Re: Permit No. G-22150 - Transfer

Richard G. Howard
Route #2
Buhl, Idaho

Dear Mr. Howard:

We are returning your application to appropriate the public waters of the State of Idaho and your cashier check in the amount of \$10.00. Earlier contacts with you indicated a need for clarification of your water rights in Cassia County, Idaho. We assume that the application you have submitted was an attempt to clarify the problem at hand.

After reviewing your proposed application we find that the situation as it now exists can not be corrected by filing a permit. You should, however, file an application for transfer of a water right in connection with Water License No. G-22150.

Enclosed is a copy of a transfer to a water right which the Department has prepared. Please review it and complete any additional requirements of the transfer application, have your signature notarized, and return the transfer application with the required \$20.00 filing fee.

If you have any questions in this matter, please feel free to contact us.
