ATTENTION: Mr. A. L. Blandford:

Dear Mr. Blandford:

We enclose License and Certificate of Water Right issued under Permit No. 21710 confirming the right of Middleton & Haynes to the use of .5 second foot of the waters of a well located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 14, Township 11 South, Range 19 East, B.M., with priority of September 20, 1950, for the irrigation of the same subdivision.

We also enclose departmental receipt No. 28015 for the \$2.00 license fee.

In regard to the Assignment as mentioned in your letter of June 15, we wish to state that when a Permit has gone to license, the water right is transferred the same as real property and an Assignment is not required to be recorded in this department.

Gentlemen:

I evidently forgot to mention in my letter that the property watered from this well was sold under the terms of an escrow agreement.

I will, therefore, have the assignment of the permit executed and deposit the same with the escrow holder. It is requested that you forward the license to me in order that I may include the license with the other papers in escrow.

I do not wish to record the assignment until such time as the purchase price is paid in full.

Dear Mr. Blandford:

We acknowledge receipt of your letter of June 11, 1956, with check in the amount of \$2.00 enclosed, for the License on the above captioned Permit.

However, if the land to be watered from this well has been sold and you wish an Assignment made on same, it will be necessary for Hiddleston & Haynes to fill in and sign the enclosed Assignment and return to this Office at once.

We will retain the check in this Office until the Assignment has been recorded and then the License will be issued in the name of the new owner.

There will be an additional 50¢ fee for recording Assignment.

Re: Permit No. 21710

Gentlemen:

I have your letter of June 5th, advising me that the examination of your field engineer for beneficial use on the above permit had been completed and that the license could be issued upon receipt of the fee amounting to the sum of \$2.00.

I am enclosing J. T. Haynes' check in that amount in payment for the same.

The land irrigated by the water from this well was sold under the terms of an escrow agreement to Roger A. Tolman and June Tolman, husband and wife and Earl R. Watts and Lova Watts, husband and wife on April 9, 1956. Do you have special forms to complete the assignment of the water right under this permit to the new purchasers; if so, please forward two copies of the same to me. If you do not have such forms, and it is not necessary to use Department of Reclamation forms, I will prepare the same myself.

Gentlemen:

I am in receipt of your letter of April 11th concerning Permit No. 21710.

I thought I would advise you that the land to be irrigated by this well was recently sold under the terms of an escrow to Roger A. Tolman and Earl R. Watts. Mr. Tolman and Mr. Watts live on land adjoining the land which was to be irrigated by the water applied for under Permit No. 21710. I thought I would advise you of this fact, inasmuch as it is necessary for your inspector to contact the owner or a representative thereof. Of course, the title to the property will not be transferred until the balance of the purchase price is paid in full and Mr. Haynes and Mr. Hiddleston are still both legal owners.

Mr. Haynes' address is Box 563, Rupert, Idaho and Mr. Hiddleston's address is Box 564, Rupert, Idaho.

Dear Mr. Blandford:

License on the above captioned Permit has not yet been issued because an Inspection Report has never been turned in by the Inspecting Engineer.

A check with him reveals that it was not possible for either of the owners or a representative of them to be present at a time that was set for inspection. Consequently an inspection was not made.

An inspection will be made during this coming season when the Inspector is regularly in that area if some one is there to represent the owner.

Gentlemen:

We acknowledge receipt of the depositions of yourselves and two witnesses together with affidavit of publication in the Twin Falls Times News all submitted in proof of beneficial use on Permit No. 21710.

If you will refer to office letter of May 24th, you will note that we said that if these proofs were made at the time advertised, we could accept them at the present time. However, we note that these proofs are dated May 27, 1955 and not December 10, 1953 as advertised.

However, we will still accept them provided the Notary Public, Mr. C. D. Hiatt will furnish his own affidavit stating that his office was open on December 10, 1953, the date set for proof and that no protests were filed, if such is the case, and that the taking of the proofs was postponed to May 27, 1955.

Meanwhile, we return your Certificate of Completion of Works which was enclosed in your letter and we also return your receipted bill for cost of publication which you will doubtless wish to keep in your own files.

Gentlemen:

We have your letter of May 20th in reply to office letter addressed you on May 4th calling attention to the fact that we had not received the proof of beneficial use advertised to be made on your Permit No. 21710 on December 10, 1953.

We are not quite sure from your letter whether these proofs were made at the time advertised but have been misplaced and were, therefore, not transmitted to this department.

If that is the case, they may be forwarded now together with the affidavit of publication which the Twin Falls Times News was instructed to send you.

On the other hand, if the proofs were not made at the time scheduled it will be necessary to set another date for making the proofs and republish.

Gentlemen:

We acknowledge receipt of your affidavit in proof of completion of works on Permit No. 21710, also duplicate notice of beneficial use proof to be made on this permit October 22, 1953.

As these papers did not reach us until October 23, it is obviously impossible to have the notice published for four weeks prior to October 22, the date set for proof. If you will set a later date, far enough ahead to allow for the statutory four weeks publication, we shall be glad to complete the notice and send a copy to the Twin Falls Times News with instructions in regard to publishing.

Meanwhile, we return your proof of completion of works for the following corrections:

1. Paragraph 3 should give the point of diversion by legal subdivision, section, township and range.
2. Question 7 should give the amount of water the works are capable of conducting to the place of intended use.
3. Under Question 9, give the size and depth of the well, also of the casing and if a pump has been installed give the kind and power of same.

Dear Sirs:

completion of works and

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 21710. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than July 1, 1953, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

Dear Mr. Hiddleston:

In reply to your letter of September 9, 1950, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same.

This same form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.
