RE: Permits Nos. G-23491 and G-23492

Mr. Willard Cranney
Oakley
Idaho

Dear Mr. Cranney:

We have your letter enclosing partially filled out proofs of completion of works on Permits Nos. G-23491 and G-23492.

If you will refer to these permits, you will note that both proof of completion of works and beneficial use are due at the same time on these two permits. On Permit No. G-23491 these proofs are due on or before January 5, 1955, and on Permit No. G-23492 on or before January 5, 1958, but they can be made at any earlier date that you are prepared to make both proofs.

Before these proofs are made, notice must be published once a week for four weeks in a county newspaper. Notice to be made in duplicate on Form 36 enclosed and returned to this department.

For your information, will say that Permit No. G-23491 is for 1.3 second feet of water from a well in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 12 South, Range 22 East, B.M., for use on the SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ and S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 30, and NW $\frac{1}{4}$ Section 32, Township 12 South, Range 22 East, B.M.

Permit No. G-23492 is for 6.4 second feet of water from a well in the same location (probably the same well) for use on SE $\frac{1}{4}$ Section 29, NE $\frac{1}{4}$ Section 32, and NW $\frac{1}{4}$ Section 33, Township 12 South, Range 22 East, B.M.

If the well is complete and the water has been beneficially used for the irrigation of the land described, notice on both permits could be combined in one and we shall be glad to prepare the necessary form for you upon request.

Very truly yours,
