, Dear Mr. Murphy:

We acknowledge receipt of the Deposition of Wolder and two witnesses, also affidavit of publication in the Times-News, all submitted in proof of completion of works and application of water to beneficial use on Permit No. G-23713.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

We are enclosing the statement of costs from the Times-News, which you may require for your files.

Dear Mr. Murphy:

We refer you to our letter of August 9, 1957, which reads as follows:

"This acknowledges receipt of your depositions of holder and two witnesses of proof of application of water to beneficial use under Permit No. G-23713. Before we can accept these as proof, it is necessary that you furnish us with the exact location (by legal description) of the point of diversion and the lands which are irrigated.

These depositions were to have been made at 2:00 P. M. , July 18, 1957, and were not made and witnessed before the Notary until August 7, 1957. Therefore, it is now necessary that you obtain an affidavit from the Notary, Mr. Gundelfinger, stating that his office was open on July 18, 1957, at the time specified in the published notice and that no one appeared to protest. Also, you are to give an explanation as to why the proofs were not made on the designated date.

Please contact the Twin Falls Times News and ask them to furnish you or mail directly to us the Affidavit of Publication in connection with this notice - Permit No. G-23713.

Enclosed is your Permit No. G-23713, together with your Well Log and Report. The driller supplied a log in 1956 which furnished the same information, thus, you may keep this log for your files."

Attention: M. Clark

Dear Mr. Clark:

We have a memo from you dated June 5, 1957, which read as follows:

"This is to advise that we have as yet been unable to contact Mr. Rellis Murphy of Hazelton, Idaho regarding publication of his Notice of Completion of Works which was received from your office last week."

We know of no reason why it is necessary for you to contact Mr. Rellis Murphy in regard to this publication unless it is to collect in advance the cost of said publication.

Please see that the notice is published beginning by not later than the week of June 9-15 so the four consecutive once-a-week publications will be published prior to the date set for the proofs.

Before a license can be issued to Mr. Murphy, one of the requirements is for him to furnish us with an affidavit of publication. Therefore, we are reasonably sure that he will pay for the publication sometime before the four weeks have lapsed or at the time he picks up the affidavit of publication.

Very truly yours,

Dear Mr. Murphy:

We acknowledge receipt of Notice for Completion of Works and Beneficial Use proof on Permit No. G-23713, to be made July 18, 1957, before C. E. Gundelfinger, Notary Public.

We shall send a copy of the Notice to the Times-News with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Mr. Gundelfinger, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Since the making of proof is late on the above captioned Permit, it will be necessary for you and your two witnesses to state that the works were completed and water applied to Beneficial Use on or before March 1st, 1957, the date proofs were due, providing the works were completed and water applied to Beneficial Use on or before that date.

Dear Sir;

I am writing in accordance with a well drilling permit I now hold. No. L. 23713 - Recorded in book 84 Page 23713 approved Feb. 20. 1953.

The well is 300 ft. deep and not enough water to pump. So would like an extension on this date to be extended for two more years. So I may go ahead and drill deeper and get more water. So could I get an extension on this permit of 2 years. which would make it 1957.

Thank you.
