priority which said user is prepared to establish is February 27, 1953.
