

45-02339

State of Idaho
License and Certificate of Water Right

Water License No. 21649 Amount 3 second feet
Water District No. Priority August 9, 1950

THIS IS TO CERTIFY that R. O. HATCH
of Burley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 9, 19 50 ; that Permit No. 21649
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3 second feet, was issued thereunder on June 9, 19 51, showing that said works
were completed on the 22nd day of May, 19 51 ; and that on the 24th
day of August, 19 51,
R. O. HATCH
of Burley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, ~~subterranean~~ (subterranean flow), for the purpose of irrigation
, under Use Permit No. 21649 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4940, on the 10th day of July, 1952 ;
The right hereby confirmed dates from August 9, 19 50 ;
The Point of Diversion is located in Lot 2, or
in the NW 1/4 NE 1/4, Sec. 3, Tp. 11 S., R. 22 E., B. M. Cassia County
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed Three (3) cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	22 E.	3	Lot 1 (NE 1/4 NE 1/4)	40	35.65
			Lot 2 (NW 1/4 NE 1/4)	40	38.96

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29362
PERMIT No. 21649
DISTRICT No.

1. Name of Applicant: R. O. HATCH

Postoffice address: Burley

County: Cassia

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: 220 inches or 4.4 cubic feet per second.

3. Source of water supply: Subterranean supply from a well which is a tributary of

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B. M., and is in the Southwest corner of Lot 2 (NW $\frac{1}{4}$ NE $\frac{1}{4}$)

of Section 3 , T. 11 S. , R. 22 E. , B.M., County of Cassia

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 6,000.00

8. Kind of works: Well, pump and ditches to lands to be irrigated.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 feet; width at water line 6 feet; depth of water 5 feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Three months ~~XXXX~~ if winter permits

13. The time required for the complete application of the water to the proposed use is Three (3) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: All of the above described lands are arid and have no water right, with the exception of three acres which can be irrigated from your (?) irrigation canal. (See Permit No. 21254

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

R. O. HATCH

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. August 9, 1950

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 21649
Recorded in Book 77 Page 21649 Approved August 11, 1950
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and
hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ _____ to be filed on or before _____
Work to begin on or before October 11, 1950 and to continue diligently and uninterruptedly to completion,
unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before February 11, 1951
The whole of said work to be completed on or before August 11, 1951
Beneficial use of water appropriated in accordance herewith, to be made on or before August 11, 1954

WITNESS My hand this 11th day of August, 1950

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, WE, C. A. ROBINS, Governor of the State of Idaho,
and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to
be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 16th
day of August, 19 50.

RE: Permit No. 21649

Mr. R. O. Hatch
1618 Conant Avenue
Burley, Idaho

Dear Mr. Hatch:

We now have on file the report of our field engineer on examination for beneficial use under Permit No. 21649. This report shows that you have irrigated approximately 213 acres in Lots 1 and 2, SW $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ and the E $\frac{1}{2}$ NW $\frac{1}{4}$ Section 3, Township 11 South, Range 22 East, B.M.

Therefore, upon receipt of the statutory fee of \$12.00, which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a license will be issued for 3 second feet of water from your well in Lot 2 of said section.

Very truly yours,

T. = 56° F

Q = 3.09 cfs.

x This is the address on his permit, but he writes on the letter head of the Burley Sugar Factory, of which he is local manager,

Form 23

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21649

This proof is for Beneficial use In Water District No.

1. Name of applicant R. O. Hatch, 1618 Conant Avenue, Burley, Idaho x

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ (or Lot 2) of Section 3

T. 11 S. R. 22 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: Drilled well 371' by 16", casing 14" by 350'. 62' by 12" casing rests on bottom of well. Static h. is 280'. Draw down 2'. 7 stage, 12" bowls, 8" column. Discharge pipe 10" in diameter, discharging into a standpipe 3" by 24" square. There is a concrete pipe 1320' long by 14" in diameter that delivers water 10' higher than the pump. Discharge pipe is 10" in diameter. Pump is Layne Bowler No. 16116. Motor is G. E. 125 hp. No. U.F.J. 6799469. 3 phase, 440 V. 150 amps. 1770 r.p.m. G. E. Switches and controls. 8'x 9' pumphouse with concrete floor.

5. Water is used for: Irrigation.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lots 1, 2, SW $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 3, Twp. 11 South, Range 22 East, B.M.

E $\frac{1}{2}$ NW $\frac{1}{4}$ Section 3, Twp. 11 South, Range 22 East B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: The 62' of 12" casing rests on the bottom of the well. The greater part of this casing is inside of the 14" casing. It was through mishap that this 12" casing is where it is and it seems as though it cannot now be removed.

This examination was made on the 20th day of June, 1952.

RE: Permit No. 21649

Mr. R. O. Hatch
1618 Conant Avenue
Burley, Idaho

Dear Mr. Hatch:

We acknowledge receipt of your letter of September 17, 1951, enclosing affidavit of publication in the Burley Herald, which with the depositions previously received, complete your proof of beneficial use under Permit No. 21649.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

Nitrate. Nitrate Public Grant will be submitted of the application to non-official use of these public feet per second of the subterranean water pumped from well in accordance with the terms and conditions of Permit No. 21418 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are R. O. Hatch, Burley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used is Lot One, Lot Two, the Southeast Quarter of the Northeast Quarter, South Half of the Southeast Quarter of the Northeast Quarter of Section Three, Township Eleven, South, Range Twenty-two, East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is pipe and open ditch.

The right to take water from such works is based upon Permit No. 21418.

The source of supply from which such water is derived is a well in the southeast corner of the Northwest Quarter of the Northeast Quarter of Section Three, Township Eleven, South, Range Twenty-two, and is also situated in the Southwest corner of Lot Two, Section Three, Township Eleven, South, Range Twenty-two.

The date of priority which said user is prepared to establish is June 14, 1951.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at ten A. M. on the 13th day of July, 1951, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the application to beneficial use of three cubic feet per second of the subterranean water pumped from well in accordance with the terms and conditions of Permit No. 21649 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are R. O. Hatch, Burley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used is Lot One, Lm Two, the Southwest Quarter of the Northeast Quarter, South Half of the Southeast Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is pipe and open ditch.

The right to take water from such works is based upon Permit No. 21649.

The source of supply from which such water is diverted is a well in Southwest corner of the Northwest Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, and is also described as the Southwest corner of Lot Two, Section Three, Township Eleven South, Range Twenty-two.

The date of priority which said user is prepared to establish is August 9, 1950.

A F F I D A V I T

This is to certify that on the 13th day of July at the time set for Proof of Application of Water to Beneficial Use on permit number 21649, the office at which all protests were to be filed and received was open at the date and time specified and that no protests were filed at the time set for Proof of Water to Beneficial Use, and that proof was postponed until a later date because of the fluctuation in the water being pumped from the well.

Harman H. Wilson

Subscribed and sworn to before me this 11th day of September, 1951.

A. H. Wilson

Notary Public in and for Idaho,
residing at Burley therein.

21649

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21649

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. R. O. Hatch; Burley, Idaho; Superintendent of the Amalgamated Sugar Company,
Burley, Idaho; 1618 Conant Avenue, Burley, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21649; August 11, 1950; date of permit; and January 1, 1951, date of priority

Water was used to soak ground which had been subsoiled.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Said well is located 1089 feet South and 25 feet east of the Northwest Quarter
of the Northeast Quarter of Section 3, Township 11 South, Range 22, E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Subterranean well, 150 inches of water can be conveyed from the point of
diversion to the place of use; water is conducted through a large underground cement
pipe; conveys water from the point of diversion approximately 1320 feet west of the
point of diversion; open ditches convey the water from the diversion point to the
balance of the irrigated land. Said well is 371 feet deep water pumped from a
distance of 300 feet. 16 inch casing for 64 feet, 14 inch liner inside 16 inch casing for
distance of 300 feet. Well produces 150 inches of water measured by the use of a weir.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water diverted from said well is used for the purpose of irrigating all of
the Northeast Quarter of Section 3, Township 11 South, Range 22, E. B. M.
and the East half of the Northwest Quarter, Section 3, Township 11 South, Range 22,
E. B. M. Said land is under cultivation and not meadow land; said land has been
improved from sagebrush waste land to a cultivated crop land which grows 80 acres
of grain, 50 acres of potatoes, 40 acres of peas, and 40 acres of beets.

21649

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The water diverted from the use of the well is almost adequate to irrigate the 220 acres profitably.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was first used to irrigate said crops on the 22nd day of April, 1951, approximately 150 inches was the amount used for the said irrigation; since that time the full flow from the well has been used in the irrigation of the crops on the land set out in this deposition.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Only the water which has been diverted from the well under the aforementioned permit has been diverted and no other waters have been used or diverted to the beneficial use of the land described in this deposition.

(Sign) *Robert Paul Hatch*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia, State of Idaho, on this 24th day of August, A. D. 1951.,

Harman H. Nelson

My commission expires May 12, 1954.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21649

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. R. O. McCulloch; 67 years of age; 1443 Conant Avenue, Burley, Idaho;
Field man for Amalgamated Sugar Co.

Ques. 2. Are you acquainted with R. O. Hatch, the
holder of Permit No. 21649? How long have you known him and where does
he reside?

Ans. For a period of thirteen years. His residence is Burley, Cassia County,
Idaho

Ques. 3. Have you read or heard read said Permit No. 21649, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean well Southwest corner of the Northwest Quarter of the North-
east Quarter, Lot 2, Section 3, Township 11 South, Range 22, East of the
Boise Meridian, large underground cement pipe / ^{carries} water from a point of
diversion approximately ^{hundred} 13 feet west of point of diversion, open ditches
convey the water from the diversion point to the balance of the irrigated land.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately three second - have seen three second feet being conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 150 miner inches; said flow having been measured by the use of a weir

21649

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water being used for irrigation; said water irrigates the Northeast Quarter and the East half of the Northwest Quarter, Section 3, Township 11 South, Range 22, East of the Boise Meridian; said land contains 220 acres; all land is cultivated; land has been improved from sagebrush waste land to cultivated crop land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land since leveling is a flat, sandy loam soil and the amount of water produced by said well appears to be sufficient.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The full amount of the 150 inches of water has been applied to beneficial use in the irrigation of the land set ^{out} in this deposition. I have observed 80 acres of grain, 50 acres of potatoes, 40 acres of peas, and 40 acres of beets growing as a result of the application of this water to beneficial use.

(Signed) BOMZullock

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Norman H. Nielson, County of Cassia, State of Idaho, on this 24th day of August, A. D. 19 51.

RE: Permit No. 21649

Messrs. Nielson & Nielson
Attorneys at Law
Burley, Idaho

ATT: Norman H. Nielson

Dear Mr. Nielson:

We acknowledge receipt of your letter of September 7, 1951, enclosing depositions of R. O. Hatch and two witnesses, submitted in proof of beneficial use under Permit No. 21649. We return the depositions herewith for the following corrections.

1. Question 4 of the deposition of the holder should be answered describing the source and the location of the point of diversion.

2. Your certificate on the depositions of the two witnesses fails to state the date when the depositions were signed. If this was at a later date than July 13, 1951, the date given in the published notice, the proof should be accompanied by your affidavit stating that the office was open at the time set for proof, that no protests were received (if such is the case) and that proof was postponed until a later date for the reasons stated.

The affidavit of publication from the Burley Herald is a necessary part of this proof. The newspaper was instructed to send this affidavit to Mr. Hatch, and if he has not received it, the matter should be taken up with them promptly.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

Enclosed you will find the proof of application of water to beneficial use. The deposition of the holder as well as the deposition of the two necessary witnesses to the proof are enclosed, and if there is any additional information that you wish in this matter, would you please inform this office?

The reason the depositions were not sent in earlier was due to the fluctuation of the water in the well. It was necessary for the fluctuation to settle before an accurate reading could be made on the weir.

Very truly yours,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at ten A. M. on the 13th day of July, 1951,
at Burley, County of Cassia, State of Idaho, before
Norman H. Nielson, Notary Public, proof will be submitted of the
application to beneficial use of three cubic feet per second of the ~~surface~~ subterranean water
pumped from well in accordance with the terms and conditions of Permit No. 21649
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
R. O. HATCH , Burley, Idaho.

The use to which said water has been applied is irrigation

The amount applied to beneficial use is three cubic feet per second

The place where said water is used ~~is for irrigation, give full and accurate description of the~~
~~lands irrigated~~ Lot One, Lot Two, the Southwest Quarter of the Northeast Quarter,
South Half of the Southeast Quarter of the Northeast Quarter of Section Three,
Township Eleven South, Range Twenty-two, East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is pipe and open ditch

The right to take water from such works is based upon Permit No. 21649
a well in

The source of supply from which such water is diverted is Southwest corner of the North-
west Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range
Twenty-two, and is also described as the Southwest corner of Lot Two, Section Three,
Township Eleven South, Range Twenty-two.

The date of priority which said user is prepared to establish is ~~August 2, 1950~~ August 9, 1950

MARK R. KULP
State Reclamation Engineer.

Attention: Jeanne L. Anderson
Chief Clerk

Dear Miss Anderson: Re: Permit No. 21649
 R. O. Hatch

Thank you for your letter of June 5th in regard
to the above permit.

The land described in this permit, is also to be
included in the Proof of Completion of Works and also in the Notice
of Proof of Application of Water to Beneficial Use.

The fact that the East Half of the Northwest Quarter
of Section Three, Township Eleven South, Range Twenty-two, East Boise
Meridian, was left out of the above mentioned forms, was an error on
my part.

Would you please reinstate the East Half of the
Northwest Quarter in the Proof of Completion of Works and also in
the Notice of Proof of Application of Water to Beneficial Use, and
then advertise the same.

Very truly yours,

Permit No. 21649

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Cassia

ss.

R. O. HATCH

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 21649, and that his postoffice address is Burley, Cassia County, State of Idaho.

Second: That the name of the stream which said water is to be directed is subterranean water pumped from well

Third: That the point of diversion of said water is Southwest corner of the Northwest Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, and is also described as the Southwest corner of Lot Two, Section Three, Township Eleven South, Range Twenty-two.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 11th, 1951.

Fifth: That the use for which said water is intended is irrigation of 220 acres

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: well for irrigation operated by electricity

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: Pipe & open ditch

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line

(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use three second feet of water.

Eighth: That water appropriated under said permit is available for 220 acres acres of land described as follows: Lot One, Lot Two, the Southwest Quarter of the Northeast Quarter, South Half of the Southeast Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, East Boise Meridian.

Ninth: Remarks: That the well has been pumped continuously for ten days during the month of January 1951, said well is operated by a 125 h.p. Layne & Bowler pump, said well is approximately 371 feet deep. The casing is down 350 feet and is a 16" casing. Said well is the size of the casing shown. Said water is pumped from a distance of 290 feet.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. R. O. Hatch

Burley, Idaho

Boise, Idaho **June 1, 1951**

Dear Sir:-

Under the terms of your Permit No. ~~21649~~..... you are required to complete your diversion works on or before August 11, 1951..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intened use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Attention: Mark R. Kulp
State Reclamation Engineer

Dear Sir:

We are submitting Application for Permit for R. O. HATCH of
Burley, Idaho.

A prior application was made for a well on the property described
in this permit, but the well was dug so crooked that to date the well has
been abandoned and cannot be used unless a lot of work is done to put it
in such condition that a pump could be installed in said well.

Therefore, this application is being made for a new well on the
property described in this application. There has also been added eighty
(80) acres in addition to the property which was described in the first
Application for Permit.

Enclosed you will find a check in the amount of \$6.00.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL
USE.**

Notice is hereby given that at ten A. M. on the 13th day of July, 1951, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the application to beneficial use of three cubic feet per second of the subterranean water pumped from well in accordance with the terms and conditions of Permit No. 21649 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are R. O. Hatch, Burley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used is Lot One, Lot Two, the Southwest Quarter of the Northeast Quarter, South Half of the Southeast Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, East Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is pipe and open ditch.

The right to take water from such works is based upon Permit No. 21649.

The source of supply from which such water is diverted is a well in Southwest corner of the Northwest Quarter of the Northeast Quarter of Section Three, Township Eleven South, Range Twenty-two, and is also described as the Southwest corner of Lot Two, Section Three, Township Eleven South, Range Twenty-two.

The date of priority which said user is prepared to establish is August 9, 1950.

MARK R. KULP
State Reclamation Engineer.
Published in the Burley Herald,
June 11-21-28, July 15, 1951.
