Dear Mr. Church:

We have corrected the depositions of Willard Cranney and two witnesses as to the land list described in Permit No. G-23492, in accordance with your letter of June 28th.

This completes the proofs on both Permits Nos. G-23491 and G-23492 but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Cranney at the time he makes the examination so that arrangements may be made to show him over the grounds.

ATTENTION: Mr. T. H. Church

Dear Mr. Church:

We have your letter of June 18 enclosing depositions of Willard Cranney and two witnesses also Affidavits of Publication in the Burley Herald Bulletin all in connection with proofs of Completion of Works and Beneficial Use on the above numbered Permits.

The depositions of Permit No. C-23492 describe land not included in the Permit or the published notice.

The published notice describes the place of use as the SE $\frac{1}{4}$ Section 29, NE $\frac{1}{4}$ Section 32, and NW $\frac{1}{4}$ Section 33, Township 12 South, Range 22 East, B. M.

However, the proofs describe the NW $\frac{1}{4}$ Section 33 S $\frac{1}{2}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 32, which are included in the Permit also E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 28, SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 29, which are not in the Permit. The SE $\frac{1}{4}$ of Section 29 and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 32, which are included in the Permit are not described in the proofs.

If there is a typographical error in the proofs that can be corrected but proof can not be accepted on other land than that described in the Permit.

Dear Sir:

I thank you for your letter of April 6, 1955, in regard to the above captioned permits.

In regard to Permit No. G-23491, would you please forward to this office the necessary forms to apply for an extension in which to make the proof of completion of works for beneficial use, and would you also forward the necessary papers and instruments in order to submit the proof on the said permit. The reason I ask for both forms is the fact that Mr. Cranney is now out of the State of Idaho, and he should return by Wednesday, April 13. At that time I shall get in contact with him and have him ask for an extension or complete the papers so that he may submit proof. If it is possible for me as his attorney to ask for and obtain an extension on this permit, I shall apply for an extension at this time.

It is my understanding that Mr. Cranney is now prepared to submit proof of completion of works and prepared to make proof of beneficial use also on Permit No. G-23492. Therefore, I shall appreciate it if you will forward to me the necessary forms.
