Dear Mrs. Blei:

State law requires an inspection on any permit being brought to license in the State of Idaho.

I intend to make inspection in connection with your Permit on Tuesday, June 5, probably in the afternoon.

Please be prepared to accompany me on the inspection. I will attempt to contact you as soon as I arrive in that area but in case I do not, I will drive to the place where the well is located.

Yours truly.

Dear Mrs. Elei:

We are in receipt of corrected depositions of yourself and two witnesses in proof of Completion of Works and Beneficial Use on Permit No. G-22362 also Affidavit of Publication in the Burley Herald.

This completes your proof but before final action is taken the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

We return your receipted bill for costs of Publication which you will doubtless wish to keep in your own files.

RE: Permit No. G-22382

Mrs. Esther O. Blei
Murtaugh
Idaho

Dear Mrs. Blei:

We acknowledge receipt of the deposition of yourself as holder also two depositions signed by you as witnesses in proof of completion of works and beneficial use on Permit No. G-22382.

Evidently you misunderstood our letter of June 6 in which we stated that two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder should execute the depositions.

We enclose other forms of deposition which should be executed before Herbert Thorne, Notary Public, by two of your neighbors or other parties who are familiar with the terms of the Permit and the work done thereunder.

We also return your own deposition in order that you may state the kind and power of the pump if the pump has been installed.

The affidavit of publication is also a part of the proof and the Burley Herald was instructed to send this to you. If you have not received it, we suggest that you take the matter up with them at once.

Very truly yours,

Idaho

Dear Mrs. Blei:

If we understand your letter of May 27th correctly, you are prepared to make proof of completion of works and beneficial use on your Permit No. G-22382 as both these proofs are due at the same time, that is, on or before September 21, 1955.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two disinterested witnesses in making the proofs.

RE: Permit No. G-22382

Mr. Truman Blei
Canyon Villa No. 38
Twin Falls, Idaho

Dear Mr. Blei:

In sending you Permit No. G-22382 on September 27, 1951, we overlooked the fact that your mother's check for the filing fee was in the amount of \$6.00, whereas the correct fee was only \$5.50.

There is therefore, a refund of 50 cents due her, which we enclose herewith.

Very truly yours,

Mrs. Esther O. Blei
Murtaugh, Idaho

Dear Mrs. Blei:

We acknowledge receipt of your letter of September 10th, also your application for permit to appropriate five second feet of water from a well in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 12 South, Range 20 East, B.M., and your check for \$6.00 filing fee.

Since your application only describes 160 acres as place of use for this water, it can ~~not~~ be approved for 160 inches or 3.2 cubic feet per second. But if you wish to apply for the full 5 second feet or 250 inches, more land could be included in the application. We shall with-hold action on this new application until we hear from you further.

As to Permit No. 20547, which is for 2.5 second feet, or 125 inches, to be used on the NE $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 3, and N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4, Twp. 12 S., Range 20 East, B. M., and which we understand from your letter and sketch map covers water from two wells, one in the Southeast corner and one in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4.

As the permit now stands, with the two amendments as to location of the wells, it only names one well, and that in the Southwest corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 4. But proof of completion of works need not be made until January 23, 1953, and if you wish to develop the other well, and make proof on both that can be done, but it will require another amendment to the permit, form for which we enclose. And you understand, of course, that no matter how much water may be developed from the two wells, this permit cannot be licensed for more than the 2.5 second feet applied for. Any additional amount would have to be taken care of under another application.

Very truly yours,

MARK R. KULP
