ORDER TO SHOW CAUSE

Attention: Mr. Jim Booker

Dear Mr. Booker,

I am sending this letter in regard to our telephone conversation this morning.

We are trying to find Dorothy M. Matlock and get this amendment that is needed to you by March 27, 1972. This is in conjunction with your ORDER TO SHOW CAUSE Letter that you sent Dorothy M. Matlock on November 17, 1971. This just came to the attention of the owner, Frank Somsen of 212 Pleasant Way, Rupert, Idaho, today. He came to me to help him clear this matter up.

I believe you should send me an amendment form just in case Mrs. Matlock doesn't have the form that you sent her.

We are requesting addition time if needed to get this amendment to you.

Thanking you.

Sincerely yours

It appearing to the Department of Water Administration that the terms and conditions of Permit G-23439/45-2428 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee of \$9.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before March 28, 1971, why said permit should not be cancelled.

Permit G-23439/45-2428 claims the use of 6.4 cubic feet per second of water, the point of diversion was to be located within the SW 1/4, Sec. 28, T. 9S, R. 25E, B.M. and the permit was approved December 26, 1952.

Dear Mrs. Matlock:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-23439 shows the well is (are) capable of conveying 65 miner's inches, or 1.30 c.f.s. of water for the irrigation of 80 acres.

Upon receipt of the statutory fees, totaling \$ 9.00, which consists of a Completion of Works fee of \$ 5.00 and License and Certificate of Water Right fee of \$ 4.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of December 15, 1952 to the use of 1.30 second feet of subterranean water with the point of diversion in the SW 1/4, Sec. 28 for domestic use and irrigation of 80 acres in the W 1/2, Sec. 28, T. 9 S., R. 25 E., B.M.

Since your permit shows the point of diversion to be in the SW 1/4, Sec. 28 it will be necessary to amend the point of diversion. Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment, and the Certificate of Completion of Works and License and Certificate of Water Right will be issued.

Dear Mrs. Matlock:

We acknowledge receipt of the Deposition and Helder and two witnesses, also affidavit of publication in the Burley Herald, all submitted in proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-23439.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department. We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

We are returning check in the amount of \$9.00, and after the inspection is made by the engineer, we will notify you of the fees at that time.

Very truly yours,

GEO. N. CARTER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Dorothy M. Matlock

Route # 1, Rupert, Idaho. I am housewife & farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Does not apply

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-23439, dated December 26, 1952, date of priority Dec. 15, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water from deep well and well is located approximately in the SW corner of the (SW $\frac{1}{4}$ NW $\frac{1}{4}$) of Sec. 28, Twp. 9 S, Rge. 25 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well, subterranean water pump placed on land by sprinkler system, and capable of conveying 6.4 cubic feet per second of water. The well is 108 feet deep, 21 inch casing, and 60 feet to water. Nozzles are R2-11 and there are 96 nozzles and the operating pressure is 70 lbs.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. I am watering the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 28, Township 9 South, Range 25 E., B. M. I have planted crops and harvested the same therefrom.

Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Claude Chugg, Rupert, Idaho, Rt. 4, Farmer, and 59 years old.

Ques. 2. Are you acquainted with Dorothy M. Matlock, the holder of Permit No. G-23439? How long have you known him and where does he reside?

Ans. I've known Mrs. Matlock about 10 years. She lives on Route # 1, Rupert, Idaho

Ques. 3. Have you read or heard read said Permit No. G-23439, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well was drilled for subterreanean waters and the water is conveyed to the land through a sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I'd estimate 320 miner's inches of water is conveyed and used on said land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I would estimate about 320 inches of water per minute is conveyed and I make my estimation on the fact that I am acquainted with pumps and wells. That I also saw the water measured by a qualified man and the installation of pump and actually saw the 320 inches

H 23439

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~The water is being used for irrigation and water as been applied to NW 1/4 of Section 33, Township 9 S., Rge. 25 E., B.M., Minidoka County, Idaho.~~ ~~There are 80 acres being irrigated.~~ There has been planted, grown and harvested from said land hay, grain, beans and potatoes.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Does not apply

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This was sagebrush land and arid in nature. The sagebrush was removed and deep well was drilled and sprinkler system was installed and set up. The land has been planted to crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the place a number of times each year and have seen the land being irrigated by the sprinkler system and as stated before I witnessed the water being measured by a qualified man and know that 320 inches of water is applied from the well to the land.

Dear Mr. Kulp

Mrs. Dorothy Matlock called at the office relative to the above matter and I wish to advise you as follows:

She has completed a well in accordance with the application, which said well has been tested and is capable of delivering 6.4 inches of water per minute, however, she has been unable to attach to and place on this well a sprinkler system for the placing of water upon the land to beneficial use.

The well was completed December, 1955.

It is her desire and herewith request an extension for the completion of placing the water to beneficial use, and asks such extension to December 26, 1959.

Would you kindly advise if such an extension can be granted and as to what is necessary therefor.

Yours very truly

DEPARTMENT OF RECLAMATION

RE: Permit No. G-23439

Date October 1, 1957

Dorothy M. Matlock
Route #1
Rupert, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-23439, are due not later than December 26, 1957.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date. This form, filled out in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water filed on, for what purpose it is used, the point or points of diversion and the location of use or the lands which are irrigated--all by legal land description.

Also enclosed is Form 11, which is the authorization for us to have the notice of proof published in the designated county newspaper, at your expense. This is to be returned with Forms 36.

At the time we send the notice to the newspaper, we will also send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. G-23439 - G-23440

Messrs. Cresson & Cresson

ATTENTION: H. V. Cresson

Dear Mr. Cresson:

We have your letter of April 29 requesting Extension of Time for Completion of Works on the above numbered Permits in the name of Dorothy M. Matlock and Clarence S. Matlock.

Reference to the records in this Department indicate that one-fifth (1/5) of the work is supposed to be completed by June 26, 1955, but proof of Completion of Works and Beneficial Use is not actually due until December 26, 1957.

For that reason no Extension is necessary at this time.

Mr. and Mrs. Matlock were in the office relative to the extension of time for the completion of the above permits for the drilling of wells on desert entries. I note from their applications that it would be necessary to have this work completed by the 26th day of June, 1955.

Due to financial reverses and being unable to procure equipment and drillers the above applicants would like to ask for an extension of permit to March 18, 1956, which will give them ample time to complete arrangements with drillers and procure the necessary equipment for completion of the two wells.

I do not know whether you have a special form to be filled out for this request or if this request will be sufficient for the extension of date of completion. If you should desire forms filled out kindly send us the same. We will greatly appreciate your advice in regard to this request.

Very truly yours,

Dear Mr. & Mrs. Matlock:

We have your letter of January 24, 1953, in which you state that the land described in the above numbered permits are marked as in Minidoka County whereas they are actually located in Cassia County.

We return your permits and direct attention to Question 4 which definitely states that the lands are in Cassia County. We think you are confused because Question 1 shows your address as in Minidoka County.

Dear Sirs;

In checking our papers we find that the papers are marked Minniedoka County instead of Cassia County in which the land is located.

I should like to have this mistake corrected in our papers & the ones send to the land office also.

Thank you.
