APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-22421

Comes now Crosby C. Biggerstaff and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-22421. That the point of diversion is described in said permit as being located SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 7, T 12 S - R 22 E., B.M. That he now requests that the point of diversion be changed to a point located SW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 7, T 12 S - R 22 E., B.M. That his reasons for desiring to make such change are as follows: In developing my desert entry, it was found that an additional well will be necessary for the proper irrigation of the land included. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Kimberly, Idaho, this 11th day of September, 1957

Dear Mr. Biggerstaff:

The Certificate of Completion of Works and License and Certificate of Water Right No G-22421 were sent to you August 4, 1960.

Our record shows that the Certificate of Completion of Works is correct in showing the land irrigated as 220 acres in W $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$, Sec. 7, Twp. 12 S., Rge. 22 E.

Our record of the license shows the land in W $\frac{1}{2}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 7. Kindly check the original license sent to you and notify this office if it shows the land as W $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$, said Sec. 7. If it shows W $\frac{1}{2}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$, kindly return to this office and the description will be corrected. Our record is being corrected.

We hope that your original license is correct and the only error was in our record.

RE: Permit No. G-22421

Crosby C. Biggerstaff
Rt 2
Hansen, Idaho

Dear Mr. Biggerstaff:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Burley Herald Bulletin, all submitted in proof of completion of works and beneficial use on Permit No. G-22421.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-22421, in the name of Crosby C. Biggerstaff. Final Proof is to be made before you, as Notary on the 19th day of September, 1959, at 10:00 o'clock A.M., at 618 Idaho Bldg., Boise Idaho.

As of this date we have mailed the Notice to the The Herald with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-22421 are due not later than July 21, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Comes now Crosby C. Biggerstaff and represents to the
State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-22421.

That the point of diversion is described in said permit as being
located SW¹/₄SW¹/₄, Section 7, T 12 S - R 22 E., B.M.

That he now requests that the point of diversion be changed to a
point located SW¹/₄SW¹/₄, SW¹/₄SE¹/₄, Section 7, T 12 S - R 22 E., B.M.

That his reasons for desiring to make such change are as follows:

In developing my desert entry, it was found that an additional well
will be necessary for the proper irrigation of the land included.

That no one will be injured by such change, and that such change will
be made at Permit Holder's own risk.

Mr. Crosby C. Biggerstaff is holder of permit G 22421 for underground water. Approval originally was given by you on October 30, 1951 providing work to begin Dec. 30, 1951, one fifth completion on April 30, 1954 and completion by October 30, 1956. Extension of dates was granted by you on August 12, 1954 in which you state that final completion is extended to July 21, 1959 and "similiar extension for all other acts" is granted.

I would appreciate very much a clarification of this particularly as to when one fifth completion must be made. Permittee is now trying to make arrangements for drilling a well.

Very truly yours,

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

WHEREAS, Permit No. G-22421 in the name of Crosby C. Biggerstaff, was filed in connection with desert entry Idaho #02438; and,

WHEREAS, under the terms of said Permit, work was supposed to commence on or before December 30, 1951, one-fifth of the work to be completed on or before April 30, 1954, and proof of completion of works and beneficial use to be made on or before October 30, 1956; and,

WHEREAS, Permit Holder was unable to proceed with construction of works until he received permission from the Bureau of Land Management to go on the land which was not received until July 21, 1954;

NOW THEREFORE, an extension of time is allowed for completion of works until July 21, 1959, and a similar extension is allowed for all other acts required under the terms and conditions of Permit No. G-22421.

Signed at Boise, Idaho, this 12th day of August, 1954.

Re: Permit #22421

Dear Sir:

I refer to the above designated permit to develop subterranean water. As you will note, this states I was to begin work on or before December 30, 1951 and 1/5 of the work was to be completed on or before April 30, 1954 and completion of works made by October 30, 1956.

This is to advise that the land on which beneficial use was to have been made is included under Idaho desert entry #02438 and just under date of July 21, 1954, I have received permission to go on this land; therefore, I would like to have an extension of time so I can have my work beginning December 30, 1954, one-fifth of the work to be completed on or before April 30, 1957 and completion of works to be submitted on or before October 30, 1959.

If this cannot be done, I will appreciate your advising me of the period of extension which would be allowable.

Very truly yours,

Crosby C. Biggerstaff
